# EVERY SECOND COUNTS!

# PLAN 2 WAYS OUT!

## If a fire occurred in your home tonight would your family get out safely?

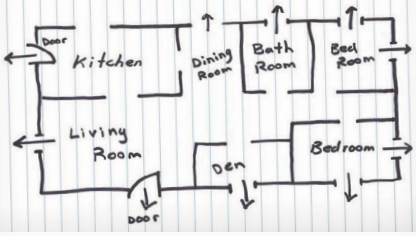
A fast, pre-planned escape is critical to survival.

There are **no second chances** in a fire.

## Follow these simple steps:

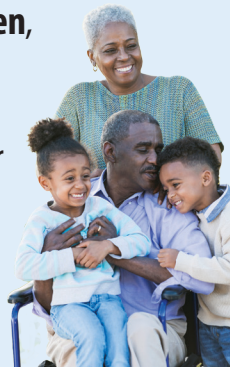
Test your smoke alarms– **every month!**

Discuss with everyone in your home how each person will get out in a fire. **Practice your plan!**



Know **two ways** out of each room, if possible.

Determine who's going to help **young children**, **older adults**, **people with disabilities** or anyone else who needs help escaping.



Have a **meeting place** outside your home.

Call **9-1-1** or your **emergency number** from outside the home.

**GET OUT, STAY OUT!**
***Never*** re-enter a burning building!

**EVERY SECOND COUNTS!**
Fire and smoke can travel so quickly that despite their best efforts, firefighters may not be able to rescue you or your family if a fire occurs in your home. You **need** to be *out of your home* when the firefighters arrive!

## For more information, contact your local fire department.
