

CITY OF MISSISSAUGA – NOTICE OF PUBLIC INFORMATION CENTRE

Municipal Class Environmental Assessment Study for the extension of Square One Drive

WHAT?

- The City of Mississauga has started studying the extension of Square One Drive, from Rathburn Road West to Confederation Parkway, as part of a study called a Class Environmental Assessment (Class EA).
- Two new intersections – one with Confederation Parkway, and another with Rathburn Road West – would be required for the roadway extension.

WHY?

- To improve access to, from, and within downtown Mississauga, and areas beyond.
- To support “multi-modal” transportation and encourage opportunities to travel by walking, cycling, and transit.
- To create a finer street grid in downtown Mississauga with an urban scale, more walkable blocks, new routing options for local trips, and better transit access.

WHERE?

GET INVOLVED!

- Consultation is an important part of the Class EA process. During the study, the Project Team will contact various agencies, as well as members of the community who live and/or work near the study area (called stakeholders). Their opinions will be considered as part of any decisions that are made.
- Two workshops (called Public Information Centres, or PICs) will take place so that attendees can review study progress, and discuss any questions or comments with the Project Team directly.
- At PIC #1, the Project Team will present information on the study area as it is today, preliminary concepts for the extension of Square One Drive, the Project Team’s evaluation of those concepts, and upcoming study activities.

WE WANT TO HEAR FROM YOU – PLEASE ATTEND PUBLIC INFORMATION CENTRE #1!
