Ms. Valeriya Danylova, P. Eng.  
City of Mississauga  
Transportation and Works Department  
201 City Centre Drive, Suite 800  
Mississauga, Ontario L5B 2T4

Dear Ms. Danylova:

**Subject: Discharge to Storm Sewer  
5150 Ninth Line, Mississauga ON  
Mattamy (5150 Ninth Line) Limited  
File No.: OZ 19 18 & 21T-M 19 6**

As an authorized representative of the owner of the subject property as referenced above, I, Tim Warner of Mattamy (5150 Ninth Line) Limited, am aware of the City of Mississauga ("City") [Storm Sewer Use By-law No. 259-05](#) and do commit to apply for and obtain a Temporary Storm Sewer Discharge Approval from the Transportation and Works Department, before any discharge occurs from the subject property to the City's storm sewer system.

I acknowledge that the City requires a plan and supporting documentation to ensure that any discharge of groundwater and surface water to the storm sewer system will at all times comply with the City of Mississauga Storm Sewer Use By-law No. 259-05.

When details regarding discharge become available, then I, or my designate, will send an e-mail to [env.inquiries@mississauga.ca](mailto:env.inquiries@mississauga.ca) with "Discharge Approval Request" in the subject line, and work with the Transportation and Works Department to acquire the correct approval prior to discharge. I understand that the discharge approval requires the collection and laboratory analysis of water quality samples and that it could take approximately one to two weeks to coordinate the approval and will therefore contact the addressee with sufficient lead time prior to any discharge.

I further acknowledge that I will need to provide a Dewatering Discharge Plan prior to approval of a Shoring Permit or prior to construction dewatering activities where water will be discharged to the storm sewer system.

I certify that I have authority to sign on behalf of the above-mentioned company.

Signature: 

Title: A.S.O, Senior Vice President
