
Residential Swimming Pool Installation

Notice

During these unprecedented times, we are following the Provincial Government framework for reopening at a gradual, staged approach to loosening emergency conditions and restart the economy; more specifically regarding Construction as outlined in the List of Essential Workplaces:

Construction

- 27. *Construction activities or projects and related services that support construction, including demolition services*
- 28. *Land surveyors*

Sections 29-31 previously listed specific construction activities that were authorized to operate. As restrictions are being lifted, these sections are no longer necessary and have been removed.

The Compliance & Licensing Enforcement section of Transportation & Works department at the City of Mississauga is now accepting Swimming Pool Enclosure applications. Please refer to the Swimming Pool and Hot Tub Installation guide found on the City of Mississauga Residential Pool Installation web page: <http://www.mississauga.ca/portal/residents/poolinstallation> for the step by step process.

Due to COVID related circumstances, staff are working remotely and therefore we ask that you follow the process below:

- 1) Provide all required documents as outlined in the Swimming Pool and Hot Tub installation Guide in PDF format.
- 2) Email bylaw.enforcement@mississauga.ca attaching all required documents. In the subject line of your email note the **municipal address / Swimming Pool** e.g. (123 Any Street / Swimming Pool)
- 3) The original signed **Swimming Pool Enclosure Inspection Request** and **Statutory Declaration** must be mailed together with a cheque in the amount of **\$348.04** (\$308.00 + \$40.04 hst) for payment of the swimming pool enclosure inspection fee to:

Compliance & Licensing Enforcement
City of Mississauga
300 City Centre Dr.
Mississauga ON L5B 3C1

We will endeavor to process your application as soon as possible.

WE DO NOT HAVE A DROP BOX

City of Mississauga Offices are closed until further notice.
