2. That Council endorse that the "Annual Treasurer's Statement Report: Summary of Activity in 2018" complies with the reporting requirements of the *Development Charges Act, 1997* and the *Planning Act*.
3. That the City of Mississauga's "Annual Treasurer's Statement Report: Summary of Activity in 2018" be made available to the public on the City of Mississauga's website.

## Report Highlights

- Legislative requirements in the *Development Charges Act (DC Act)* and the *Planning Act* require the Treasurer of the municipality to provide Council with a financial statement each year for the Development Charges (DC), Bonus Density (Section 37) and the Cash-in-Lieu of Parkland (CIL) reserve funds and a listing of DC/Lot levy credits.
- The Treasurer's Annual Statement summarizes the financial activities related to these reserve funds and DC/Lot levy credits for the 2018 fiscal year.
- The DC reserve fund opening balance for 2018 was \$40.1 million. The City collected \$61.7 million in DC revenue and funded \$15.6 million in capital projects for growth-related capital assets. The closing balance was \$87.9 million at the end of 2018.
- The City collected \$23.3 million in CIL-Parkland revenue during 2018 and funded capital assets of \$6.3 million in 2018. The closing balance of the CIL-Parkland reserve fund after all transactions was \$104.0 million.
- The Bonus Density (Section 37) reserve fund had an opening balance of \$1.5 million in

2018, received \$1.3 million through Section 37 agreements during the year and funded capital assets of \$0.7 million in 2018. The closing balance at the end of 2018 was \$2.2 million.

- This report is compliant with both the *DC Act* and the *Planning Act*.

## Background

The *Development Charges Act, 1997 (DC Act)* section 43(1), (2) and the *Planning Act* section 37(7), (8) and section 42(17), (18) require the Treasurer of the municipality to provide Council with an annual financial statement for activities related to its DC, Bonus Density (Section 37) and Cash-in-Lieu of Parkland Reserve Funds and DC/Lot Levy credits.

## Comments

This report has been prepared to comply with the legislative requirements in the *DC Act* and the *Planning Act*. A summary of reserve fund activities during 2017 and 2018 is contained within the body of this report for Council's information. The report appendices have been prepared to comply with the reporting requirements as contained in each of the Acts.

The Statement of Compliance found in Appendix 6 is a legislative requirement that came into effect on January 1, 2016. This statement requires the municipal Treasurer to indicate that no additional levies have been collected by the City beyond those allowed under existing legislative acts.

### **Development Charges (DC) Reserve Fund Activity**

Table 1 summarizes DC Reserve Fund activity. A significant amount of development occurred during 2018. DC revenue of \$61.7 million was received in 2018. This is \$25.7 million more than the \$36 million collected in 2017. Interest earned is \$0.7 million more in 2018 than in 2017, due to the higher balance in 2018.

The allocation of DC revenue to growth-related capital projects in 2018 was \$28.4 million, a decrease of \$21.7 million from the 2017 DC allocations to capital projects. About 60% of the \$28.4 million was for road and road-related infrastructure projects and 28% was for recreation and park development projects.

Total capital expenditures for eligible expenses such as land acquisition, building renovation and equipment repair and replacement was \$8.1 million in 2018 (\$3.1M less than in 2017). ### **Bonus Density (Section 37) Reserve Fund Activity**

The Bonus Density reserve fund was established with the approval of the 2012 Corporate Policy governing the collection of monies related to Section 37 of the Planning Act. The City has collected \$1.3 million in community benefit contributions from development during 2018. A small allocation of \$0.7 million for capital expenditures had been made from this reserve fund in 2018.

### **DC/Lot Levy Credit Activity**

The majority of Lot Levy credits are related to the road and storm services which were waived during the lot levy regime in development agreements. These credits are redeemed when a building permit is issued. The value of each credit is calculated and this amount is transferred from the lot levy reserve funds to the development charge reserve funds to keep DC revenues whole. Appendix 4 summarizes the amount of lot levies held by the City. No credits were redeemed in 2018.

Developers are also entitled to DC credits if they construct infrastructure on behalf of the City. Appendix 5 indicates there was no DC credit activity during 2018.

## **Financial Impact**

There are no immediate financial impacts as a result of the recommendations in this report.

## **Conclusion**

The Annual Treasurer's Statement is required by the *Development Charges Act, 1997* and the *Planning Act*. This report and its accompanying appendices have been prepared for Council's information and to fulfill the legislative and regulatory reporting requirements of the Annual Treasurer's Statement. This statement will be made available to the public on the City's website following Council's approval of the recommendations.
