

CITY OF MISSISSAUGA – NOTICE OF STUDY COMMENCEMENT

Municipal Class Environmental Assessment Study for Sheridan Park Drive Extension

WHAT?

- The City of Mississauga is undertaking a study for the proposed extension of Sheridan Park Drive between Homelands Drive and Speakman Drive.
- The site location and approximate extent of the Study Area are shown on the map.

WHY?

- Complete the road network in the area to improve connectivity in Sheridan Park Corporate Centre (Sheridan Park) and surrounding commercial areas for all users.
- Maximize access to the Sheridan Park (Sheridan Park).
- Improve the pedestrian and cycling network for employees in Sheridan Park and neighbouring residents.

HOW?

- The Study is being carried out in accordance with the requirements of a Schedule B undertaking as outlined in the Municipal Engineers Association *Municipal Class Environmental Assessment Manual* (October 2000, as amended 2007, 2011 & 2015), which is an approved process under the *Ontario Environmental Assessment Act*.
- The study will examine how traffic operates both now and in the future – and determine ways to address existing and future issues. It will also examine the impacts of extending Sheridan Park Drive on the social, cultural and natural environments and develop mitigation measures.
- Several alternatives will be developed and evaluated and refined through community and agency consultation. The Project Team will then select a preferred alternative.
- At the end of the study, a Project File documenting the entire Study process will be available for public review.

GET INVOLVED!

- Consultation is an important part of the Municipal Class EA process. Throughout the Study, the City will make contact with various agencies and members of the community, and consider their opinions as part of any decisions that are made.
- A Public Information Centre (PIC) will be held in Phase 2 to present information related to the study and answer any questions you may have. Details regarding PIC will be advertised publicly and communicated as the study progresses.
