

Stormwater In-class Presentations

The City of Mississauga offers free interactive and informative classroom presentations on stormwater management and stormwater pollution to schools across Mississauga. Students can learn about our waterways, water source (Lake Ontario) and the importance of stormwater in maintaining clean water and a healthy environment.

STORMWATER
is critical to our health
and environment.

Topics include:

- What is our stormwater system and how does it work?
- How water conservation benefits people and ecosystems
- Green infrastructure and how cities can work with natural processes
- Surface and groundwater protection
- Water quality and environmental health

CUSTOMIZED
presentations to suit
your group best.

The presentations are curriculum based and content is customized for students from **Kindergarten to Grade 12.**

You can make a
difference!

**BOOK YOUR
PRESENTATION
TODAY!**

Principals/teachers or community groups can email stormwater@mississauga.ca or call **905-615-3200x3166** to book a presentation.

Interested in the **Yellow Fish Road™** Program?
