

## DRAFT STRATEGIES AND ACTIONS: MANAGEMENT

*Deliverables for this project include two stand-alone documents - the Natural Heritage & Urban Forest Strategy (NH&UFS) and the Urban Forest Management Plan (UFMP). The Strategies are from the NH&UFS, while the supporting Actions are from the UFMP.*

Inspection of plantings

Tree protection measures

Restoration planting in wooded natural area

STRATEGY #10: Pursue opportunities to enhance and expand the Natural Heritage System

STRATEGY #11: Use a range of approaches to improve Natural Heritage System connectivity

STRATEGY #12: Track and recognize naturalization/stewardship initiatives on public and private lands

STRATEGY #13: Develop and Implement Natural Area Conservation Plans

- Action #17: Develop and implement City-owned woodland management through Natural Area Conservation Plans

STRATEGY #14: Develop and implement a targeted urban forest expansion plan

- Action #10: Work with City staff and external partners to implement urban forest expansion

STRATEGY #15: Improve tree establishment practices on public and private lands

- Action #4: Develop consistent and improved City-wide tree preservation and planting specifications and guidelines
- Action #5: Improve the inventory of City street and park trees
- Action #11: Implement improved tree establishment practices
