## **KEEP CHILDREN SAFE:**

from sources of fire.

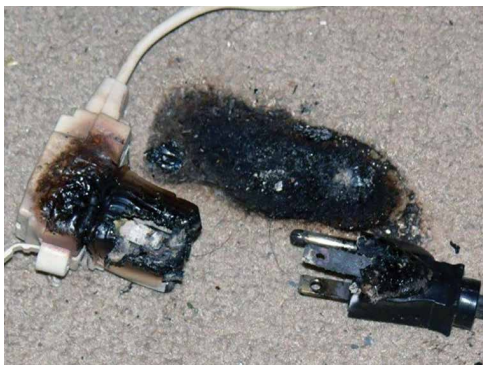

Keep matches and lighters locked up and out of the reach of children.

Never leave a candle burning unattended. Keep out of the reach of children and pets.

## **ELECTRICAL SAFETY:**

always hire a licensed electrical contractor.

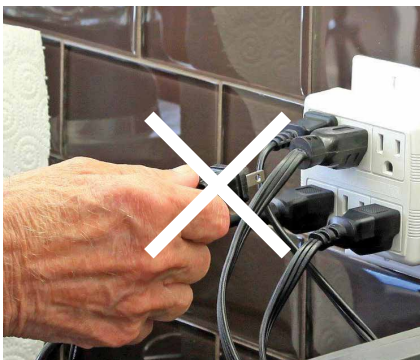

Find a licensed contractor at  
[esasafer.com/consumers/contractorlookup/](https://esasafer.com/consumers/contractorlookup/)

## UNATTENDED COOKING:

is the leading cause of home fires.

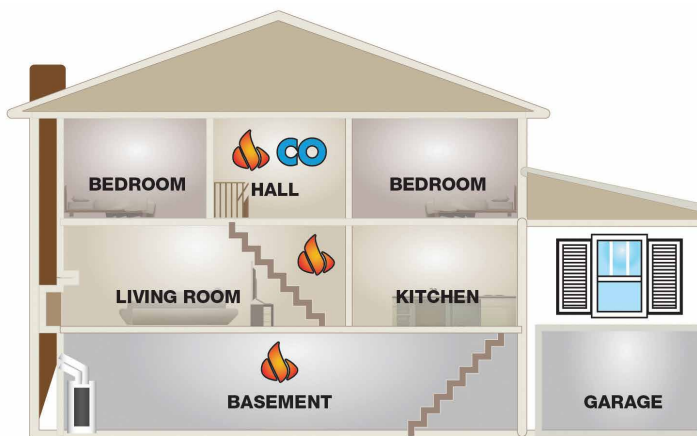

Unattended cooking can easily become this!

**Never** overload electrical outlets.

Learn about fire safety. It is your responsibility.

PREVENTION

## Smoke Alarms

Required on every storey of your home. For added protection, install smoke alarms in every bedroom.

Test your smoke alarm once a month by pushing the test button.

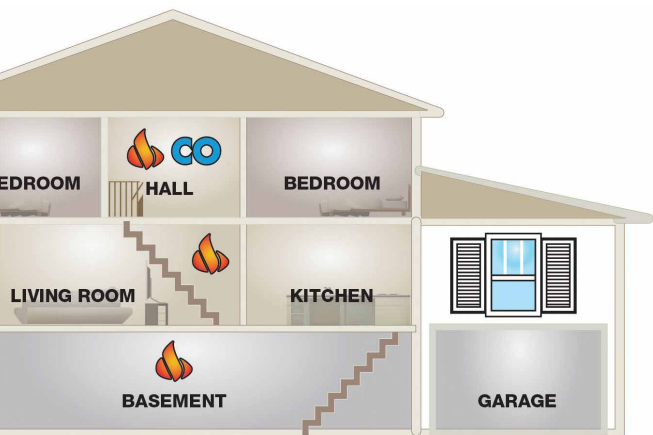

If your smoke alarm requires a battery, change the battery at least once a year, or if the low battery warning beeps.

Replace all smoke alarms every ten years (battery or electric).

If you change one electrical smoke alarm, change them all. Always follow manufacturer's instructions.

**All interconnected alarms must be a compatible make or brand.**

## CO Carbon Monoxide Alarms

Residential occupancies that contain at least one fuel-burning appliance (i.e. gas water heater or gas furnace), fireplace or an attached garage, require the installation of a CO alarm.

The CO alarm must be located adjacent to all sleeping areas of the home.

Always follow manufacturer's instructions for installation and replacement.

CO alarms sound different from smoke alarms when they activate. Everyone in the home should know the difference between the sound of a smoke alarm and sound of a CO alarm.

For added protection, install CO alarms on every storey of your home.

Working smoke and carbon monoxide alarms. It is the law!

DETECTION

**LEARN FIRE SAFETY TIPS:**  
by visiting [mfeshomesafehome.ca](http://mfeshomesafehome.ca)  
There, you can play kids games and  
download our activity book.

<b>JUNIOR FIRE INSPECTOR SAFETY LIST</b>	<b>CHECK</b>	
	<b>YES</b>	<b>NO</b>
<i>IT IS DANGEROUS FOR CHILDREN TO PLAY WITH LIGHTERS OR MATCHES.</i>		
<i>IF I SEE LIGHTERS AND MATCHES, I TELL A GROWNUP RIGHT AWAY.</i>		
<i>I KNOW THAT LIGHTERS AND MATCHES ARE TOOLS FOR ADULTS.</i>		
<i>WE HAVE SMOKE ALARMS ON EVERY STOREY OF OUR HOME.</i>		
<i>WE TEST OUR SMOKE ALARMS EVERY MONTH.</i>		
<i>WE CHANGE THE BATTERIES IN OUR SMOKE ALARMS ONCE A YEAR.</i>		
<i>WE HAVE A CARBON MONOXIDE ALARM IN OUR HOUSE.</i>		
<i>OUR FAMILY HAS A HOME ESCAPE PLAN.</i>		
<i>WE KNOW 2 WAYS OUT OF OUR HOUSE.</i>		
<i>WE HAVE A SAFE MEETING PLACE OUTSIDE OUR HOME.</i>		
<i>ONCE OUTSIDE, WE KNOW NOT TO GO BACK INSIDE.</i>		
<b>MY EMERGENCY # IS _ _ _</b>		

**MAKE AN ESCAPE PLAN:**  
with everyone who lives in your home.

**Everyone should know:**

- Two ways out.
- Where the meeting place is **outside the home**.
- Once outside, **never go back** inside for anything.
- CALL 9-1-1 from a neighbour's home.
- If you have to escape through smoke:  
**get low & go!** Crawl under the smoke.

Know two ways out and have a meeting place outside.
