

DID YOU KNOW...

100% of every licence fee helps us provide shelter for lost animals and fund education and enforcement to promote responsible pet ownership and safe communities.

Your pet's licence is their identification - vital information that can help bring them home. In many cases, Animal Services Officers can bring them right to your door!

Pet licensing helps contribute to our high return rates for lost pets every year.

ISN'T A MICROCHIP ENOUGH?

Microchips are forms of information - but they are not foolproof! In fact, they often fail.

Information in a microchip is often not current or is not accessible when the animal is lost on weekends or late at night. Unlike rabies tags and microchips, the MY PET licence can be traced 24-hours a day to ensure your pet can be safely returned home!
