

CITY OF MISSISSAUGA NOTICE OF STUDY COMPLETION

Municipal Class Environmental Assessment Study for Courtneypark Drive East

THE STUDY:

In partnership with the Region of Peel, the City of Mississauga has completed a Class Environmental Assessment (Class EA) study, including Preliminary Design, for Courtneypark Drive East, between Kennedy Road and Dixie Road (see map). In light of current roadway conditions, the intent of this study was to address network demand challenges, identify/address safety concerns, accommodate active transportation measures, and rehabilitate the pavement surface. The overall impact of such improvements on the social, cultural, and natural environments was also analyzed, including potential impacts to adjacent properties along the road.

THE PROCESS:

The study was carried out in accordance with the planning and design process for Schedule 'C' projects, as outlined in the "Municipal Class Environmental Assessment" document (October 2000, amended in 2011), which is approved under the Ontario *Environmental Assessment Act*. The Class EA process includes public and agency consultation, an evaluation of alternative solutions and alternative design concepts, an assessment of potential impacts associated with the proposed improvements, and development of measures to mitigate.

A Notice of Study Commencement was issued on November 13, 2013, Public Information Centre #1 was held on June 26, 2014, and Public Information Sessions (in lieu of Public Information Centre #2) were held between September 29 and October 3, 2014. Following the Public Information Sessions, the Preferred Alternative Design was reviewed in light of the comments received and modified as required. The resulting Preferred Alternative Design for Courtneypark Drive East, between Kennedy Road and Dixie Road, generally consists of the following:

- widening from 4 to 6 through lanes, by adding 1 lane in each direction;
- construction of a new 1.5 m sidewalk and 3.5 m multi-use trail;
- improvements at various intersections, including new turning and transit lanes;
- upgrading the partial interchange with Highway 410 to a full movement interchange (per MTO's approved 2010 Transportation Environmental Study Report).

ENVIRONMENTAL STUDY REPORT:

The Environmental Study Report (ESR) has been prepared to document the planning and decision-making process that was followed during this study. By this notice, the ESR is being placed on the public record for a 30-day review period beginning on November 16, 2015, in accordance with the Municipal Class EA requirements. The ESR is available for review at the following locations:

**The City of Mississauga
City Clerk's Office**
300 City Centre Dr
Mississauga, ON L5B 3C1
Monday-Friday, 8:30am-4:30pm

**The Region of Peel
Clerk's Division**
10 Peel Centre Dr
Brampton, ON L6T 4B9
Monday-Friday, 8:30am-4:30pm

Courtneypark Library
730 Courtneypark Dr W
Mississauga, ON L5W 1L9
Monday-Friday, 8:00am-9:00pm

If you have questions or comments regarding the study and/or the ESR, please contact the City of Mississauga's Project Manager, Dana Glofcheskie, P.Eng. (see contact information below). If concerns regarding this study cannot be resolved in discussion with the City of Mississauga, a person or party may request that the Minister of the Environment and Climate Change make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order). Requests for a Part II Order must be received by the Minister, at the address below, by December 15, 2015. A copy of the request must also be sent to the City of Mississauga's Project Manager. If no requests are received by December 15, 2015, the City of Mississauga intends to proceed with detailed design and construction as outlined in the ESR.
