

# BURNHAMTHORPE ROAD EAST RECONSTRUCTION INFORMATION SESSION

November 9, 2017

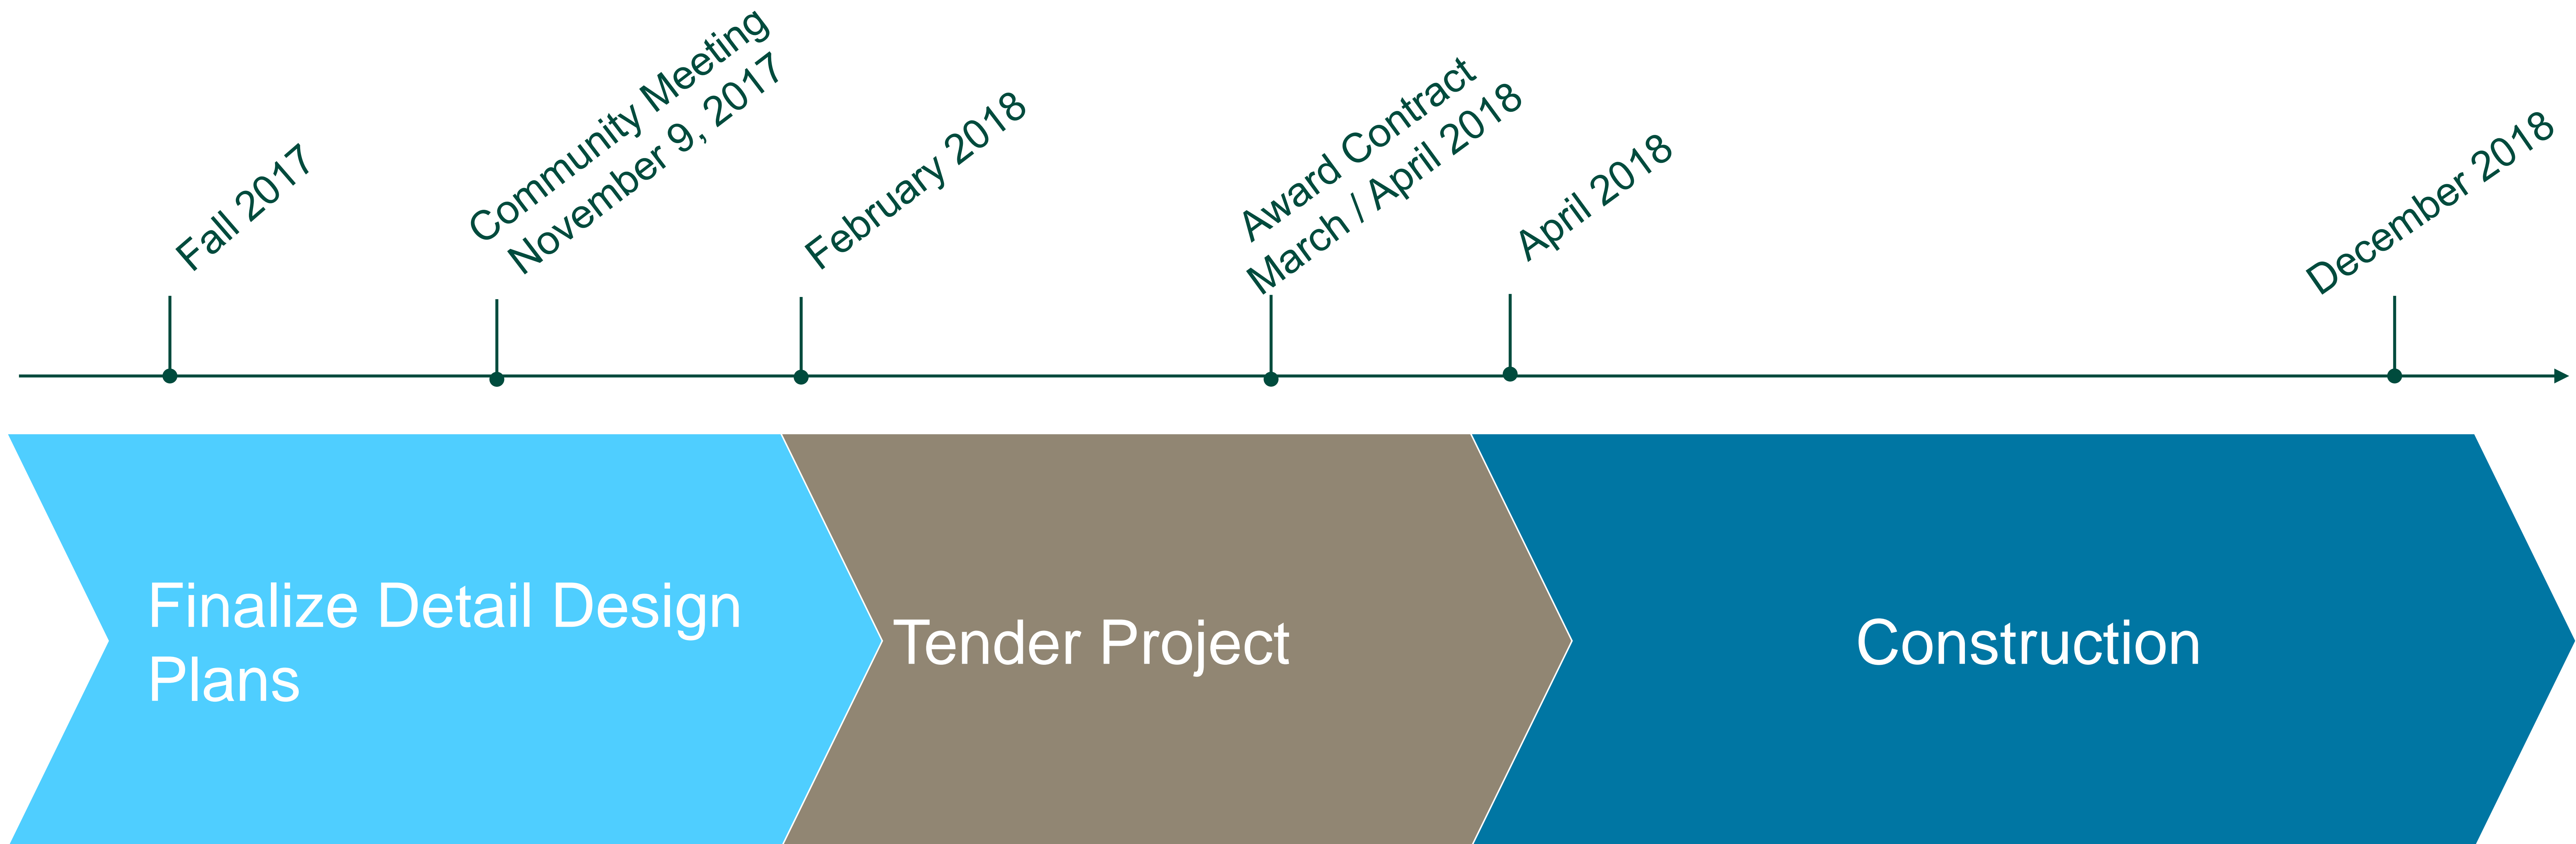

# What Is This Project?

- The City of Mississauga will be working in your neighbourhood to reconstruct Burnhamthorpe Road East from approximately 200 m east of Dixie Road to the East City Limit.
- This project will include:
  - ▣ Reconstruction of Burnhamthorpe Road East (approximately 2 km);
  - ▣ The extension of the multi-use trail along the north side of the road, including lighting and connecting with the Etobicoke Creek Trail;
  - ▣ Catch basin lead replacements;
  - ▣ Management of stormwater runoff using Low Impact Development; and,
  - ▣ Intersection improvements including, traffic signal replacements, bus stop/queue jump lanes constructed at Bough Beeches Boulevard/Havenwood Drive, Fieldgate Drive and Ponytrail Drive intersections.
- The construction cost is approximately \$8.5 million.
- This Information Session has been arranged to present the following:
  - ▣ The Project Schedule;
  - ▣ The Design Plan; and
  - ▣ Next Steps.
- Representatives of the Project Team are available to discuss the project with you.

**To find out more about the project, please see the Design Plan.**

# Project Schedule

# Procurement Process

- ❑ The Project will be following the City's High Value Acquisition Process / Formal Competitive Bid Process.
- ❑ The Project will be Publicly Advertised – Biddingo.com.
- ❑ All submitted Proposals will be evaluated based on cost and accuracy of form of tender and will be reviewed and approved by the City's Finance, Materiel Management and Legal sections.
- ❑ The lowest priced qualified bidder is awarded the Project.
- ❑ A completion date will be specified in the Contract Tender Document.  
Liquidated damages will be assessed if the project is not completed by the specified completion date.

# Construction Management Plan

- Advanced digital signage will be displayed along Burnhamthorpe Road to allow drivers to better understand their commute time based on construction delays.
- During construction, there will always be inspectors on site to answer any questions residents may have.
- The City will be working with the Region of Peel and other agencies (utility companies) to coordinate projects in the area:
  - The Region of Peel will be completing sanitary and watermain works on Ponytrail Drive and Rathburn Road. The project is expected to commence December 2017/January 2018 weather permitting and will take approximately 52 weeks to complete. For more information, contact the Region of Peel Project Manager:

# Cycling Facilities

- ❑ **Multi-use Trails** are paved trails separated from the road and shared by cyclists and pedestrians. These trails are denoted by “Shared Path” signage.
- ❑ General traffic principles apply on multi-use trails – **keep to the right** as appropriate for a two-way transportation facility, and slower users should keep as far to the right as practical.
- ❑ Courteous use of the trail is encouraged. Faster moving users should clearly communicate to other users of their approach using a bell, horn or audible call; slower moving users should move to the right to allow them to pass.

# Cycling Facilities

- A **crosswalk** is intended for pedestrians and/or dismounted cyclists to walk through an intersection.
- Riding beside (“along”) a crosswalk is specifically permitted and called a **crossride**.
  - ▣ In order to allow cyclists to cross the intersection, a bicycle signal is provided.
  - ▣ The cycling crossride will be provided using “elephant’s feet” markings beside the pedestrian crosswalk.

# Next Steps

## Following this Information Session the Project Team will:

- ❑ Finalize the detail design plans;
- ❑ Tender the project for construction; and,
- ❑ Commence construction in April 2018 with anticipated completion in December 2018.

If you have any questions please contact the City's Project Manager:
