The City of Mississauga has initiated a Class Environmental Assessment, including preliminary design, for downtown Mississauga road improvements. The study will follow a comprehensive planning and design process in order to recognize and accommodate the multi-modal transportation needs of Mississauga's Downtown. Public input and comments are welcome and will be incorporated into the planning and design decisions made during this study.

1. My interest is: (please check all that apply)

- | | |

2. Comments/Questions/Suggestions (additional space on back of page):

The City of Mississauga and R.J. Burnside & Associates Limited thank you for your involvement in Master Plan Class Environmental Assessment for Downtown Mississauga Road Improvements. Personal information on this form is collected pursuant to the Planning Act, R.S.O. 1990, c. P.13, the Municipal Act, 2001, S.O. 2001, c.25 and will be used for future contact in City of Mississauga in meeting the requirements of the Environmental Assessment Act. With the exception of personal information, all comments will be included in the Environmental Study Report and will become part of the public record.
