

Requests for Signal Timing Plans and Reports

The Traffic Engineering and Operations Section provides traffic signal timing plans and reports at a cost.

Traffic signal timing plans provide information about the current timing by time of day at an intersection of interest.

Traffic signal reports provide information relating to the historical operation of a traffic signal for a particular day, location and time.

Requests for traffic signal timing data must be made in writing (via mail or fax) and addressed to:

Manager, Traffic Signals and Streetlighting
3185 Mavis Road, First Floor
Mississauga, ON L5C 1T7

Email: javed.khan@mississauga.ca

Fax: 905-896-5166

Please include the following information where applicable:

- Reason for the request
- Copy of Peel Police Accident Report and/or occurrence number
- Date and time of occurrence

Traffic signal timing data are provided at a cost per intersection (refer to the Transportation and Works Department Fees and Charges By-law for current fees). Processing of traffic signal timing requests begins upon receipt of a certified cheque and takes approximately 3 weeks to complete.

For more information, please contact the City of Mississauga 3-1-1 (or dial 905-615-4311, if outside of City limits) from Monday to Friday between 7 a.m. to 7 p.m.
