**Recommendation Report**

**Ward 1**

**RECOMMENDATION:** That the Report dated May 4, 2015, from the Commissioner of Planning and Building recommending approval of the City initiated rezoning under File CD.07-POR W1, City of Mississauga, be adopted in accordance with the following:

1. That notwithstanding that subsequent to the public meeting, changes to the City initiated rezoning have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act*, any further notice regarding the proposed amendment is hereby waived.
2. That the proposed changes to the Zoning from "C4" (Mainstreet Commercial) and "C4-12" (Mainstreet Commercial - Exception) to "C4-66" (Mainstreet Commercial - Exception), and to the regulations of zones "RA5-38" (Apartment Dwellings - Exception), "C4-3", "C4-4", "C4-5", "C4-6", "C4-16", "C4-25", "C4-30", "C4-33", "C4-35", "C4-43", "C4-55" and "C4-60" (Mainstreet Commercial -

Exceptions) to permit the private property between a building and municipal property to be used for retail sales accessory to a commercial, service or office use, and outdoor patios accessory to a restaurant, take-out restaurant and billiard hall, be approved for a three year period through a Temporary Use By-law.

**BACKGROUND:**

A public meeting was held by the Planning and Development Committee on March 23, 2015, at which time a Planning and Building Department Information Report (Appendix R-1) was presented and received for information. The Planning and Development Committee passed Recommendation PDC-0020-2015 which was adopted by Council and is attached as Appendix R-2.

**COMMENTS:**

See Appendix R-1 - Information Report prepared by the Planning and Building Department.

**ZONING REGULATIONS**

Following the Public Meeting, and during preparation of the draft Zoning By-law, each property in the Port Credit Cultural Node was assessed to determine if it was appropriate to apply the proposed regulations universally across the Node. An on-site review was conducted by Planning and Building and Transportation and Works Departments staff. It was determined that some of the sites are not appropriate for outdoor uses on private property.

In some instances, there are safety concerns, especially at corner properties, with respect to sightlines for both pedestrian and vehicular traffic. For other properties, there are "pinch points" where the private property and municipal sidewalk combined are very narrow, and accessory outdoor uses would not allow adequate space for pedestrian movement. In other parts of the Node, some of the lands that appear to be municipal sidewalk are actually on private property. Allowing accessory outdoor uses on these frontages would seriously impede pedestrian movement and safety. Therefore, the by-law excludes those properties where the outdoor uses would not be appropriate.

Schedules from the draft Zoning By-law are attached as Appendix R-3 that illustrate the properties that are proposed to be included in the new regulations.

### **COMMUNITY ISSUES**

No community concerns have been received regarding this proposal.

### **PLANNING COMMENTS**

#### **Zoning**

The proposed changes to the "C4" (Mainstreet Commercial and Mainstreet Commercial - Exceptions) zones are appropriate. Allowing accessory retail sales outside a building and outdoor patios accessory to existing restaurant, take-out restaurants and billiard halls on private property will allow activity to take place along the Lakeshore Road frontage. In turn, this will help to animate the street and promote the Port Credit Cultural Node as a desirable place in Mississauga.

**FINANCIAL IMPACT:** There is no financial impact to the Corporation.

**CONCLUSION:** In accordance with subsection 34(17) of the *Planning Act*, Council is given authority to determine if further public notice is required. Since the City initiated proposal has been refined but not substantially changed, it is recommended that no further public notice be required.

The proposed City initiated rezoning, as refined, is acceptable from a planning standpoint and should be approved for the following reasons:

1. The proposal to permit uses outside a building, along the Lakeshore Road frontage, is compatible with the surrounding land uses as additional activity will occur along the street and not have an impact on adjacent residential neighbourhoods.

**RECOMMENDATION:** That the Report dated March 3, 2015, from the Commissioner of Planning and Building regarding the City initiated proposal to amend the existing zoning for properties with frontage on Lakeshore Road in the Port Credit Cultural Node, on a temporary basis, to permit outdoor patios accessory to take-out restaurants, restaurants, bakeries and the existing billiard hall, as well as art installations, street furniture, retail sales, be received for information, and notwithstanding planning protocol, that a Recommendation Report be brought directly to a future Council meeting.

**BACKGROUND:** The Port Credit Cultural Node (Cultural Node) was created in 2009 as a pilot project "to test the use of planning tools, incentives, support and partnerships to support cultural resources and activities

R-1(e)

in a specific community", as recommended in the Cultural Master Plan.

In April 2012, the Committee of Adjustment approved a City initiated minor variance application to permit, for a five year period: art installations; street furniture; retail sales and outdoor patios accessory to take-out restaurants; restaurants; bakeries and the existing billiard hall on the municipal right-of-way in the Port Credit Business Improvement Area (BIA). Owners must also receive an encroachment agreement from the City for using the City sidewalk.

Ward 1 Councillor Jim Tovey, at the September 3, 2014 General Committee meeting, requested that staff review if businesses could operate between the front of their building and the municipal right-of-way (the City owned portion of the sidewalk).

#### COMMENTS:

The BIA and Cultural Node in Port Credit have the same boundaries (see Appendix I-1). Along Lakeshore Road within the node, there are properties where the front of a building and the property line are flush, and others where there is a "gap". These gaps range from a few centimetres to a few metres in depth. In some of these instances, the City sidewalk is partially located on private property. The uses permitted by the Committee of Adjustment on the City owned portion of the sidewalk are not allowed within the gap as it is private property. Commercial uses must be located within a building, and outdoor patios are not permitted as-of-right.

A majority of the lands are zoned "C4" and "C4-Exception" (Mainstreet Commercial) which permit a variety of commercial uses, motor vehicle commercial uses and apartment dwellings. This zone permits a 0.0 m lot line setback for a building from the property line.

Allowing the same permitted uses on private property to those on the sidewalk would allow property owners to have outdoor uses contiguous to their building. The minor variance for uses on City owned lands was granted in 2012 for a five year period, therefore

R-1(f)

staff propose that the permission for uses on private property be permitted through a three year Temporary Use By-law. This will allow the City to monitor the success of the project and to ensure that should any conflicts arise they can be addressed.

The zoning categories that are proposed to be amended are attached as Appendix I-2.

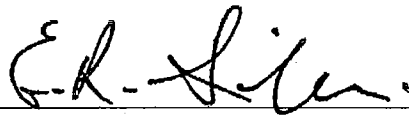

### COMMUNITY ISSUES

No community meetings were held for this project, however community consultation, particularly with the BIA, was held during the original Cultural Node work in 2012, and public notification was provided for the Minor Variance application.

**FINANCIAL IMPACT:** There is no financial impact.

**CONCLUSION:** The proposed City initiated amendments to the existing zoning to temporarily allow outdoor patios and commercial uses outside of a building is consistent with the previously approved minor variance. Once the public meeting has been held and any comments addressed, an implementing Temporary Use By-law can be brought to a future Council meeting for consideration and approval.

**DATE:** May 11, 2015

**COUNCIL AGENDA**

**MAY 27 2015**

**TO:** Mayor and Members of Council  
Meeting Date: May 27, 2015

**FROM:** Mary Ellen Bench, BA, JD, CS  
City Solicitor

**SUBJECT:** **Expropriation of Lands for Future Public Highways (First Stage Report) – OMERS Realty Management Corporation and Square One Property Corporation – Square One Mall South West Expansion (Ward 4)**

**RECOMMENDATION:**

1. That the report from the City Solicitor dated May 11, 2015 titled "Expropriation of Lands for Future Public Highways (First Stage Report) – OMERS Realty Management Corporation and Square One Property Corporation – Square One Mall South West Expansion (Ward 4)" be received for information.
2. That City Council authorize an amendment to the Amended and Restated Development Agreement (the "Development Agreement") (Application No. H/OZ 13/004 W4) executed between the City and OMERS Realty Management Corporation & 156 Square One Limited (now Square One Property Corporation) ("Oxford") with respect to the Square One Mall South West Expansion, in order to remove as a condition of site plan approval (SP No. 12/218 W4), the requirement that Oxford convey certain lands to the City for future public highways to be known as Princess Royal Drive West and Mercer Street and described as Parts 11, 12, 13, 16, 23, 28, 29, 30, 31 on Reference Plan 43R-35814 (the "Lands") (see: Appendix 1), and that instead Oxford be permitted to

convey the Lands, at the latest, 240 days from the date of execution of the Waiver and Indemnity Agreement (as defined below), or alternatively, the City may expropriate the Lands.

3. That a by-law be enacted for the purposes of authorizing the City, as the expropriating authority, to initiate expropriation proceedings, in accordance with the content of this report, to expropriate the Lands, including the authorization to prepare and submit all forms, documents and applications required by the *Expropriations Act*, R.S.O., 1990, c.E.26, as amended, in order to carry out the expropriation, including but not limited to an Application for Approval to Expropriate Land, to serve and publish a Notice of Application for Approval to Expropriate Land, to forward to the Chief Inquiry Officer any requests for hearings that are received and, in the event of a Hearing of Necessity, to report the Inquiry Officer's recommendations to City Council for its consideration (the "Expropriation").
4. That City Council enact a by-law to authorize the City Solicitor and the City Clerk to enter into such agreements as are required to implement the content of this report including executing and affixing the corporate seal to the Waiver of Compensation and Indemnity Agreement between the City and Oxford (the "Waiver and Indemnity Agreement"), including any amendments thereto, which Waiver and Indemnity Agreement obligates Oxford to waive any compensation it may otherwise be entitled to with respect to the Expropriation and to indemnify the City for any costs the City incurs in proceeding with the Expropriation, including any compensation that is payable to third parties.

**REPORT  
HIGHLIGHTS:**

- Oxford has advised that it requires site plan approval on or before May 27, 2015, otherwise there is the potential for delay in completion of the Square One Mall Southwest expansion, which delay could put the project in jeopardy.
- Currently, Oxford cannot satisfy a condition of site plan approval that requires it to convey the Lands (Princess Royal Drive West &

Mercer Street) to the City because Oxford cannot obtain a partial discharge of the HBC Lease registered against the Lands.

- A solution to Oxford's problem is for the City to remove the requirement to convey the Lands as a condition of site plan approval, and instead allow the Lands to be conveyed to the City, without encumbrances, within a stipulated timeline, and if that fails, the City would proceed to expropriate the Lands at the sole cost and expense of Oxford.
- City staff requires authority to proceed with expropriation in accordance with this report.
- To ensure that the Expropriation results in no costs to the City, Oxford has agreed to enter into a Waiver of Compensation and Indemnity Agreement and City staff is seeking authority to enter into this agreement.
- City staff also seek authority to amend the Amended and Restated Development Agreement to reflect the above solution.
- Adopting the recommendations in this report will change how the City obtains future public highways to be known as Princess Royal Drive West and Mercer Street, it however will not change the outcome the City and Oxford have agreed to, which is that the City will obtain these roads at no cost to it.

**BACKGROUND:**

The report to City Council from the City Solicitor dated February 25, 2015 and titled "Conveyance of Lands for Future Public Highways – OMERS Realty Management Corporation and Square One Property Corporation – Square One Mall South West Expansion" (the "Reconveyance Report") contains the following background information that is also applicable to this report:

On July 9, 2014, the Corporation of the City of Mississauga (the "City") and Oxford entered into the Development Agreement. Among other matters, the Development Agreement requires Oxford to do the following as a condition of site plan approval for the first phase of Square One Mall Southwest expansion (the "Phase 1 Development"):

- convey to the City for \$2.00 the fee simple interest in the Lands; and

- convey to the City an easement over certain lands that will operate as a private road with public access rights to be known as The Exchange. The Exchange is anticipated to become a public highway following the second phase of the Square One Mall Southwest expansion (the "Phase 2 Development"). The recommendations contained in this report do not affect the conveyance of the easement over The Exchange road lands.

The Development Agreement provides that following the conveyance of the Lands, the City will licence the same lands back to Oxford on a temporary basis in order to permit Oxford to construct, at its expense, the roads on the Lands in accordance with City standards and specifications. It is anticipated that a by-law to establish these roads as public highway will be brought forward for Council's consideration following satisfactory completion of construction of the Lands.

An important term in the Development Agreement requires Oxford to convey the Lands free and clear of all encumbrances save and except for certain instruments as set forth in the Development Agreement. Oxford confirms that it has obtained a partial discharge of the registered leases from all of the tenants of Square One Mall, insofar as these leases encumber the Lands, with exception however of the lease with HBC Can Real Property LP for the Hudson's Bay department Store (the "HBC Lease").

On March 10, 2015, Oxford requested a right to reacquire for \$2.00 the Lands (this right was also requested with respect to The Exchange), in the event the City in the future passes a by-law to close the Lands as a public highway or takes other steps to prevent vehicular access over the Lands, other than for defined temporary events or timeframe (the "Reconveyance Right"). This request was presented to City Council and was subsequently approved through By-law 084-2015. Oxford requested the Reconveyance Right for the following reasons:

- in order to facilitate securing the partial discharge of the HBC Lease; and

- because the request is consistent with the intention of the City and Oxford that the Lands be used as a public road and not for some other purpose.

Oxford advised the City that should Oxford be granted the Reconveyance Right, this would result in Oxford securing a partial discharge of the HBC Lease from the Lands. However, Oxford now advises the City that “although the Square One Owners believed that the Reconveyance Provisions would facilitate the partial discharge of the HBC Lease, which belief was communicated to the City when the Reconveyance Provisions were requested, HBC is continuing to refuse to discharge its lease” (see: Appendix 3).

**COMMENTS:**Site Plan Approval, Conveyance of the Lands & The HBC Lease

Oxford has now advised the City that it requires site plan approval for the Phase 1 Development immediately, and absolutely no later than May 27, 2015. In Oxford's Letter attached at Appendix 3, Oxford states that the “Phase 1 Expansion has been under construction for some time pursuant to conditional building permits, and construction has now reached a point where Fire Department inspections are required and permits for tenant improvement works are about to be submitted. To ensure that construction of the Phase I expansion can continue without delay, a final, unconditional building permit is required, which in turn requires the issuance of final site plan approval. If the Square One Owners fail to obtain site plan approval before May 27, the completion of the Phase I Expansion could be jeopardized”.

The problem Oxford is faced with is that the conveyance of the Lands is a condition of site plan approval that cannot be satisfied by May 27, 2015. Oxford has suggested that the City could take the Lands subject to the HBC Lease. Oxford has provided the HBC Lease to the City's Legal Services Staff on a confidential basis. After reviewing the lease, the City's Legal Services Staff have determined that accepting the Lands subject to the HBC Lease is problematic and may hinder the City's governance over how the Lands are used in the future.

As an alternative, Oxford is proposing the City to no longer require the conveyance of the Lands as a condition of site plan approval (SP

No. 12/218 W4). Instead Oxford should have the right to convey the Lands on a date no later than 240 days from the date the Waiver and Indemnity Agreement is executed, and if not completed by then, the City may, pursuant to the Waiver and Indemnity Agreement, expropriate the Lands on a date that is the earlier of:

- 240 days from the date the Wavier and Indemnity Agreement is executed;
- The date on which the City notifies Oxford in writing that the Lands are satisfactorily constructed in accordance with the City's standards and specifications for road design; and
- Two (2) days following written notification from Oxford to the City advising that the Oxford negotiations with HBC have failed and that they no longer reasonably anticipate securing a partial discharge of the HBC Lease from the Lands, having made all reasonable efforts to obtain it (the "Deferred Conveyance/Expropriation Solution").

The Deferred Conveyance/Expropriation Solution is the recommended approach in order to not preclude Oxford from obtaining site plan approval by May 27, 2015, or shortly thereafter, and to ensure that Oxford's requirement to convey the Lands does not cause a delay in the completion of the Phase 1 Development.

Oxford has committed that it will continue to pursue all avenues available to it, and make all reasonable efforts, to obtain a partial discharge of the HBC Lease from the Lands and to secure for the Phase 2 development an agreement to discharge the HBC Lease from The Exchange when said lands are conveyed to the City.

Expropriation & Waiver and Indemnity Agreement:

In the event Oxford fails to be in a position to convey the Lands with the required discharges as detailed above, the City will be at liberty to obtain clear title to the Lands by using its expropriation power. City staff is satisfied that the Lands are required for a proper municipal purpose, that being for use as public highway. The only concern with using the expropriation power is any costs associated with an

expropriation which includes the potential for compensation payable to Oxford and third parties that have an interest in the Lands. To address this concern, Oxford has agreed to enter into a Waiver and Indemnity Agreement, satisfactory to the City Solicitor, which includes the following obligations:

- Oxford will not seek compensation from the City;
- Oxford agrees to reimburse the City for its costs and expenses incurred in connection with any expropriation proceedings, including all compensation paid to claimants in respect of the expropriation, and all legal, appraisal, consulting and other costs;
- Oxford agrees to indemnification provisions that are in favor of the City and that are satisfactory to the City Solicitor; and
- Oxford agrees to provide a letter of credit (in a form and an amount satisfactory to the City Solicitor) as security for any costs Oxford is required to reimburse and/or indemnify the City pursuant to the Waiver and Indemnity Agreement.

The City Solicitor and the City Clerk require authority from City Council to enter into the Waiver and Indemnity Agreement in order to implement the Deferred Conveyance/Expropriation Solution.

Temporary Easement for Lands:

Since the recommended Deferred Conveyance/Expropriation Solution has the potential to create the scenario where construction of Princess Royal Drive West and Mercer Street are complete, but the City is not yet the registered owner, Oxford has agreed to convey to the City a temporary easement over the Lands. This temporary easement will be for a period of time extending from completion of construction of the roads to the City obtaining ownership of it and shall be in a form and content satisfactory to the City Solicitor.

Reconveyance Rights

As explained above, City Council directed that the Reconveyance Rights be granted to Oxford, with respect to the Lands. However, that direction was given in part on the basis that Oxford would obtain a partial discharge of the HBC Lease. While that may not happen, it is recommended that no change be made to that direction, for the following reasons:

- The Reconveyance Rights continues to be consistent with the City's intent that these roads remain in perpetuity; and

The Deferred Conveyance/Expropriation Solution will result in a discharge of the HBC Lease from title to the Lands, and any cost associated with obtaining that discharge whether by conveyance or expropriation is to be paid by Oxford.

**FINANCIAL IMPACT:** There is no financial impact to the City for the reasons set out above.

**CONCLUSION:** City staff seek authority to amend the Amended and Restated Development Agreement to separate the requirement for conveyance of the Lands from site plan approval. This requirement will be postponed for 240 days from the date the Waiver and Indemnity Agreement is executed, or alternatively, the City shall be at liberty to expropriate the Lands at no cost to the City.

With respect to the Expropriation, City staff requires authority to proceed with the Expropriation in accordance with the content of this report and to grant the City Solicitor and the City Clerk authority to execute the Waiver and Indemnity Agreement.

City Staff require authority to bring forward any by-laws necessary to implement the aforementioned.

**Attention: Mr. Raj Kehar**

Dear Raj:

**Re: Square One Southwest Expansion Conditions of Site Plan Approval;  
Potential City Expropriation of Mercer Street and Princess Royal Drive West and  
Agreement re: Waiver of Compensation and Indemnity**

Further to our recent discussions, we are providing this letter on behalf of and as solicitors for OMERS Realty Management Corporation and Square One Property Corporation (the "**Square One Owners**"). The purpose of this letter is to request that the City no longer require, as a condition of site plan approval for Phase I of the Square One Mall southwest expansion (the "**Phase I Expansion**"), the conveyance of the lands comprising Mercer Street and Princess Royal Drive West (the "**Phase I Public Highway Lands**"). In return, the Square One Owners will enter into a Waiver of Compensation and Indemnity Agreement with the City, whereby the City could acquire title to the Phase I Public Highway Lands by way of expropriation, with the Square One Owners waiving any rights to compensation and agreeing to be responsible for all costs and expenses incurred by the City in carrying out the expropriation.

The background and rationale for this request by the Square One Owners, and further details associated with the request, are as follows:

- The Phase I Expansion, including the Holt Renfrew store, is currently under construction.
- The Amended and Restated Development Agreement between the City and the Square One Owners and dated July 9, 2014 (the "**Phase I Development Agreement**") requires the Square One Owners to convey the Phase I Public Highway Lands to the City, as a condition of site plan approval for the Phase I Expansion.
- Title to the Phase I Public Highway Lands is to be conveyed to the City free and clear of all encumbrances, save and except for certain exceptions set forth in the Phase I Development Agreement.

- Subsequent to the execution of the Phase I Development Agreement, and in anticipation of conveying the Phase I Public Highway Lands to the City, the Square One Owners have successfully obtained partial discharges of the registered leases from all of the tenants of the Square One mall, insofar as they encumber the Phase I Public Highway Lands, except for the tenant of the Hudson's Bay department store ("**HBC**").
- The Square One Owners have been attempting since the execution of the Phase I Development Agreement to obtain a partial discharge of the HBC lease, but to date HBC has refused to discharge its lease.
- On March 11, 2015, City Council agreed to reconvey the Phase I Public Highway Lands to the Square One Owners, in the event that the City in the future passes a by-law to close the lands as a public highway or takes other steps to prevent vehicular access over the lands, other than for defined temporary events or time frames (the "**Reconveyance Provisions**").
- The Square One Owners requested the Reconveyance Provisions from the City, because they believed that the provisions would facilitate the partial discharge of the HBC Lease, and also because they believed that the Reconveyance Provisions were appropriate and consistent with the intention of the City and Square One Owners, namely that the Phase I Public Highway Lands are being conveyed by the Square One Owners to the City, for nominal consideration, so that the lands can be used as a public road and not for some other purpose.
- Although the Square One Owners believed that the Reconveyance Provisions would facilitate the partial discharge of the HBC Lease, which belief was communicated to the City when the Reconveyance Provisions were requested, HBC is continuing to refuse to discharge its lease.
- Pursuant to the provisions of the Phase I Development Agreement, the Square One Owners requested that the City Solicitor agree that the City could accept conveyance to the Phase I Public Highway Lands subject to the HBC lease, on the basis of the Square One Owners' view that HBC's rights under the lease would not materially affect the City's future use of the lands as a public road. However, the City Solicitor (as she was entitled to pursuant to the Phase I Development Agreement) did not agree to this request.
- The Square One Owners are now requesting that the Reconveyance Provisions remain and that should the City seek to obtain the Phase I Public Highway Lands through expropriation, the Square One Owners will indemnify the City for any costs incurred in obtaining said lands including, without limitation, costs associated with compensation to third parties, legal and consulting fees, as more particularly detailed in a Waiver of Compensation and Indemnity Agreement to be executed by the City and the Square One Owners, in a form and content satisfactory to the City Solicitor.

Page 3

- The Square One Owners will not seek compensation from the City for the City's expropriation of the Phase I Public Highway Lands, as more particularly detailed in the Waiver of Compensation and Indemnity Agreement.
- The Square One Owners will provide the City with a letter of credit in an amount sufficient to the City Solicitor as security for any costs the Square One Owners are required to indemnify the City for pursuant to the Waiver of Compensation and Indemnity Agreement.
- The Square One Owners require site plan approval for the Phase I Expansion immediately, and absolutely no later than May 27, 2015. The Phase I Expansion has been under construction for some time pursuant to conditional building permits, and construction has now reached a point where Fire Department inspections are required and permits for tenant improvements works are about to be submitted. To ensure that construction of the Phase I expansion can continue without delay, a final, unconditional building permit is required, which in turn requires the issuance of final site plan approval. If the Square One Owners fail to obtain site plan approval before May 27, the completion of the Phase I Expansion as scheduled will be jeopardized;
- In these circumstances, the Square One Owners are requesting that the City remove the site plan requirement that the Phase I Public Highway Lands be conveyed to the City prior to site plan approval and that should the City commence to expropriate the Phase I Public Highway Lands, it will do so on a date that is the earlier of:
  - 240 days from the date the Waiver of Compensation and Indemnity Agreement is fully executed;
  - the date on which the City notifies the Square One Owners in writing that the Phase I Public Highway Lands are satisfactorily constructed in accordance with the City's standards and specification for road design;
  - two (2) days following written notification from the Square One Owners to the City advising that the Square One Owners' negotiations with HBC have failed and that they no longer reasonably anticipate securing a partial discharge of the HBC lease from the Phase I Public Highway Lands, having made all reasonable efforts to obtain it.
- The Square One Owners will continue to pursue all avenues available to them, and make all reasonable efforts, to obtain a partial discharge of the HBC lease from the Phase I Public Highway Lands and secure for Phase II of the development an agreement to discharge the HBC lease from The Exchange when said lands are conveyed to the City.

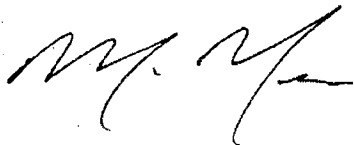

- The Square One Owners will convey to the City a temporary easement over the Phase I Public Highway Lands to permit public access over said lands for any period of time subsequent to the completion of construction of the roads on the Phase I Public Highway Lands and prior to the City obtaining ownership of said lands.

The request outlined herein is both necessary and appropriate to ensure the timely completion of the Phase 1 Development, including the timely completion and delivery of the Phase 1 public roads to the City. We would note that the site plan drawings for the Phase I Development, and related conditions of approval, have all been finalized to the City's satisfaction. Drawings and details associated with the Phase I roads have also been finalized to the City's satisfaction, pursuant to the EA process. The changes requested herein are necessitated by HBC's continuing refusal to discharge its lease and will affect the timing of the conveyance of the Phase 1 Public Highway Lands. The changes will not, however, affect the timing of the roads being constructed and available for public use, and the City's eventual ownership of the lands is assured.

The Square One Owners appreciate the City's consistent and continuing support of the Square One Mall expansions, and the Square One Owners remain committed to completing the expansions in a manner consistent with the City's downtown objectives.

Yours truly,

Goodmans LLP

- In January 2015, the City proceeded with three (3) procurement processes for the Downtown Storm Sewer Trunk Repair Project for Professional Engineering Services, Request for Pre-Qualification (RFPQ) of contractors and procurement to tender.
- Through the RFPQ process, two contractors were successful and prequalified for the project, TACC Construction Ltd. and Con-Drain Company (1983) Limited.
- In March 2015, the Downtown Storm Sewer Trunk Repair Project was tendered and issued to the prequalified contractors.
- Tenders closed on April 21, 2015 with the lowest bid coming in over budget.

**BACKGROUND:**

Over the last few years since July 2010, there have been several major settlements on the section of roadway at the intersection of Mississauga Valley Boulevard and Elm Drive and other minor settlements within the storm trunk sewer easements in the same vicinity. The settlements were believed to be caused by the deteriorating storm trunk sewer pipe below. Repair work to the storm sewer was scheduled for 2015 with a budget amount of \$2 million.

In September 2014, the City retained the professional engineering services of Greck and Associates Limited (Greck) to undertake a detail inspection and assessment of the Cooksville Creek Storm Trunk Sewer system. Greck's report with the aid of closed circuit television identified that the CSP storm trunk sewer is in very poor condition and there is extensive deterioration of the bottom of the storm sewer along its entire length from Hurontario Street to Cooksville Creek and that the storm sewer system has reached the end of its design life.

Greck's report also indicated that many sections, ranging in size from 2.4m (94 inches) to 2.9m (114 inches) in diameter, was in danger of imminent collapse, putting public safety at risk. City staff deemed

repairs to the pipe be treated as emergency work. During the public information process, Kaneff Holdings Inc. (Kaneff) was informed of the repair work as a portion of the storm sewer runs within an easement on property owned by Kaneff. Kaneff subsequently requested that the City consider as part of the repair work to realign the storm sewer pipe out of the easement onto Obelisk Way and Elm Drive.

**COMMENTS:**

In a report dated December 3, 2014, Council approved additional funding for the Downtown Storm Sewer Trunk Repair Project for a total 2015 Budget of \$10.3 million to allow for full replacement of the storm sewer. Council also approved that:

- The Purchasing Agent single source the Downtown Storm Sewer Trunk Repair Project to Greck for design, contract administration and inspection services on the basis that this project is an emergency and that Greck completed preliminary work.
- The Purchasing Agent solicit bids from qualified contractors by invitation only given the complexity and urgent nature associated with the construction of the Downtown Storm Sewer Trunk Repair Project.

On March 11, 2015, Council authorized the Commissioner of Transportation and Works to execute a Contribution Agreement between Kaneff and the City regarding the funding of the incremental cost of realigning the Cooksville Creek Storm Trunk Sewer and sanitary sewer from its current alignment crossing 3575 Kaneff Crescent to the Obelisk Way and Elm Drive rights-of-way. The agreement was executed by the Commissioner of Transportation and Works in March 2015.

Three (3) procurement processes took place and proceeded as follows:

**Professional Engineering Services**

- As a result of the storm trunk sewer inspection / assessment report completed by Greck, they were best positioned to

undertake the design, contract administration and inspection services for this project.

- Greck was awarded the work as a single source in accordance with City's Purchasing By-Law No. 374-06.

### **Pre-Qualification of Contractors**

- Under Procurement # FA. 49.744-14, staff proceeded to issue a Request for Pre-Qualification (RFPQ) of contractors. The request was publicly advertised on Biddingo, (Biddingo.com publishes government bid information and provides information about government contracts relevant to their business) and in the Daily Commercial News.
- Twenty seven (27) companies requested the RFPQ document and six (6) bidders submitted a response on January 8, 2015.
- The RFPQ included mandatory criteria for evaluation including minimum volume of construction sales of \$100 million annually for the past 5 years. Due to the urgent nature and significant scope of work that highly qualified contractors are required to complete the work within one construction season. Contractors must have demonstrated the ability to procure the required large concrete pipe, manhole structures and related appurtenances within tight time lines. Contractors also must have demonstrated ability to use and have access to the equipment required to handle and install large infrastructure.
- Two (2) bidders were pre-qualified that met the mandatory requirements – TACC Construction Ltd. and Con-Drain Company (1983) Limited.
- There were four (4) bidders that were not pre-qualified as they did not meet the \$100 million sales requirements.

**Procurement to Tender**

- On March 23, 2015, the Transportation and Works Department with the Material Management Section proceeded with the procurement of Downtown Storm Sewer Trunk Repair Project with a closing date of April 21, 2015.
- As a result of the RFPQ process, a bid by invitation was issued to TACC Construction Ltd. and Con-Drain Company (1983) Limited.
- The lowest bid submitted by TACC came in over budget significantly higher than the pre-tender estimate.

Transportation and Works Department staff with Greck analyzed the bid results against the estimate. A post tender analysis was conducted by Greck and City staff which determined that the reasons for the large discrepancy between the estimated and the actual tendered costs were due to:

- The construction project is situated in close proximity of major high rise residential building and parking garages requiring extra care during construction to avoid damages to these structures.
- Access to buildings for emergency services need to be maintained at all times through construction which will require constructing temporary access roads and other facilities.
- The Mississauga Valley Boulevard and Elm Drive neighborhood is one of the most densely populated areas in Mississauga which will require a complex traffic and pedestrian movement plan around / through the construction zone.
- The construction staging area is not sufficient size thus requiring the contractor to make multiple and coordinated deliveries of material and equipment to the site not normally required for projects with sufficient area for staging.

- The storm trunk sewer being replaced is fully functional and must remain functional during the replacement process. Further, the flows in this sewer vary significantly during storm events and extra precautions must be taken so that the area does not flood during storm events, and that access to buildings and parking structures is not unreasonably disrupted.
- The project is complex requiring large equipment operating in tight / limited spaces and will affect the progress of the project.
- Borehole data indicates that the installation of sewers will require excavation in bedrock and will impact the progress of construction.

City staff benched marked other municipalities to compare prices of projects of similar scope and found that prices are within range of those received for this project.

The original budget of \$10.3 million for the project was calculated based on an estimate prepared by Greck. The estimate was prepared using average historical prices and the most current information available at the time prior to tendering.

As is the case of construction projects, there are a large number of factors that contribute to variances in estimate and bid prices, including complexity of the project, scope variations, unique aspects and risks. As such, there is no assurance that pre-tender estimates will be in range to actual bid prices.

The aforementioned Contribution Agreement between the City and Kaneff identifies funding obligations for Kaneff. Kaneff is responsible for the actual cost of relocating the storm trunk sewer and sanitary sewer from the easements on 3575 Kaneff Crescent onto Obelisk Way and Elm Drive rights-of-way as part of the larger Cooksville Creek Storm Trunk Sewer Replacement Project.

On April 8, 2015, the City received a Letter of Credit in the amount of \$1,168,656.00 from Kaneff for these works which was based on a pre-tender estimate. The bid cost of the work received was \$3,739,135.00

(including contingency, applicable tax, administration fee and consultant fee) and in accordance to the terms and conditions of the Contribution Agreement, Kaneff is responsible for reimbursing the City for the actual cost of construction for the storm and sanitary sewer relocations.

The low bid received was \$14,419,666.15 and additional funding required is as follows:

**Estimated Project Cost Based on Lowest Bid**

Bid amount including Kaneff work – realignment of storm and sanitary sewers and related roadworks	\$14,419,666.15
Provisional Item for Storm Sewer on Kaneff Lands	-\$762,564.00
Sub – Total	\$13,657,102.15
HST (1.76%)	\$240,365.00
Contract Administration, Surveys & Inspections, Material Testing, Utilities and Contingency	\$3,057,450.00
Consultant Services	\$510,652.00
<b>GROSS PROJECT COST</b>	<b>\$17,465,569.15</b>

**Contribution Expected**

Overall Actual Cost for Kaneff Work (including Contingency, applicable tax, administration and consultant fees)	\$3,739,135.00
---	----------------

**Net City of Mississauga Funding Available**

Capital Project P.N. 15-132 (Construction)	\$10,235,939.00
--	-----------------

**Additional City Funding required:**

Additional Funds	\$3,490,495.15*
------------------	-----------------

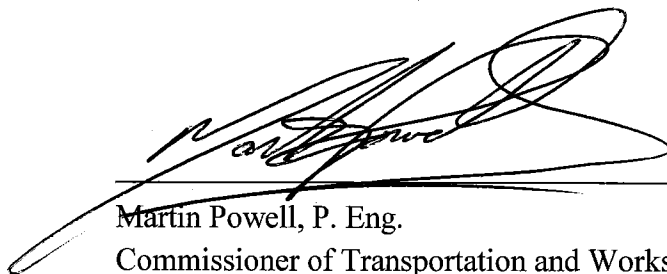

\*rounded to \$3.5 million.

**FINANCIAL IMPACT:** Downtown Storm Sewer Trunk Repair – Hurontario Street to Cooksville Creek project (P.N. 15-132) has an approved budget of \$10.3 million. Based on the tenders received and estimated recovery from Kaneff, \$13.8 million is needed to complete this project. Additional funds of \$3.5 million will be funded from the Federal Gas Tax Reserve Fund (Acct #35183).

Use of the Federal Gas Tax Reserve Fund (Acct #35183) will impact the ability to fund future gas tax funded projects, but will be re-evaluated as part of the 2016 Capital Budget.

**CONCLUSION:** The replacement of the storm trunk sewer is an emergency and the area above the pipe, which includes roads and parking lots, is subject to immediate settlement or collapse. Precautions in the interim period to minimize risk to public safety were implemented. A complete sewer replacement is necessary to safely return the Mississauga Valley Boulevard / Elm Drive area into its original state. Additional funding in the amount of \$3.5 million for a total net City cost of \$13.8 million is necessary to reconstruct the storm trunk sewer system and will be funded from the Federal Gas Tax Reserve Fund.

I have enclosed a copy of a standard resolution that Council can use should you decide to join many other municipalities in proclaiming this day.

Thank you for your consideration and I look forward to seeing Council's support.

The Office of the Fire Marshal and Emergency Management (OFMEM) previously sent letters to your Mayor in Council on February 12, 2014, June 17, 2014, and December 17, 2014 respectively informing your municipality of the legislative requirements pertaining to vulnerable occupancies.

This letter is to inform you that your municipality has achieved compliance based on the information you have inputted into the OFMEM Vulnerable Occupancy Registry acknowledging that the following has occurred:

1. The annual mandatory fire drill required by O. Reg. 364/13 was approved and observed by your fire department in accordance with FM Directive 2014-002;
2. The fire safety inspection as required by O. Reg. 364/13 was conducted using the "Annual Inspection Checklist for Care Occupancies, Care and Treatment Occupancies and Retirement Homes" in accordance with FM Directive 2014-002; and
3. The required information detailed in O. Reg. 364/13 was inputted into the OFMEM Vulnerable Occupancy Registry in accordance with FM Directive 2014-001.

Effective January 1, 2014, Ontario became the first province to enact a series of regulatory changes intended to improve fire safety in vulnerable occupancies. A number of regulatory changes were enacted that impose requirements on municipalities and Chief Fire Officials. I would like to outline what this means for municipalities like yours:

- Three years to complete mandatory training for all Chief Fire Officials responsible for approving facility fire safety plans (**New deadline is January 1, 2017**);
- Observation of annual fire drills based on approved scenario (**New and in effect as of January 1, 2014; first fire drill to be completed by December 31, 2014**);
- Annual fire safety inspections conducted by the Chief Fire Official, based on a standardized checklist (**New and in effect as of January 1, 2014; first inspection to be completed by December 31, 2014**);

I-3(a)

- Registry of Vulnerable Occupancies (**New and in effect as of January 1, 2014; entering information about facilities to be completed by December 31, 2014.**)

Facility owners and operators are responsible in all municipalities to ensure their buildings are in full compliance with the changes to Ontario fire safety regulations. It is the responsibility of municipalities and Chief Fire Officials to ensure they are in full compliance with the new Regulations and Fire Marshal Directives.

- Directive 2014-001 - Registry of Vulnerable Occupancies, and
- Directive 2014-002 Vulnerable Occupancies – Fire Drill Scenarios, Fire Drill Observations, Fire Safety Inspections.

The OFMEM has commenced a monitoring program as of January 01, 2015 to confirm and validate the status of compliance of municipalities and Chief Fire Officials with the new Regulations and Fire Marshal Directives.

The OFMEM monitoring program has determined that as of December 18, 2014, your municipality has achieved annual compliance with the above-referenced Regulations and Fire Marshal Directives.

If you have any questions regarding the monitoring process, they can be directed to me via email at [Pierre.Yelle@ontario.ca](mailto:Pierre.Yelle@ontario.ca) or by telephone at (705) 725-1825.

We all have a continuous legislative responsibility to ensure the public fire safety of seniors and vulnerable Ontarians.

Sincerely,

Pierre Yelle

Attention Mayor & City Councillors  
300 City Centre Dr,  
Mississauga, ON L5B 3C1

Hardat Prasad Sookraj  
Mississauga, ON  
May 20<sup>th</sup>, 2015

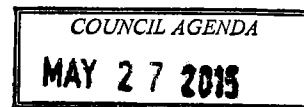

I am requesting a stopping of house up for sale located at ... Thamesford Terrace, Mississauga, due to the following reasons. This house was sold in the early part of the year (Feb.) 2015 to a real estate person who did some mayor renovation without a building permit. I contacted building department at City Hall in April and made a complaint with this regard. I didn't notice any progress into this matter. On May 13<sup>th</sup>, 2015, I contacted Edward Sarjecki Commissioner of Planning & Building who refer me to speak to someone else which I left a phone call still waiting for his response. Later that day, I spoke with Mr. Sortias and Mark T. who said, they will contacted the owner to get a building permit within this time the house is up for sale, with a finish basement, cutting the side of the wall to make a side door entrance, adding an extension to the rear of the building. I contacted the real estate agent who said, this is not illegal, they did this sort of turnaround business in the pass with any problem. Could City Hall or someone look into this urgent matter?  
Thank you very much.

Yours truly,

H.P Sookraj

Dear Ms. Greer,

As of last Wednesday, the City of Mississauga has all its elected officials in place. It has a far different composition than when I first stepped into Council Chambers in June 2006 (and even October 2014).

For those who were around in February 2010, I just want them to know that I did try to keep my promise to meet with former Mayor Hazel McCallion. But actually this turns out for the better.

There has been a lot in the news about Toronto Police and "carding", Bill C-51, the TTC "brawl" with enforcement officers, and City of Toronto Corporate Security made the front pages as Mayor Rob Ford's personal "posse".

Not to be outdone, yesterday, City of Brampton Council was so skeptical of Interim Auditor General George Rust-D'Eye's report that Mayor Linda Jeffrey responded by calling in Ontario Ombudsman, Andre Marin.

What this means to me is the allegations/warnings I made as far back as 2006-07, still might not be believed by the City of Mississauga, but I have confidence that other minds will recognize my revelations here as credible.

So. I ask that you please include the registered letter I sent to former Mayor Hazel McCallion on April 16, 2015 as well as all 81 pages of the (slightly-modified) City of Mississauga Corporate Security database.

I share this as way of explanation as to exactly why I'm sitting up in your Council Chambers bench. And I have this special message for Councillor John Kovac:

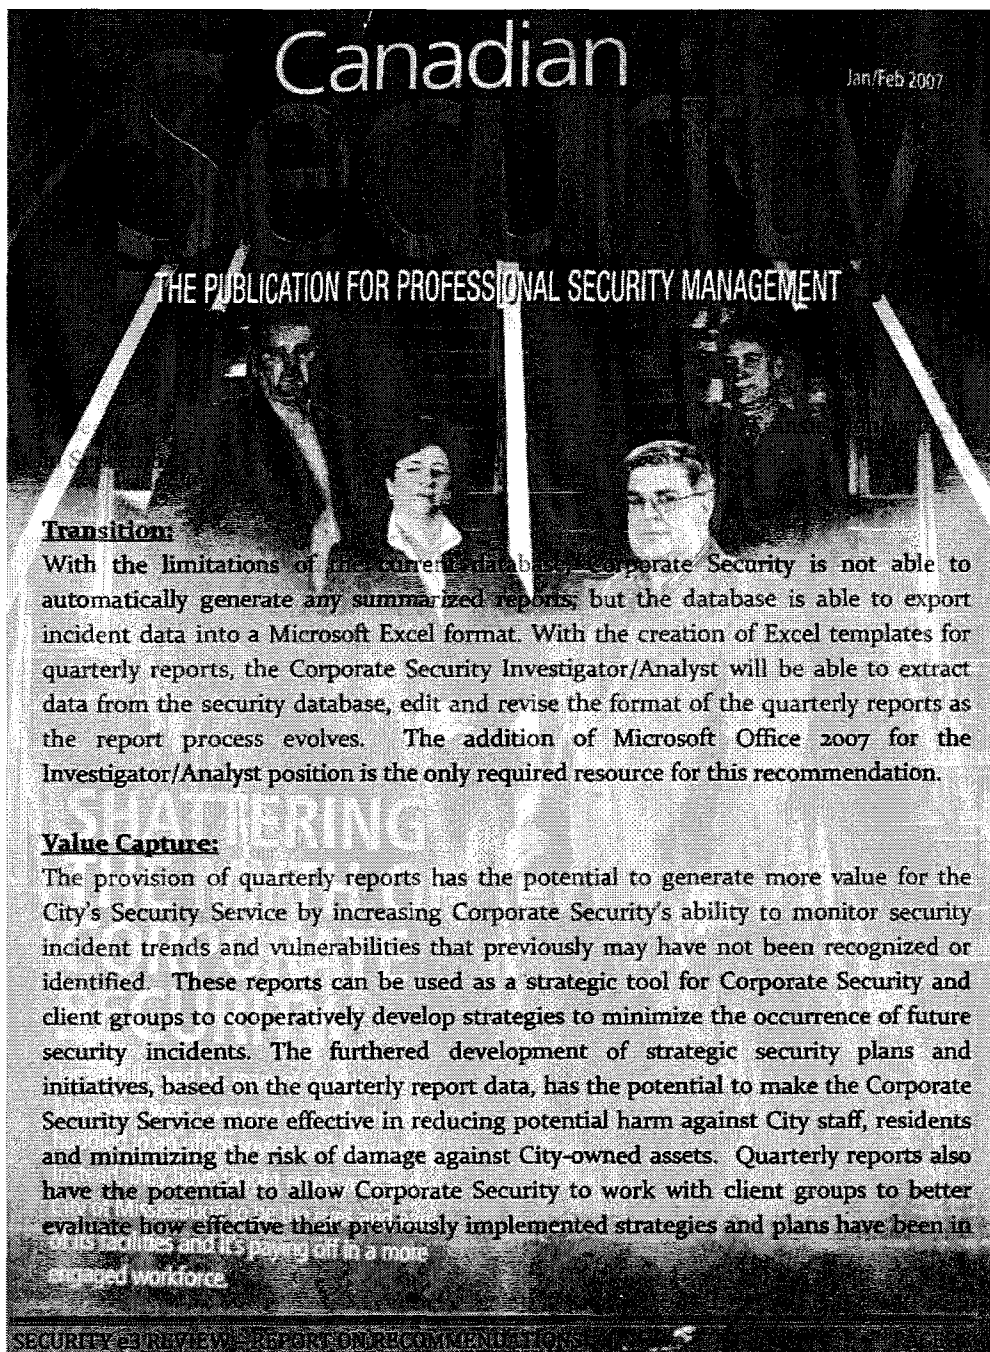

Welcome! You would do well to re-read "1984". And. Beware the "Three Sheaves".

Signed,

MISSISSAUGAWATCH (dated May 5, 2015)

Dear Madam Mayor, (You'll always be "Madam Mayor" to me...)

I'm sending this by registered letter today, April 16, 2015, because it's my way of acknowledging the 8<sup>th</sup> anniversary of an email that you wrote to me back on April 16, 2007.

Since February 2010 you've tried to set up a meeting with me to discuss issues I've had over the years, and that April 16, 2007 email certainly tops my list of concerns

Dear Ms. [REDACTED]  
  
I am writing in response to your e-mails dated March 19th and April 3, 2007.

You have also taken issue with my earlier statement that the City treats all its residents fairly regardless of language or ethnicity. You alleged that because there is no detail on any security reports based on age and ethnicity, I had no basis to make this statement. You also made other comments and references to instances that took place in the Brampton courts to substantiate your assertions. Contrary to your allegations, it is because the City does not discriminate on the basis of age and ethnicity that there are no records to be found based on such categories. I can also see no correlation between your speculative comments or such instances occurring outside of our City and your suggestion that the City is not treating its residents fairly, as I have indicated earlier.

Sincerely,

HAZEL McCALLION, C.M.

After years of filing Freedom of Information I was finally ready to meet with you, and successfully set up a meeting for October 6, 2014.

Then, however, you (or your staff) postponed it on June 30, 2014, writing:

Unfortunately, due to changes in the Mayor's schedule we are unable to confirm the October 6<sup>th</sup> date. As per the Mayor's e-mail to you earlier today, we will be in touch with you in the future as to when the Mayor is able to meet with you.

Well, no one ever did get in touch. I waited patiently until I finally had to write and remind you on November 5, 2014. On November 7<sup>th</sup> your Office wrote advising me there'd be no meeting:

Thank you for your e-mail dated November 5, 2014. Unfortunately, due to the Mayor's heavy schedule and numerous commitments prior to her retirement we are unable to accommodate your request for a meeting at this time.

So that's why I'm writing you now. Specifically I wish to address what you wrote in your April 16, 2007 [07/030 file] email paragraph 4:

At 11:03 AM 4/16/2007 -0400, Hazel McCallion wrote:

Finally, you asked if I could help expedite the process of having you listed as a deputant. I understand that, at this time of writing, Ms. Crystal Greer, City Clerk, has responded to your request in this regard.

It says:

The statement, "Contrary to your allegations, it is because the City does not discriminate on the basis of age and ethnicity that there are no records to be found based on such categories." was not only false, I allege that denying that the City kept ethnicity/age records was deliberate deception.

Your emphatic denial that the City kept no ethnicity/age records eventually cost me enormous amounts of time and several hundred dollars for Freedom of Information filings. Because of your denial, when I requested first the hard copies, and later the computer files for the entire City of Mississauga Corporate Security "CSIS" database, I asked for all fields – but not ethnicity and age, since I believed what you wrote about not keeping that data!

The fact is, ethnicity and age were the two most important issues I was researching as a member of the Peel Youth Violence Prevention Network's Education and Policy Working Group. Your April 16, 2007 email denied keeping those stats.

Please find enclosed a print-out of the entire City of Mississauga Corporate Security "CSIS" database (81 pages) that I finally secured through Freedom of Information. It's a version that I've modified so that only the most important fields fit on each page. I've also added a column that calculates the age of each individual at time of incident.

Please note as you examine the database print-out that City Security did not use the term "Ethnicity" but rather "Complexion" in Column "R", and yes, Security really did spell Caucasian "Caucasion". Note too that they assigned "European" as a Complexion, as well as some other puzzling entries.

Analyzing City Security's Special Occurrence Reports (SORs) secured through Freedom of Information made me realize that there had to be some kind of database to print them out.

It took multiple attempts over several years but I finally secured their entire "CSIS" Excel spreadsheet.

What I discovered when I actually had the complete database in my hands was not only shocking and appalling, it was also infuriating. City Security had clearly made sure that "Complexion" was left off their Special Occurrence Reports. Your Security operation not only kept ethnicity "Complexion" records since at least January 2006, they lied to you, to me, and to the public about keeping such stats.

Someone designed this database and made a deliberate decision to include ethnicity data. Someone knew that this was wrong and tried to disguise the fact by using the euphemism "Complexion". City Security staff were well aware the field existed because they diligently filled it on in the majority of their reports. How did this escape notice?

Also, I was before Council several times with deputations giving elected officials the same alerts. The City Security officer present would have heard my allegations about the Security database, known they were true, and yet she remained silent. Why?

A casual skim through Security's database forces the conclusion that no one (Security management, the Director of Facilities & Property Management, Corporate Services, or any elected official) ever took a serious look through City Security's database – or if they did, they decided to become complicit in the cover-up.

Even Jeremiah Brenner Management Consulting who conducted the 2009 "Security E3 Review" and wrote about the database failed to alert the City Manager about the abuse of process festering there.

If you examine the database as I have – through the lens of the McMurtry/Curling "Roots of Youth Violence" Report, the Peel Youth Charter, and the Mississauga Youth Plan – you'll truly understand just how deceptive the City was.

Next, Freedom of Information requests filed 2007 through 2014 have confirmed that your statement that "the City treats all its residents fairly regardless of language or ethnicity" is also false.

Here's a quick example that shows citizens are not treated fairly.

For its own reasons, the City of Mississauga ensured that City Security was exempt from the Province's public complaints system provided by Ontario's Ministry of Community Safety and Correctional Services. Instead, in March 2008 you and Councillors allowed City Security to investigate themselves. No doubt they will deny it, but Freedom of Information confirms that they *did* investigate themselves – contrary to City's Security Public Complaints policy.

IS(g)

As far as I can determine, the City of Mississauga has the only municipal security operation in Ontario that denies its citizens access to the independent public complaints process provided by the Province. Our complaints still go to the Security bosses to "investigate". A citizen with a complaint against City Security therefore gets anything but fair treatment.

It gets worse.

Even on the City's own property/facilities, Corporate Security's database confirms that citizens are treated unfairly!

At times the City hires security guards from a private company like Primary Response for special events, and also for Transit.

So (for example) if you are banned or arrested at the City Centre Transit Terminal by a "contract" security guard and you have a complaint, you can file it with Ontario's Ministry of Community Safety and Correctional Services for an independent investigation.

Limited to those banned/arrested by Contract Security with "Complexion" recorded

If you're banned/arrested at the same terminal for the same reason, but by City of Mississauga Security, there's no independent provincial route. The only avenue for your complaint is through the City – where the very people you are complaining about get to decide whether your complaint is valid. And then "investigate" it.

As I've already advised Council, former Transit Security boss, Joe Cairney, managed to have underling Dan Stevanov investigate him regarding a public complaint. The outcome was entirely predictable, and the man complaining wasted his own time. Had that person been banned by the City's *contracted* private security, his complaint would have gone to the Province and been investigated independently.

I repeat, as far as I'm aware, the City of Mississauga has the only "in-house" security operation exempt from Bill 159's Provincial complaints system. How is this treating all residents fairly?

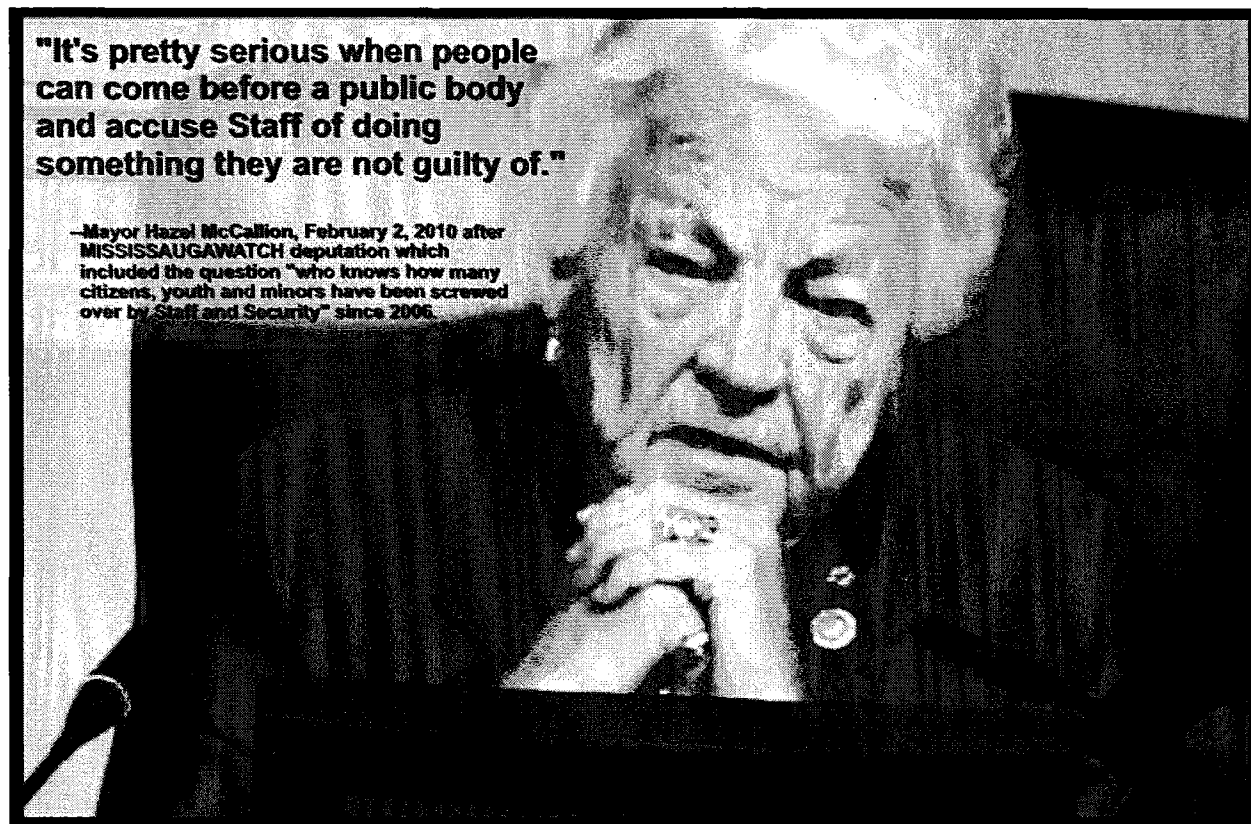

Now here we are, April 16, 2015, 8 years later and the public still doesn't know City Security's "Complexion" statistics. Despite a Security Public Complaints Policy (approved by Council in 2008) directing otherwise, Security is still free to investigate itself.

You have frequently reminded me, Council, and even the public just how much Staff time I've taken up regarding Security and Staff conduct in general. Time responding to my questions. Time responding to my emails.

Steve Mahoney has an excellent quote on his Twitter account and it certainly applies to my experience dealing with City of Mississauga staff: "The truth is easier to remember."

I also submit that the truth also takes far, *far* less time.

The truth is that on April 16, 2007 your Security Staff lied about not keeping Ethnicity and Age statistics, lied about treating all citizens fairly regardless of age or ethnicity – and then signed your name to their lies.

I-5(i)

After my February 2, 2010 deputation, and after detailing some of the ways City Staff fail to comply with Corporate policies, procedures, and guidelines, you dismissed my allegations with:

It's pretty serious when people can come before a public body and accuse Staff of doing something they are not guilty of.

Yes, Madam Mayor. But I submit that it's far far *far* more serious when municipal staff whose mantra is "Trust, Quality, Excellence" repeatedly deny allegations that they know are true.

Best wishes,

Dear Madam Mayor, (You'll always be "Madam Mayor" to me...)

This email care of [principal.utm@utoronto.ca](mailto:principal.utm@utoronto.ca) and [colleen.mccoleman@utoronto.ca](mailto:colleen.mccoleman@utoronto.ca) is a follow-up to the registered letter I sent you on April 16, 2015. You have now had a month to examine a hard-copy of the City of Mississauga Corporate Security 2006-2012 "CSIS" database, as have Mayor Crombie and all Councillors except Ward 4's John Kovac.

Please think back, Madam Mayor. How often between 2006 and 2014 did Staff or elected officials say that City Security must be doing an excellent job because otherwise you'd have received more complaints? Does that sound familiar? Things were so excellent that City Security didn't even have a complaints system!

As late as November 27, 2007, Security Manager Jamie Hillis reassured his boss, Ken Owen, that "complaints against security have never been a historical concern".

Page 1 of 2

**Freedom of Information confirmed that the City of Mississauga had no public complaints policy despite repeated claims to the contrary.**

**Jamie Hillis - Fwd: Fw: Nov 27, 2007 Complaint Letter - DRAFT/PROPOSAL**

**Subject:** Fwd: Fw: Nov 27, 2007

Key complaint items related to June 7, 2006 incident in Council Chambers:

*- Lack of a complaints system:*  
While complaints against security have never been a historical concern, Corporate Security is presently working with the Corporate Policies Analyst to put in place a complaints system that runs through the Clerk's office.

**There are GOOD reasons that complaints "have never been a historical concern"....**

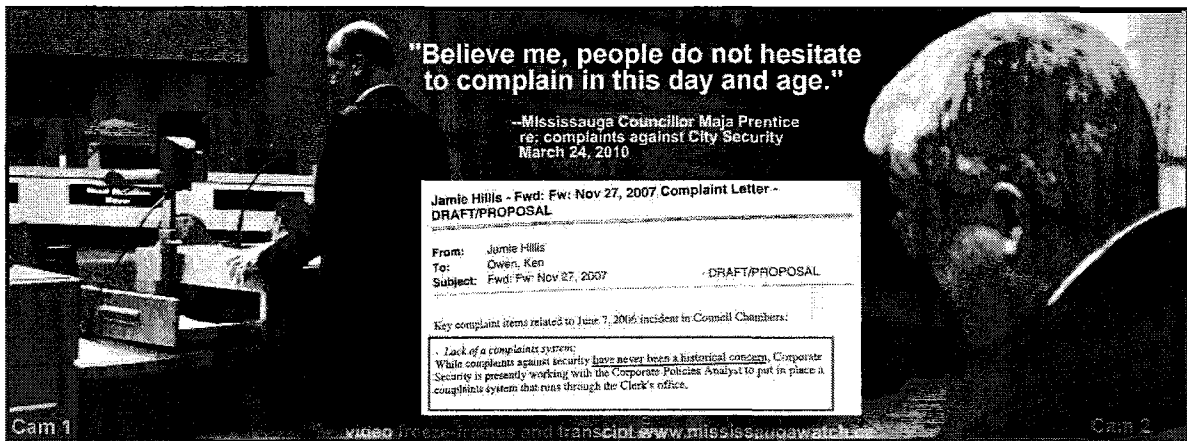

"never been a historical concern".

Well, Madam Mayor, there are reasons for that...

I-S(x)(x)(x)(x)

Quite simply, people are reluctant to complain! Oh, they'll complain about potholes, graffiti, weeds, noise, litter – there's no end to it actually – but they're loathe to complain about The Authorities to The Authorities.

Councillor Maja Prentice was wrong back in March 24, 2010 when she defended City Security with "Believe me, people do not hesitate to complain in this day and age."

Well, believe *me*, when it comes to the conduct of your Security managers and their guards, very *very* few people will summon the nerve to complain! After all, it's their word against Mayor Hazel McCallion's "Best City in Canada" Security Operation, right?

I've received about two dozen complaints about your Corporate Security mostly through YouTube. When I offer to help filing Freedom of Information and writing their complaint, they shrink, politely decline, and I never hear from them again.

All except one – a mother. She too declined to file a formal complaint against City of Mississauga Corporate Security. In an email she explained:

"I've spoken to my [redacted] about your suggestions, and [redacted] is still very much intimidated by the experience that [redacted] doesn't want to pursue anything, for fear of some type of bureaucratic retribution."

That said, this mother did grant me permission to share her original email with you and elected officials, provided I redact enough details that her child couldn't be identified from Security's "CSIS" database.

As you read this letter, keep in mind Councillor Prentice's, "Believe me, people do not hesitate to complain in this day and age."

[REDACTED], 2011

To Me

Hello,

Today I feel compelled to email you about a family member's personal experience in relation to a situation that has only very recently come to my attention. And, upon performing some very rudimentary research on the subject, it didn't take me long to find some disturbing and maddening information on the internet regarding what appears to be systemic corruption in what I thought was a first-world city, not a third-world country. Please allow me to relay what I have learned:

My [REDACTED] lived in Mississauga for [REDACTED] years to attend school. [REDACTED] lived [REDACTED] [REDACTED] was a top-notch student (all [REDACTED] instructors and school administration would easily vouch for that), and is a conscientious and law-abiding young adult. [REDACTED] no longer lives in the city, and has no desire to ever go back...due to a lot of reasons...but, this morning (a full year after [REDACTED] situation arose) [REDACTED] approached me in tears because of an issue that has been bothering [REDACTED] the entire time, and which [REDACTED] has only brought to my attention now. [REDACTED] would often go to [REDACTED] to [REDACTED]

[REDACTED] after spending several hours on [REDACTED] schoolwork. It was during one of these times when [REDACTED] was approached by a belligerent man claiming to be a security person for the city. [REDACTED]

[REDACTED] He demanded [REDACTED] identification, and being completely naïve and terrified, [REDACTED] obliged by giving it to him. He told [REDACTED] was barred from the square for [REDACTED] days – with no evidence of any wrongdoing whatsoever!!! The very, very unfortunate thing was that I happened to be in Mississauga visiting [REDACTED] at that exact time, and had [REDACTED] told me what had just happened to [REDACTED] I would have [REDACTED]

[REDACTED] But, again, [REDACTED] was terrified of what had just transpired, and was deathly afraid to mention it to anyone.

After seeing that many, many other people have been treated in the same way (by researching anecdotes on the internet, as well as coming upon your website), I regret very much that [REDACTED] did not tell me immediately about this situation. I would have been in City Hall in no time flat, lodging a formal complaint, but I believe it is futile at this time to bother. [REDACTED] as I said, is extremely conscientious about being a model citizen, and it has been bothering [REDACTED] for an entire year that [REDACTED] reputation as such has been unjustly sullied. [REDACTED] also is worried that it will leave a permanent record somewhere for [REDACTED] Because [REDACTED] lodged no complaint against the false accusation, I am hoping that this will not be the case. I believe it would be futile, or even counterproductive, at this time to complain to the city administration over this as, at this point, [REDACTED]
