**Advisory Committee Role:**

- provide non-binding insight and feedback to Council and staff on agenda items;
- share expertise and perspective to Council and staff on agenda items;
- respond to agenda items as presented to Committee by Council or staff;
- uphold the mandate and vision of the Committee;
- focus on the collective interest of the City rather than self-interest;
- ensure all matters are dealt with in an open and transparent manner.

**Recommendations of Advisory Committees are forwarded to General Committee for consideration. The final decision regarding all recommendations is made by Council.**

**Ground Rules for Committees and their members:**

1. Meetings start and end on time.
2. Discussions stay on subject and follow the agenda.
3. One person speaks at a time. Others do not interrupt when someone is speaking.
4. All conversations related to the Committee's business shall occur at the Committee meeting with no sidebar conversations outside of the publicly held meeting.
5. Members will come prepared and ready to speak.
6. Members listen and are open to hearing other people's perspectives.
7. Cell phones are off.
8. Consensus, majority rule or unanimous agreement is how decisions are made.
9. Members will accurately communicate recommendations of the Committee even if they disagree with the final decision. This will maintain the integrity of the decision making process.
10. The Chair of the Committee is the spokesperson for the Committee. Any comments made must align with and be in agreement with the direction given by the Committee. When outside of the meeting, members speak for themselves as individuals and not for the Committee.
