Peel South MP Don Blenkarn is considering a private member's bill to have the riding renamed Mississauga.

"It's getting to the point where I say I represent Mississauga anyway. People don't know what Peel South is but they know what Mississauga is."

Blenkarn says the name Mississauga is well known throughout Canada.

"If I don't say Mississauga I have to say 'that place west of Toronto and east of Oakville'."

He points out that the name falls in line with the proposed names of Mississauga North and Mississauga South suggested by the Electoral Boundaries Commission for future redistribution.
