

Coventry, Dr. Allan F.  
Dr. Allan Coventry dies

PEEL COUNTY - B106  
28 73  
**He promoted good conservation practices at C.V.C.A.**

The loss of Dr. Allan F. Coventry, who died Sunday, February 18 at his home in Mississauga, will be seriously felt by the members and staff of the Credit Valley Conservation Authority.

Active in the formation of the Authority in the early fifties, Dr. Coventry gave unstintingly of his time and knowledge for the promotion of good conservation

practices throughout the Credit River Watershed. He was a long-time member of the South Peel Naturalists and Honorary President of the Federation of Ontario Naturalists.

Over the years his inquisitiveness and his ability to interpret his knowledge to the layman made him an invaluable addition to the advisory boards of the Authority.

He designed and built

the nature trail at the Terra Cotta Conservation Area, naming the wildflowers and trees; helped with the long-term plan of development for the Limehouse Conservation Area to promote the protection of the Niagara Escarpment in this area and was

available, in an advisory capacity for all Authority projects.

Last year Dr. Coventry was invested with an Honorary Membership as a small gesture of respect from the members of the Credit Valley Conservation Authority.
