Uphill battle for Jaime Hill

Gymnastics Mississauga's Jaime Hill discovered first hand that learning experiences can be painful Saturday during the Soapberry World Gymnastics Challenge at Hamilton's Vic Copps Coliseum.

As the Canadian champion, the 15-year-old Hill hoped to compete

for a top-three finish at the international event involving seven gymnasts from Russia, Ukraine, Australia, Romania and Canada.

Instead, Hill had falls in both the vault and balance beam resulting in a seventh-place score of 36.50. Hill's

top result was a fourth on bars.

Romania's Gina Gogean defended her title with a score of 39.50.

Hill hopes to learn from the experience and fare better at the upcoming world team championships in Germany next month.
