A place for the students *Peel Biog. Oct. 31/99 MN*

The University of Toronto at Mississauga's (UTM) new \$6.3 million student centre is alive with activity behind developer Iggy Kaneff. Kaneff, chair of the campaign that raised the funds for the structure, was also the largest contributor, chipping in some \$1 million. The 30,000 sq. ft. centre opened its doors in September and was officially opened Wednesday.
