Rookie role

Mississauga South rookie MPP *Margaret Marland* has been assigned to a committee at Queen's Park called the committee on procedural affairs, agencies, boards, and commissions.

The group deals with the work of various government-related bodies such as the *Canadian National Exhibition* board, the *Toronto Stock Exchange*, the *Ontario Municipal Board*, the *lottery commission*, the *Land Compensation Board*, the *Assessment Review Board*, the *Status of Women Committee*, the *Ontario Film Review Board*, etc. The group also reviews the appointments made to these various boards.

One of the boards the committee has control over is the wolf damage agency. Marland assures us that has nothing to do with compensating overly aggressive males who've been attacked by feminists.
