# District Fire Chief's Wife Community Assoc. Director

By Teepee

MISSISSAUGA NEWS FEB 23, 1966

One Director of the Park Royal Community Association who is perhaps known to more people in the Clark-

son area than any other is Mrs. Helen Oliphant.

Although born in Oakville, Helen has lived in the Clarkson area for a number of years and bought their

home in Park Royal in 1959. For over 15 years Helen has been active in Guiding. A leader of Guides and Brownies and on the executive of the Guides, Helen has also served as District Commissioner for two years. Helen takes an active interest in Federal and Provincial elections and many people will recognize her as an experienced poll clerk and Deputy Returning Officer.

Helen is now serving her first term as a Director of the Community Association and on the executive as an Area Representative. Last summer she was the Co-Chairman of the Field Day and the success of the Field Day was evidence of her hard work.

Helen's husband "Webe" is also well known in the Clarkson area. He has been District Chief at the Clarkson-Lorne Park Fire De-

partment for a number of years. "Webe" was District Chief when the Fire Department operated on a volunteer basis and remained in that position when the staff went permanent.

Helen and her husband and two boys, Bob 19; and Barry 13 live at 2250 Utley Rd., in Park Royal.
