LARRY TAYLOR

## Ward 4 bid Taylor made

Ward 4 councillor Larry Taylor has announced his intention to seek a fifth term of office for the City of Mississauga and the Region of Peel.

Taylor, a nine-year veteran of council, has served on more than 20 committees during the years and has acted as chairman on seven of those committees. Currently he is chairman of the Mississauga Transit Committee and the Social Services

Committee at the Region of Peel.

During his years at city council, Taylor has been involved with the development of the Mississauga Valley Community Centre, Meadow Glen Park and the Gymnastics Centre. He was also the founder and first chairman of the Mississauga Multicultural Festival.

Although he says there are few issues in the upcoming election,

Taylor does mention he will continue to advocate improvements to handling snow removal, general maintenance and road repairs.

"I also believe that too rapid growth is a major city side issue," said Taylor. "The probable impact on existing taxpayers is too high and unnecessary."

Taylor added that his experience and commitment will be important assets on the next council.
