Monumental career

Peel Buz. Bk. Temporale, Louis
March 11-90 H.N

Stone sculptor Louis Temporale has been creating beautiful works of art and monuments for 60 years in his Port Credit studio. Among his works are historic markers along boulevards in prominent sections of Toronto, Ottawa, and Montreal. We feature the man who created the bas-relief, cast-bronze murals on the old Post Office building at the foot of Front and Yonge Sts. in Toronto on page 14.
