Listed below is how the proposed development will specifically contribute in incorporating elements into the proposed buildings and site construction:

#### Site Features

- Access to High-Order Transportation (walking distance to Streetsville GO Station)
- Pedestrian Friendly Environment (Private Sidewalks)
- Storm Water Management Practices (underground stormwater chamber, the reuse of grey-water for irrigation, storm water filtration/treatment prior to entering City infrastructure)
- Erosion & Sediment Control (to be implemented through duration of Construction)
- 'Night Sky' Friendly Light Standards

#### Building Features

- Exterior Cladding Systems (i.e. Bricks, Windows)
- Thermal Efficient Windows, Doors and Patio Doors
- Energy Star Kitchen and Laundry Appliances
- Individually Controlled Air Handling Systems
- Individually Controlled Thermostat Controls
- Individually Controlled Building Lighting
