Contaminated or Potentially Contaminated Sites

Planning and Building Department
Development and Design Division
300 City Centre Drive
Mississauga, ON L5B 3C1
Tel: 905-896-5511
www.mississauga.ca

Summary of Requirements for Approval of Development of Contaminated or Potentially Contaminated Sites

1. A completed Environmental Site Screening Questionnaire and Declaration (ESSQD) form must be submitted with every development application (i.e. Official Plan Amendments, Rezoning, Draft Plan of Subdivision, Site Plan, minor variances and consents).
2. In accordance with Corporate Policy 09-08-02, upon review of the ESSQD form and other information relevant to the site, the City may require that a Phase 1 Environmental Site Assessment (ESA) report be prepared for the site to be submitted to the City for review.
3. The Phase 1 ESA report(s) should follow CSA Z768-94 (April, 1994) and shall be prepared to the satisfaction of the City's Commissioner of Transportation and Works.
4. Should the Phase 1 ESA determine that further investigation is warranted, a Phase 2 ESA will be required that resolves all concerns of the City. Any and all contaminated areas of the site identified through the Phase 2 investigation must be remediated in conformity with the Ministry of the Environment Guidelines.
5. All ESQ report(s) must include a clause which allows the City of Mississauga to rely on the findings and conclusions presented in the report(s) and shall be dated, signed and sealed by a Professional Engineer.
6. All ESA report(s) must include a clear statement by the Consultant regarding the suitability of the site for the intended land use and a statement that no public lands abutting the site, nor any lands to be conveyed to the City of Mississauga, Region of Peel and the Conservation Authority having jurisdiction, exceed the appropriate full-depth criteria set out in the Ministry of the Environment "Guideline for Use at Contaminated Sites in Ontario" as revised, due to contamination of the site.
7. Should off-site Impact to public lands be indicated by the Phase 2 investigation, further investigation and remediation, if necessary, will be required.
8. Upon completion of the remediation of the site or abutting public lands, the proponent must submit a complete Record of Site Condition (RSC), revised September, 1998. The RSC shall include an Affidavit of Compliance from the Consultant and a statement from the property owner, be signed by a Professional Engineer and include acknowledgement of receipt of the RSC by the Ministry of the Environment.

For further information, please contact the Environmental Unit at 905-615-3124.

The above list of requirements is provided to assist in the preparation of development applications, in accordance with Corporate Policy 09-08-02. Please be advised that it is the property owner's responsibility to ensure they are in compliance with all governmental and quasi-governmental authorities, including federal, provincial and municipal legislative enactments, by-laws and other regulations pertaining to contaminated sites and other environmental matters.

Applications for Official Plan Amendment, Rezoning and/or Plan of Subdivision require posting of a public notice sign on the subject property. As part of the application submission, the applicant is required to provide a mock-up of the proposed notice sign for review by the assigned planner. The planner will advise of any necessary changes and determine the number and location of the notice sign(s). Approval of the wording of the message and sign location is required from the planner prior to installation of the notice sign(s). The application will not be deemed complete until photographic proof of the notice sign installation is received.

Notice Sign Specifications

NOTICE SIGN INFORMATION CONTINUED

1. Approval of the wording of the message and sign location is required from the Planning and Building Department prior to installation.
2. The preparation and installation of the notice sign must be professionally done.
3. Notice signs may, at the discretion of the Planning and Building Department, be surfaced mounted in a manner ensuring stability.
4. Notice sign to be mounted to supports at locations indicated with 12mm hex head bolts and nuts with flat washers on both sides. The notice sign shall be 2cm exterior grade plywood.
5. The notice sign panels and structural member shall be painted on all sides with two coats of exterior matte finish paint over suitable primer.
6. All concrete footings to be formed against undisturbed, well-drained soil.
7. Concrete shall have a compressive strength of 25 mpa at 28 days.
8. Notice sign must comply with all other applicable provisions of the Ontario Building Code, as amended.

Description of the Proposal

A minimal description of the proposal is required. Plain language should be used.

Public Meeting Information

Prior to the Public Information Meeting and the Recommendation Report Meeting, a sticker is required to be installed on the sign with the meeting details.

Notice Sign Map

Basic details to include on the notice sign map are:

- Subject property outlined in bold
- Nearest intersection street names
- North arrow
- Show collector road or main local road

Rendering

Prior to application submission, it is recommended that the applicant discuss with the assigned planner (determined at the Development Application Review Committee (DARC) meeting) an appropriate rendering to use for the proposal.

Notice Sign Deposit

A notice sign deposit of \$500.00 (per application) shall be deposited at the time of application submission. The notice sign(s) must be removed within one week following the date that:

- Zoning By-law comes into force;
- Application is withdrawn; or
- Council refuses application and no appeal is launched.

Once the notice sign(s) has been removed, the applicant must contact the assigned planner on the file to arrange a site visit and return of the notice sign deposit.

Failure to remove the notice sign(s) will constitute a forfeiture of the notice sign deposit.

Notice to all Applicants

The City of Mississauga collects Commenting Agency's fees for the review of development applications on their behalf, if applicable. Cheques must be made payable to each applicable Commenting Agency.

Where the subject property is within a Conservation Authority screening area, separate plan review fees are required in accordance with the applicable Conservation Authority Fee Schedule, which can be viewed on their respective website.

Additional fees may apply to applications which require extensive investigation (i.e. reports) by the Conservation Authority. The applicant will be informed by the Conservation Authority if these additional fee requirements are applicable.
