**MULTI-USE TRAIL PROJECT  
WINSTON CHURCHILL BOULEVARD  
LAIRD ROAD TO ORLEANS ROAD (WEST SIDEWALK)  
WARD 8**

---

The City of Mississauga will be constructing a new multi-use trail along the west sidewalk on Winston Churchill Boulevard, from Laird Road to Orleans Road. The work to be completed includes excavation, placement of granular and asphalt, installation of curb and gutter, relocation of utilities, sodding and restoration of disturbed areas.

The contract was awarded to **Pacific Paving Ltd.** We are confident that they will complete the project in a competent and timely manner. Construction will commence on or after **March 12, 2018** and it is anticipated that construction work will be complete by **June 1, 2018**.

Irrigation heads or other fixtures including decorative fencing that may interfere with the proposed work on City property must be removed. Fixtures will not be reinstalled or repaired by the City. The City of Mississauga accepts no responsibility for any damages to private fixtures placed on City property.

In order to complete curb, sidewalk and or driveway repairs, it will be necessary to temporarily limit access to your area walkways and entrances. Attempts will be made to minimize any inconvenience.

Your cooperation during construction is appreciated.
