Be a part of the conversation:

- The puzzle pieces are meant to be written on! Think of them as comment forms that fit together to create a bigger picture. Please drop off your completed puzzle pieces at the Lemonade Stand in the LAC Atrium, or at any Mississauga Library or Community Centre or at the City Hall Information Desk
- Participate online at <http://www.conversation21.ca/> or call 905-615-3200 ext. 2100
- Take part in upcoming Speaker Series events, and stay tuned for further events to follow

Evening Programme

Our Future Mississauga Speaker Series
Tuesday, November 6, 2007

Presenting this Evening:

Justin Trudeau & Larry Beasley

Tonight's Speakers

Justin Trudeau

The education and empowerment of youth are priorities that have dominated Justin Trudeau's professional and personal life. Shortly after completing a degree at McGill University, Trudeau moved to Vancouver to earn a bachelor's of education degree from the University of British Columbia. For the next few years, he devoted himself to teaching children of all ages and working on his Master's degree in Environmental Geography at McGill University.

Justin has been actively involved with Katimavik, Canada's leading national youth volunteer-service program. He has worked to increase the engagement of Canada's youth towards their country, their communities and their environment.

In addition to Katimavik, Justin has also been involved with the Canadian Avalanche Foundation, promoting intelligent risk-taking and safety awareness; and wilderness groups such as the Nature Conservancy of Canada and the Canadian Parks and Wilderness Society.

Justin's work with a large number of diverse organizations and levels of government keeps him travelling extensively to help ensure that Canada is prepared to meet the challenges and responsibilities its future holds.

Larry Beasley

Larry Beasley is the recently retired Director of Planning for the City of Vancouver, Canada. He is now the "Distinguished Practice Professor of Planning" at UBC and the founding principal of Beasley and Associates, an international planning consultancy.

Over thirty years of civic service, Mr. Beasley achieved land use and transportation plans along with careful development management that have dramatically reshaped Vancouver's inner city. He now teaches and advises the private sector and governments around the world. He also chairs the 'National Advisory Committee on Planning, Design and Realty' of Ottawa's National Capital Commission.

Mr. Beasley is a Fellow of the Canadian Institute of Planners, and this year, he received the Kevin Lynch Prize from the Massachusetts Institute of Technology, the most prestigious award in American planning.

Mr. Beasley is also a Member of the Order of Canada, our country's highest honour for lifetime achievement.
