Further explanation (if required) _____

Stormwater Charge Assessments

- Stormwater charge assessments are based on the City's best available information, including aerial imagery.
- Stormwater assessment information can be viewed at www.mississauga.ca/stormwatercharge

Stormwater Charge Assessment Reviews

- Site visits will not be carried out as part of the review process
- Assessments will not be reviewed based on any of the following characteristics of a property: soil types, the ratio of hard surface area to total property area, proximity to creeks, rivers or ditches, presence of private stormwater measures like disconnected downspouts, or other factors.
- Review may result in the charge being raised, lowered or unchanged. The new assessment will apply
- Changes to a stormwater charge assessment resulting from a Request for Review received by December 1, 2016 will be retroactively applied to January 1, 2016.
- Applicants may be contacted for more information to complete the review.
