

The applicant can check the status of their application at any time; however, they cannot respond to any comments or upload revised information until they have been assigned a task.

- 1) Log into ePlans
- 2) Select the appropriate service

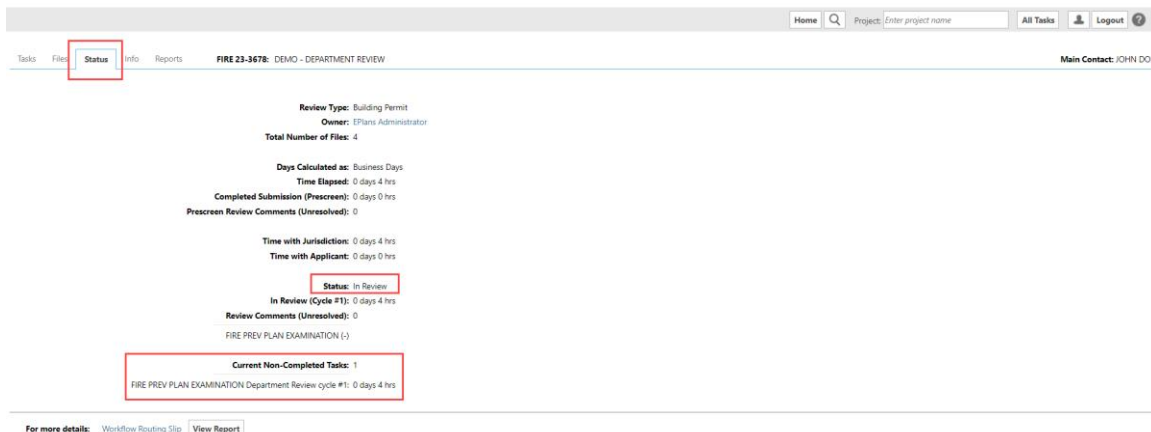

- 3) The status of the application will be displayed in “Status” column.

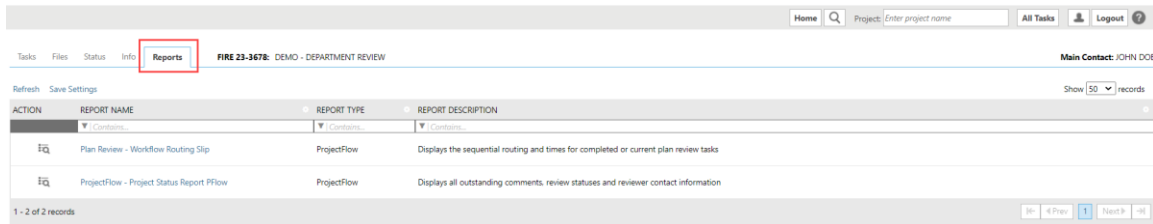

- 4) Click on the project number to obtain more information

- 5) Additional information is available on the “Status” tab

6) Click on the “project reports” tab for additional information such as outstanding comments, examiner contact information and file location.
