

CHANGE EMAIL ADDRESS

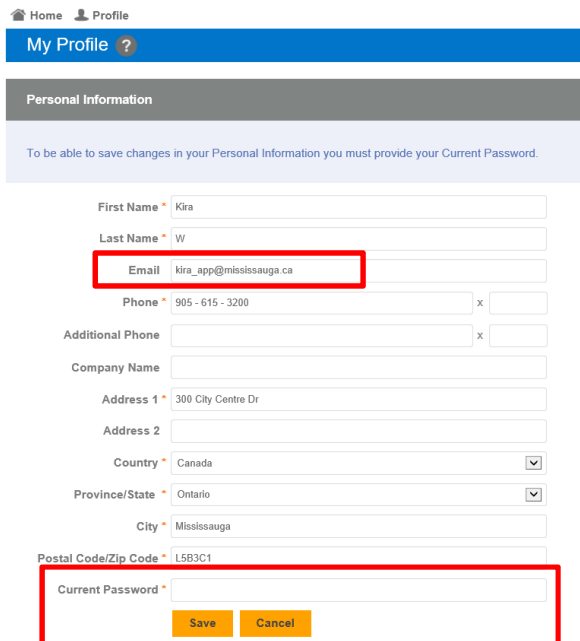

If your email address has changed you can update the email address in your ePlans profile by following the steps outlined below.

You cannot change the email address to an address that has an existing ePlans account. If you wish to transfer a project to another account, please [read about transferring an application](#).

1. Log in to your ePlans account using your existing email address
2. Click on “Profile”

3. Enter your new email address in the “email” field, enter your current password and click “save”

My Profile ?
