Dear Mayor Crombie & Council,

Canadian Pacific (CP) and the Canadian Pacific Police Service (CPPS) will be educating the public during this year’s Rail Safety Week about safety on and around railway property.

From April 25 through May 1, CP and CPPS will conduct rail safety blitzes in communities across our network – from Montreal to Vancouver – with participation from other police agencies and schools to educate motorists, pedestrians and the general public about the role we each play in staying safe.

"When people use railway property or tracks as walking paths, they are risking their lives," said Laird Pitz, CP’s Vice President and Chief Risk Officer. "Rail safety requires vigilance 24 hours a day, seven days a week, 365 days a year. We are asking everyone to consider their own safety around railroad property. The impact of an incident can have tragic consequences for all concerned, including family, friends and community."

CP is proud to be the safest railway in North America, with the fewest reportable train accidents per million train miles among all Class 1 railroads for 10 years straight.

We are pleased that crossing and trespassing incidents in Canada declined in 2015 from the five-year average. But more work must be done. Tragically, 31 pedestrians and 14 drivers lost their lives in these preventable incidents.

CP believes that one incident is too many. That is why we are working tirelessly, along with our community partners, to promote safety in and around railway property throughout Canada.

We ask that you support rail safety in your community by participating in Canada’s Rail Safety Week in the following ways:

1. Declare April 25 – May 1 Rail Safety Week in council by adopting the enclosed draft resolution
2. Promote your declaration over social media by adopting the enclosed draft tweets
3. Ask your local police service to also declare Rail Safety Week over social media
4. Adopt the hashtag #SeeTracksThinkTrain year-round when speaking to the importance of being safe around tracks and trains.

The safety and security of residents in the communities we operate in is – and will continue to be – our number one priority. We hope you will join us in promoting rail safety in your community, during Rail Safety Week 2016 and throughout the year.
