Subject

Apportionment of Taxes

Recommendation

That the recommended apportionment of taxes and payments set out in Appendix 1 of the report dated August 18, 2016 from the Commissioner of Corporate Services and Chief Financial Officer be approved.

Background

Section 356 of the *Municipal Act* allows a local municipality to apportion taxes if land which was assessed in one block at the return of the assessment roll is subsequently divided into two or more parcels and to direct what proportion of any payment of taxes is to be applied to each of the parcels.

Comments

The Municipal Property Assessment Corporation (MPAC) has advised of a number of properties that have been divided into parcels subsequent to the return of the assessment roll. Section 356 of the *Municipal Act* provides for taxes levied on the land to be apportioned to the newly created parcels. In addition, the municipality is to direct what proportion of any payment of taxes is to be applied to each of the parcels.

In accordance with section 356(1) of the *Municipal Act*, taxes levied on the land for the year in which the property is divided and any unpaid taxes for years prior to that year have been proportionately apportioned to the newly created parcels based on the relative assessed value of the parcels as determined by MPAC. Supplementary taxes levied for the year in which the property was divided have been allocated to the parcel to which they pertain.

All payments applied to the property tax account being apportioned, from the year of the land division to date, must be allocated to the appropriate parcels. Payments have been allocated

based on the parcel that payment was intended for or distributed proportionately among the parcels if the payment was intended for the entire block.

A Summary of Apportionment of Taxes listing newly created parcels and the recommended apportionment of taxes and payments is provided as Appendix 1.

Owners of the apportioned lands have been sent notification. Property owners have the right to appeal the decision of Council to the Assessment Review Board.

Financial Impact

Not Applicable

Conclusion

There are a number of properties that were assessed in one block at the return of the assessment roll and subsequently divided into parcels. The *Municipal Act* requires Council to approve the apportionment of taxes and allocation of payments subsequent to the division of property.

Subject

Proposed Amendments to Committee of Adjustment Procedure Bylaw in response to Council direction on July 6, 2016.

Recommendation

That Council enact the proposed amendments to the Committee of Adjustment Procedure By-law as set in out Appendix 1 to this report from the City Solicitor.

Report Highlights

- Governance Committee on June 20, 2016 directed that Legal Services prepare amendments to the Committee of Adjustment Procedure By-law to provide for public notice where an application to the Committee is withdrawn
- Legal Services has prepared a draft amending by-law responding to the Governance Committee direction
- Additionally, it is recommended that certain procedural changes introduced by Bill 73 to the Planning Act be incorporated into the amendments to the Committee of Adjustment Procedure By-law

Background

At its meeting on June 20, 2016, Governance Committee adopted the following recommendation:

GOV-0008-2016

That Legal Services staff be directed to report back to Council on a suitable solution for the Committee of Adjustment Procedure By-law 350-07 to include public notice when applications are withdrawn as outlined in Mr. Chris Mackie's deputation on behalf of Cranberry Cove Port Credit Ratepayers' Association to Governance Committee on June 20, 2016.

| Council | 2016/08/22 | 2 |
|---------|------------|---|

Subsequently, this recommendation was approved by General Committee on June 29, 2016 and adopted by Council on July 6, 2016.

Comments

The request made to Governance Committee proposed that a procedure be formalized for how the Committee of Adjustment should deal with those situations where an applicant who is seeking a minor variance, or severance, requests that their application be withdrawn. The concern included that notice ought to be given of a withdrawal to residents who would otherwise be entitled to receive notice of the application itself.

Legal Services has reviewed this item in light of recent changes to the Planning Act under Bill 73, which came into effect July 1, 2016. It is proposed that in addition to setting out amendments to the Committee of Adjustment Procedure By-law to address the item identified by Governance Committee, there should also be incorporated relevant legislative changes effected by Bill 73.

Following discussions with the Secretary-Treasurer for the Committee of Adjustment, Legal Services have prepared a draft amending Procedure By-law for the Committee of Adjustment which addresses the following points:

1. A request for the withdrawal of a minor variance or severance application may be made by the applicant at any time before the Committee convenes a hearing, but only in writing and it must set out reasonable grounds;
2. Where the written request sets out reasonable grounds, the Secretary-Treasurer shall process the withdrawal administratively, and shall provide notice to property owners within 60 m of the subject lands that the application has been withdrawn (this distance is consistent with the prescribed standard for giving notice of minor variance applications under Regulation 200/96 as amended, of the Planning Act);
3. Where it cannot be determined whether the request sets out reasonable grounds, the Secretary-Treasurer shall submit the request to the Committee for determination at a hearing;
4. In the alternative to a written request being submitted prior to a hearing, an applicant may make an oral request at the commencement of a hearing for their application to be withdrawn. In such circumstance the Committee of Adjustment shall deal with the request but will retain the jurisdiction to refuse to grant the request and may then continue to deal with the application on its merits;
5. If the request for withdrawal of an application is made at a hearing, and the request is granted, notice of the withdrawal shall be given to property owners within 60 m of the subject lands upon the conclusion of the hearing.

| | | |
|---------|------------|---|
| Council | 2016/08/22 | 3 |
|---------|------------|---|

6. The amendment incorporates the provision from Bill 73 which prohibits a person from seeking a minor variance to a zoning by-law within two years from where that zoning by-law was enacted for the same lands, unless there is a Council resolution which waives this two year prohibition; and
7. The amendment also incorporates the provision from Bill 73 which requires that decisions issued by the Committee of Adjustment include a brief explanation of the effect, if any, which oral and written submissions made upon the decision.

Financial Impact

In order to implement the requirement that notice of a withdrawn application be sent to neighbouring property owners, there will a marginal increase cost associated with the preparation and distribution of such notices.

Conclusion

The proposed amendments to the Committee of Adjustment Procedure By-law respond to the direction given at Governance Committee to address the situation of where an application for a minor variance or severance is withdrawn, and also incorporate new provisions arising from recent changes to the Planning Act made by Bill 73.

 3. The Secretary-Treasurer shall refuse to accept an application for a variance where the circumstances in section 2 apply.
 4. Sections 2 and 3 do not apply in respect of an application where the Council for The Corporation of the City of Mississauga has declared by means of a resolution that such an application is permitted.

- (b) If a request for withdrawal of an application is made in writing prior to the commencement of the hearing, on the basis of reasonable cause, the Secretary-Treasurer shall make a record that the application has been withdrawn and shall immediately give notice to all property owners within 60 m of the subject lands that the application has been withdrawn. Where the Secretary-Treasurer has made a record that an application has been withdrawn, the Committee shall take no further action in respect of that application.
- (c) Where a written request for withdrawal of an application fails to set out reasonable cause for the withdrawal, or where the Secretary-Treasurer is unable to determine whether the written request for the withdrawal sets out reasonable cause, the request for withdrawal of an application shall be presented to the Committee at its next scheduled hearing and the Committee shall determine what further action to take in respect of that application.
- (d) Where a request for withdrawal of an application is made orally at the hearing, the Committee shall become seized of the matter and shall determine whether to grant the request or whether to continue with a hearing on the application. If the Committee grants the request for withdrawal of an application, upon the conclusion of the hearing the Secretary-Treasurer shall immediately give notice to all property owners within 60 m of the subject lands that the application has been withdrawn.

Re: Opposition to the introduction of Pay and Display along Residential neighborhood - St. Lawrence Drive, Port Credit (Ward 1)

Port Credit Village, the community of townhomes south east of Hurontario and Lakeshore, is comprised of almost 184 residences that has St. Lawrence Drive to the West and the South and includes the eastern portion of St. Lawrence Drive running directly through the community. The community represents a landmark for Port Credit and was the first step in revitalizing the Port Credit area.

The homeowners of Port Credit Village are represented by 5 condominium corporations, and the purpose of this letter is to inform you that not only do the residents of the community oppose the planned "Pay and Display" along St. Lawrence Drive, but so does the joint Condominium Corporations who represent the community. (A letter was submitted to Councilor Tovey) It should be noted that the Port Credit Village owners contributed financially to the development of the lands across the waterfront on the south side of St. Lawrence Dr. when the community was first established.

It should be noted that the City has planned to implement Pay and Display meters along St. Lawrence Drive without Council Approval, without any discussion with the homeowners who are directly impacted and, in a manner which is not consistent with other residential Port Credit on-street parking.

The homeowners and condominium corporations representing Port Credit Village are requesting that the residential/park street 'St. Lawrence Drive' be omitted from any future Pay and Display plans. The rationale is that this street and community is a residential and park area providing access to the waterfront for ALL residents of Mississauga and the area contributes to beauty, economic growth, and prosperity of Port Credit. This area does not constitute a commercial area. Residents feel that St. Lawrence Dr. should be treated like ALL other Port Credit residential on-street parking not subject to Pay and Display parking restrictions. (ie. Hiawatha Park and Cumberland Dr., Stavebank Rd, Oakwood, etc)

The Port Credit Village residents have prepared a petition for Council and this petition and documentation has been filed with the Clerk and also sent to the Mayor and Councilor's office. It is our understanding that in September, City of Mississauga Parking staff now plan to bring forward the new proposal to include St. Lawrence Drive in the 'on street' Pay and Display initiative. We strongly oppose this and we hope that as our representative in Ward 1, you will also support our opposition based on the following principles;

1. Port Credit Village is a residential/park community and NOT commercial. The inclusion of St. Lawrence Drive which wraps around and runs through the Village was NOT approved by Council and will negatively affect home owners and the community of Port Credit Village.
2. Port Credit Village owners contributed financially to the development of the lands across the waterfront on the south side of St. Lawrence Dr.
3. The Waterfront area is a high turnover street allowing for all residents of Mississauga to access for short walks and bike rides and to enjoy the beauty of the waterfront and Port Credit community and businesses.
4. The residences of Port Credit Village are well maintained and have contributed to the beauty and reputation creating high demand real estate for Port Credit. Placing pay and display boxes in front of homes that are valued in excess of \$1M and along the waterfront will negatively affect real estate in this high demand area as well as the beauty of the community.
5. Tax payers in the community are highly taxed and should be treated similarly to other high tax areas including Stavebank, Cumberland and Oakwood where no 'on street' parking is planned even though these streets also provide access to the waterfront.
6. The excessive times planned for metered parking, ie, Friday and Saturday evenings until 9pm and Sundays all day prohibit owners in the Port Credit Village from providing ample parking for guests and family members. This also creates an enforcement issue for our 40 visitor parking spots.
7. Residents feel that the city is hitting a highly taxed community with a tax-grab simply because this well maintained and beautiful community has contributed so much to the growth of Port Credit. No other residential area of Port Credit will be impacted even though these other residential waterfront streets such as Cumberland and Oakwood provide high demand access to the waterfront.

Mayor and Councilor - we look forward to your assistance with this matter.

Sincerely, Sharon Suter

Port Credit / St. Lawrence Drive Parking Petition – August 2016

Issue: HomeOwners of Port Credit Village (approx.. 190 residences) oppose the implementation of Pay and Display on St. Lawrence Drive.

Background:

- A meeting was held in June, 2016 with City Parking staff and Councilor Tovey as well as residents of the Port Credit Village to address proposed changes to the parking along St. Lawrence Drive.
- Staff indicated that ALL ‘on street parking’ in Port Credit would be effected and thus it made no sense for St. Lawrence Drive to be excluded.
** This was not an accurate statement since we now know that the only non-commercial street under consideration is St. Lawrence Dr.
- NO other residential or park communities are proposed at this time
- A review of the *Port Credit – Paid Parking Expansion and Operational Changes (Ward 1)* which was submitted to the General Committee meeting on April 6, 2016 and approved by Council on April 13, 2016 indicates that ‘St. Lawrence Drive’ was NOT part of the approved list.
- The Parking Staff of the City have now indicated they will proceed back to Council in September to add St. Lawrence Dr. to the approved list making it the ONLY residential street to be included.

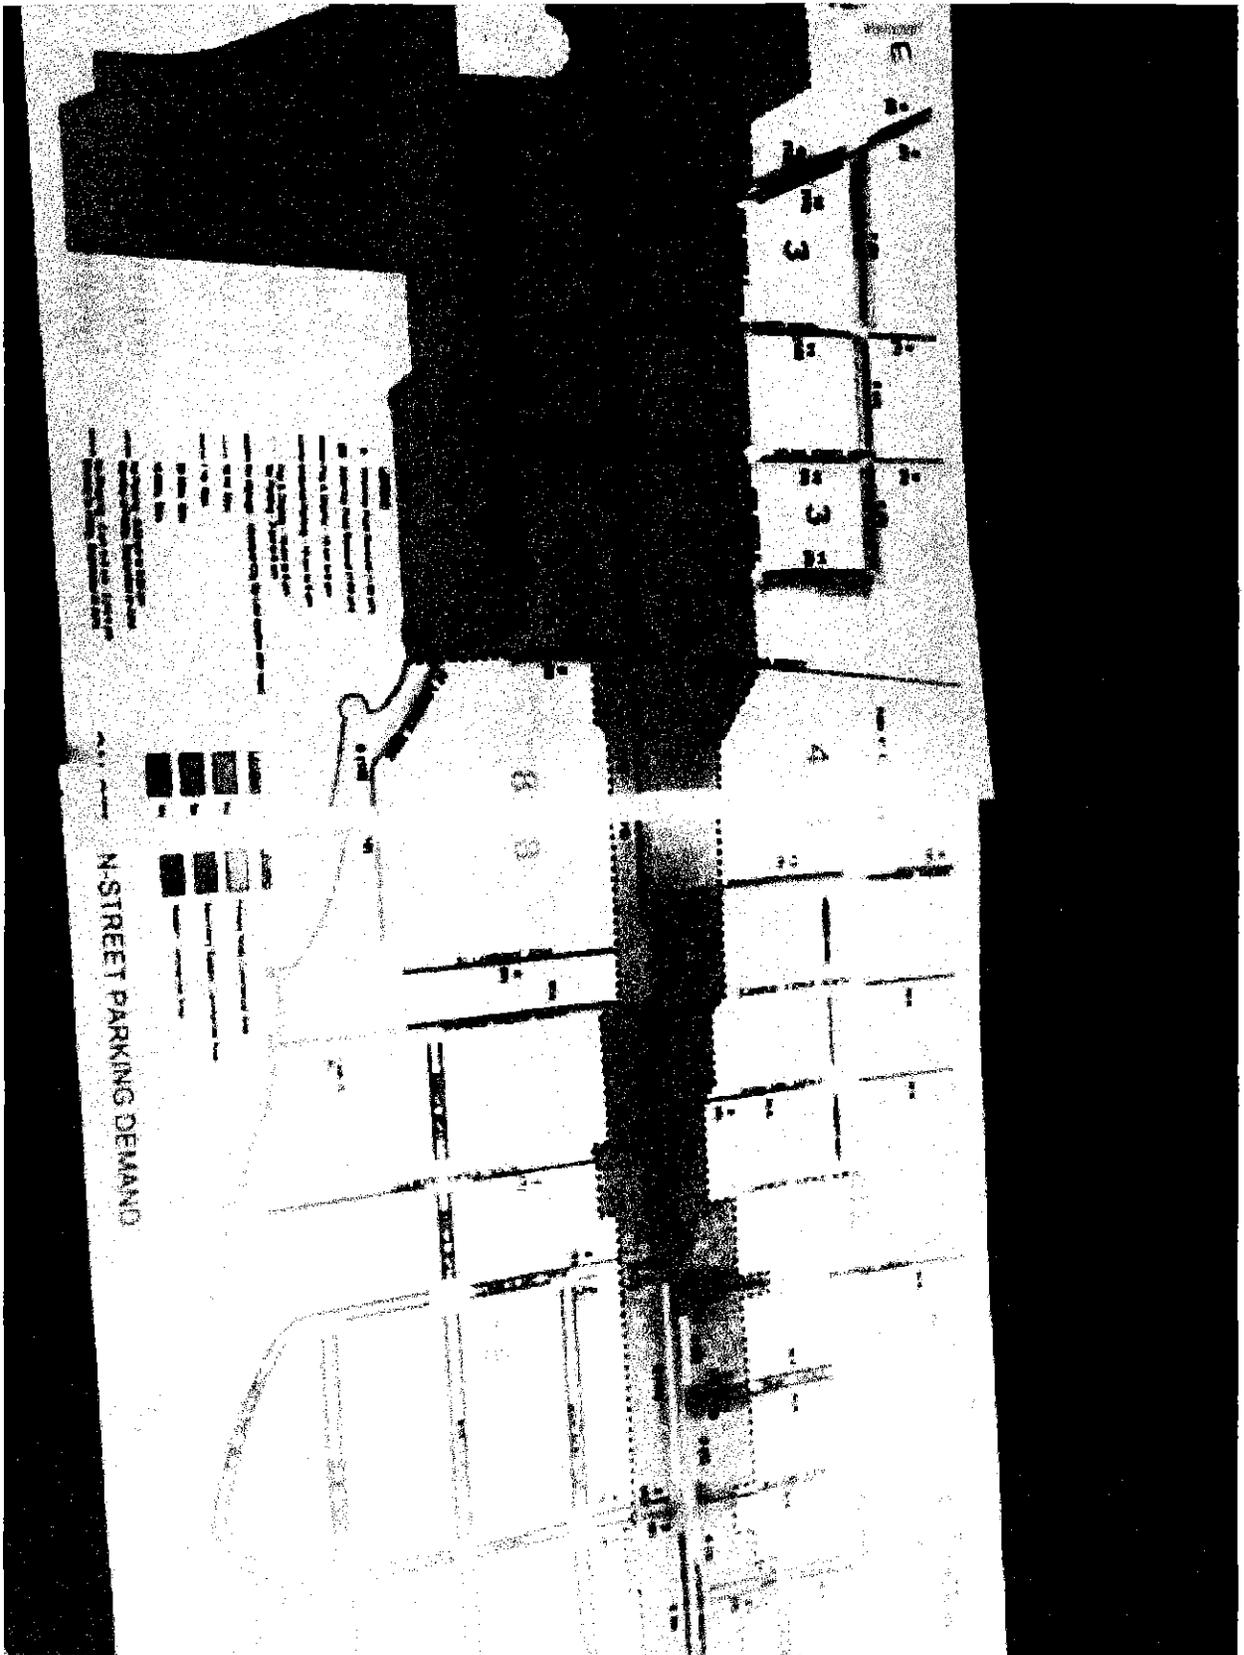

NOTE: The Waterfront Park and roadways were developed largely by the original owners of Port Credit Village. The cost to purchase residences in Port Credit Village included both the roadway and the land supplied for the park. This community continues to be the cornerstone of beauty and attraction for the Port Credit area largely due to the well maintained and curb appeal beauty of the community.

The City imposed parking resulting in pay and display boxes being placed on front lawns and along the waterfront will affect the beauty of the community as well as the value of the properties which have contributed to the growth and high demand and desirable real estate in the Port Credit area over the last decade. Port Credit Village continues to be a land-mark of Port Credit.

Current Situation:

- The Port Credit Village residents have prepared a petition which has been submitted to Council for consideration.
 - In September, when city staff bring forward the proposal to add St. Lawrence Drive, we plan to oppose and hope that Jim Tovey, our Ward 1 Councilor and the Mayor will support our opposition based on the following principles;
1. Port Credit Village is a residential/park community and NOT commercial. The inclusion of St. Lawrence Drive which wraps around and runs through the Village was NOT approved by Council.
 2. Port Credit Village owners contributed financially to the development of the lands across the waterfront on the south side of St. Lawrence Dr.
 3. The Waterfront area is a high turnover street allowing for all residents of Mississauga to access for short walks and bike rides and to enjoy the beauty of the waterfront and port credit community and businesses.
 4. The residences of Port Credit Village are well maintained and have contributed to the beauty and reputation creating high demand real estate for Port Credit. Placing pay and display boxes in front of homes and on front lawns of homes that are valued in excess of \$1.3M as well as homes along the waterfront will negatively affect real estate in this high demand area as well as the beauty of the community.
 5. Tax payers in the community are highly taxed and should be treated similarly to other high tax areas including Stavebank, Cumberland and Oakwood where no 'on street' parking is planned even though these streets also provide access to the waterfront.
 6. The excessive times planned for metered parking, ie, Friday and Saturday evenings until 9pm and Sundays all day prohibit owners in the Port Credit Village from providing ample parking for guests and family members. This also creates an enforcement issue for our 40 visitor parking spots.
 7. Residents feel that the city is hitting a highly taxed community with a tax-grab simply because this well maintained and beautiful community has contributed so much to the growth of Port Credit. No other residential area of Port Credit will be impacted even though these other residential waterfront streets such as Cumberland and Oakwood provide high demand access to the waterfront.

- Based upon information, research, and Councillor input and discussions, the Governance Review Task Force has developed several options for the consideration of Regional Council.

DISCUSSION

1. Background

a) Regional Governance

The Regional Municipality of Peel was incorporated in 1974 to provide a wide range of cost-effective programs and services over a larger geographical area that enhance our community's health and safety, social and cultural development, environment, infrastructure and transportation systems.

Until 2005, Peel Region was governed by the Regional Chair and 21 Members of Regional Council representing its member municipalities: the City of Mississauga was represented by ten members, the City of Brampton was represented by six members and the Town of Caledon was represented by five members.

In 2005, *The Regional Municipality of Peel Act, 2005*, was enacted and increased the composition of Regional Council to 25 members, including the Regional Chair. Brampton's representation increased from six to seven members. The City of Mississauga's representation increased from ten members to twelve members. The Town of Caledon remained constant at five members.

Peel Region is growing rapidly; over the next 20 years, the population gap between its two largest municipalities will continue to narrow, while growth in Caledon will begin to accelerate.

Currently, neither the *Municipal Act, 2001*, as amended, nor the *Regional Municipality of Peel Act, 2005*, sets out a formula for reviewing the size or composition of Regional Council. The Region may determine a solution for "effective representation" of the member municipalities.

Members of the Task Force recognized that Peel Region is a "hybrid" region with two highly urbanized peer municipalities and one rural municipality. Consequently, different factors, including representation-by-population, area, and history each have a place when determining their respective representation at Regional Council.

b) Governance Review Task Force

During the last term of Regional Council, issues related to the method of electing a Regional Chair and Brampton's representation on Regional Council were raised. A task force

RECOMMENDATIONS ARISING FROM THE GOVERNANCE REVIEW TASK FORCE

consisting of the Mayors of Caledon, Brampton and Mississauga, the Regional Chair, the Chief Administrative Officers (or their designate) of the Region of Peel, Cities of Brampton and Mississauga, the Town of Caledon and the Regional Clerk was established.

Regional Council considered the "Report of the 2013 Task Force on the Election of Regional Council and Brampton Representation" and passed a resolution directing staff to report to Regional Council in early 2015 to initiate a review of the governance of the Regional Municipality of Peel, including a review of the options for election of the Regional Chair and a review of the composition of Regional Council.

At its meeting held January 22, 2015, Regional Council established the Governance Review Task Force, consisting of the Mayors of Caledon, Brampton and Mississauga, the Regional Chair, the Chief Administrative Officers (or their designate) of the Region of Peel, Cities of Brampton and Mississauga and the Town of Caledon and the Regional Clerk, to develop and report back to Regional Council on terms of reference and approach for a review of the governance of the Region of Peel, options for selection of the Regional Chair; and, the composition of Regional Council (Resolution 2015-36).

At the September 24, 2015 Regional Council meeting, Regional Chair Dale advised that the Governance Review Task Force held a number of discussions and agreed to appoint a facilitator through a Request for Proposal. Regional Council passed a resolution directing that the Terms of Reference for the Governance Review Facilitator include the opportunity for all members of Regional Council to participate in the process either as a whole or through one on one consultation (Resolution 2015-719).

On March 31, 2016, Regional Council was advised by the Regional Clerk that a Facilitator had been retained by the Governance Review Task Force and that meetings with individual Councillors had been scheduled with the Facilitator. The Regional Clerk stated that the Task Force would be reporting to Regional Council with recommendations following those consultations. Regional Council passed resolution 2016-262 directing the Governance Review Task Force to keep Members of Council informed by providing Agendas, Minutes and Reports to meetings of Regional Council and confirming that all Members of Regional Council may attend Task Force meetings.

At the May 12, 2016 Regional Council meeting, Regional Council received the report of the Governance Review Task Force meeting held on April 28, 2016 which indicated that the Mayors and Chief Administrative Officers from each local municipality would provide the Facilitator's presentation to their respective Councils for feedback and direction and provide the outcomes from said meetings to the Facilitator on or before May 20, 2016. The presentation and outcomes from the local municipalities' meetings would form the basis for an extended facilitation session on May 27, 2016 with the Task Force.

2. Process

A change in Regional Council's composition or the method of selecting the Chair can be in place for the 2018 municipal elections only if changes are implemented before December 31, 2017.

Council may request the Minister of Municipal Affairs and Housing (Minister) to enact a regulation authorizing the Region of Peel to exercise its powers under section 218 of the

RECOMMENDATIONS ARISING FROM THE GOVERNANCE REVIEW TASK FORCE

Municipal Act, 2001, as amended, in order to change the method of selecting the Regional Chair and/or to change the composition of Regional Council, to be effective for 2018.

If the Minister enacts the requested regulation, a regional by-law would be drafted in accordance with the provisions of the regulation and the rules set out in the *Municipal Act, 2001*.

A statutory public meeting of Regional Council would be held and by-laws drafted to exercise the power to change the composition of Council or method of selecting the Regional Chair. Public Notice of Council's intention to adopt a by-law under section 218 of the *Municipal Act* would be given and the by-law would need to pass a triple majority to consent to the by-law. A triple majority requires that the majority of the three local municipalities' Councils pass resolutions consenting to the by-law and the total number of electors in the local municipalities that have passed resolutions consenting to the by-law must form a majority of all electors in the Region of Peel.

If a triple majority is achieved, the by-law would come into force on the day the new Council is organized following the first regular election after the passing of the by-law.

Prior to the start of the term of office, additional administrative work would be required such as amendments to the Procedure By-law and renovations to the Council Chamber to accommodate the increase in the number of Councillors.

3. Proposed Direction

a) Selection of the Regional Chair

The Task Force came to consensus that the principal role of the Regional Chair is to facilitate effective discussion and debate among members of Regional Council, rather than to exercise an independent political mandate.

A minority of Councillors also expressed concern that the most recent election was confusing for new members who might have benefited from a clearer orientation process, as well as, an opportunity prior to the election to meet each candidate in a structured and transparent way.

The Members of the Task Force recommend that the position of Regional Chair should continue to be selected by Members of Regional Council. They also suggested that a report be brought to a future meeting of Regional Council to review of the process of appointing the Regional Chair.

b) Size and Composition of Regional Council

Members of the Task Force acknowledged that Brampton is under-represented at Regional Council and that any change to the size and composition of Regional Council should address this imbalance.

Members of the Task Force also acknowledged that Mississauga residents continue to make-up more than 50 per cent of the Region's population.

RECOMMENDATIONS ARISING FROM THE GOVERNANCE REVIEW TASK FORCE

Members of the Task Force also acknowledged that over the next 20 years, the population gap between the two largest municipalities will continue to narrow, while growth in Caledon will begin to accelerate. Different rates of growth among its three municipalities mean that Regional Council may adjust its size and allocation of seats for its members to ensure effective representation.

The Task Force reviewed extensive data concerning peer jurisdictions, projected population growth, as well as a series of eleven options for rebalancing the size and composition of Regional Council.

The Task Force considered 13 main options presented by the facilitator paying particular attention to four.

The Task Force also agreed that should Council approve an increase in the size of Regional Council, the Region would share the costs with local municipalities, of reasonable expenses for renovating local and regional chambers and office space to accommodate additional members.

The four options discussed by the Task Force were:

1. Increase the size of Regional Council at the time of the 2018 election to 28 seats. Brampton's representation would increase by four seats to 11 seats. Mississauga's representation would remain constant at 12 seats. Caledon's representation would remain constant at five seats.
2. Increase the size of Regional Council at the time of the 2018 election to 32 seats. Brampton's representation would increase by four seats to 11 seats. Mississauga's representation would increase by four seats to 16 seats. Caledon's representation would remain constant at five seats.
3. The size of Regional Council at the time of the 2018 election would remain at 24 seats. Brampton's representation would increase by two seats to nine seats. Mississauga's representation would remain constant at twelve seats. Caledon's representation would decrease by two seats to three seats.
4. Increase the size of Regional Council at the time of the 2018 election to 28 seats. Brampton's representation would increase by two seats to nine. Mississauga's representation would increase by two seats to 14. Caledon's representation would remain constant at five seats.

| Municipality | Current | Option 1 | Option 2 | Option 3 | Option 4 |
|--------------|-----------|-----------|-----------|-----------|-----------|
| Brampton | 7 | 11 | 11 | 9 | 9 |
| Caledon | 5 | 5 | 5 | 3 | 5 |
| Mississauga | 12 | 12 | 16 | 12 | 14 |
| Total | 24 | 28 | 32 | 24 | 28 |

Some of the options may be considered as "Phase I" with the Task Force suggesting that the option chosen can be further reviewed (Phase 2) by Regional Council prior to the 2022 and 2026 elections to consider any imbalance and growth and change in population. During

RECOMMENDATIONS ARISING FROM THE GOVERNANCE REVIEW TASK FORCE

the second phase, Regional Council could expand at the time of either the 2022 or 2026 election. At that time, Brampton could receive two additional seats, increasing its representation to eleven members. Caledon would continue to be represented by five Regional Councillors, while the size of Mississauga's representation would either increase or remain constant (subject to the decisions of future Councils).

FINANCIAL IMPLICATIONS

There may be financial implications as a result of Council's decision. Upon achieving a triple majority and the implementation of a new composition of Council, and if that implementation includes additional Councillors, the financial implications will include costs of offices, substantial chamber renovations and ward boundary review and re-alignment (one-time costs). The Region of Peel agrees to cost share 50 per cent of one-time costs to municipalities that are incurred as a result of composition changes due to representation.

CONCLUSION

The Governance Review Task Force has considered many factors and taken into consideration the input from all Councillors and each local municipality and population and the hybrid nature of the Region of Peel in making the recommendations contained herein.

The Governance Review Task force has completed its mandate and presents its four options and recommendations for the consideration of Regional Council.

Dear Mayor Crombie:

Thank you for your letter of July 8, 2016 about leveraging cap and trade revenue to fund cycling infrastructure.

As Minister of the Environment, I am always pleased to hear from municipal partners who bring forward comments and recommendations about our environmental initiatives. As a cyclist myself, I certainly recognize the importance of funding for cycling infrastructure.

On June 8, 2016, Ontario released the Climate Change Action Plan. The plan outlines the initiatives we will be undertaking to ensure Ontario reaches the greenhouse-gas (GHG) emissions targets we set out in our Climate Change Strategy. It will create good jobs, help people and businesses become more energy-efficient, and accelerate a shift to a more sustainable society. More information about the plan is available on the website at <https://news.ontario.ca/opo/en/2016/06/ontario-releases-new-climate-change-action-plan.html>.

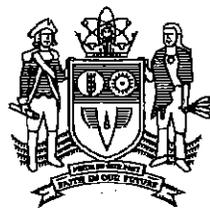

Building on #CycleON: Ontario's Cycling Strategy, the Climate Change Action Plan announced up to \$225 million over the next four years to improve the cycling experience in Ontario and to encourage more Ontarians to cycle. We will improve the cycling network for commuting cyclists, provide facilities for safe cycling in urban areas, and will provide more bicycle parking at transit stations and provincially owned, publicly accessible facilities. Please visit the website at <http://www.mto.gov.on.ca/english/publications/pdfs/ontario-cycle-strategy.pdf> for more details.

I trust this information is helpful. Thank you, again, for bringing the City of Mississauga's perspective to my attention, and please accept my best wishes.

Sincerely,

Glen Murray

Dear Minister Murray,

Re: Ontario Climate Change Strategy

At its meeting on June 8th, 2016, the Council of the Corporation of the City of Mississauga adopted the enclosed Resolution 0117-2016 with regards to Ontario's Climate Change Strategy and the role of cycling.

In November 2015, Ontario released a Climate Change Strategy to set the long-term vision for meeting greenhouse gas pollution reduction targets. The Climate Change Action Plan – Ontario's five year plan to fight climate change, reduce greenhouse gas pollution and transition to a low-carbon economy – is a keystone of the strategy which seeks to reduce greenhouse gas emissions to 80% below 1990 levels by 2050.

The Mississauga Cycling Advisory Committee (MCAC) is very focused on cycling and climate change and believes that cycling can play an important role in meeting our climate change goals. An Ontario wide poll shows that 4.5% of Ontario residents ride a bike at least monthly and that 54% of Ontario residents want to cycle more than they currently do. Of the 54% polled, 67% would be encouraged to cycle more if there were more and better cycling infrastructure available.

The City of Mississauga has made great progress towards increasing cycling throughout our city in addition to closing the gaps in our cycling infrastructure through our Living Green Master Plan, Cycling Master Plan and successful Community Ride Program. There is a strong interest among municipalities in building and investing in cycling infrastructure. Increased investment in cycling infrastructure will complement the investments being made in public transit at both at the provincial and federal levels of government, improve and enhance the multi-use trail system, increase the safety of our residents and encourage more cycling as a means of transportation.

Our Council requests that the Provincial Government consider leveraging the Provincial cap and trade program to provide \$200 million for cycling infrastructure across Ontario over the next four years. A funding commitment will help to achieve the goals set out in the Ontario Climate Change Strategy and also contribute to meeting objectives in the Province's CycleOn Strategy and Action Plan 1.0.

We appreciate your consideration and should you have any questions, please do not hesitate to contact my office.

Sincerely,

BONNIE CROMBIE, MBA., ICD.D

Date of Notice: August 24, 2016

Notice of Motion:
Submitted by C. Parrish

Sept 14, 2016

Whereas the Region of Peel is planning to replace the crumbling noise barriers in Malton along Finch Avenue between Highway 427 and Darcel Avenue in 2017; and

Whereas the Region of Peel will be also replacing an existing return noise barrier along Darcel Avenue, approximately 55 meters from the end of the daylight triangle at Finch Avenue to include 3 more properties, as the barrier is within an existing Region of Peel right-of-way; and

Whereas the remainder of the fences along Darcel Avenue from Finch Avenue to Brandon Gate Drive (5 houses) are not eligible for an upgrade because the location does not meet the criteria within City of Mississauga Policy 09-03-03 *Noise Barriers on Major Roadways Policy and Procedure* with respect to the minimum required road classification; and

Whereas Darcel Avenue changes from a two-lane minor collector residential roadway to a multi-lane roadway between Brandon Gate Drive and Finch Avenue, adjacent to a commercial property, thereby presenting a unique situation; and

Whereas the Region of Peel has offered to pay 50% of the cost to extend the noise barrier to Brandon Gate (including a return barrier along Brandon Gate) provided that that the City contributes the remaining 50%; and

Whereas such exceptions to complete a street have been done in the past;

Therefore be it resolved that the Council of the Corporation of the City of Mississauga enacts the following:

1. That Mississauga Council waive City of Mississauga Policy 09-03-03 Noise Barriers on Major Roadways Policy and Procedure; in this instance, more specifically the Installation Criteria section and the section entitled Retro-fit Program Category; and for the five homes completing the noise barriers backing onto Darcel Avenue behind Penny Lane, and
2. That up to \$45,000 be added to the Transportation and Works 2017 Capital Budget for payment to the Region of Peel - an amount equivalent to 50% of the cost for the installation of a new noise barrier behind house numbers 3885, 3889, 3893, 3897, and 3901 Penny Lane and include a return barrier at house number 3885 Penny Lane, once the final estimates come in from the Region, and
3. That the said barrier be installed on City right-of-way and be included in the City's Noise Barrier Inventory once completed; and
4. That the motion be sent to the Transportation Division of the Region of Peel's Public Works Department for information and action.

Motion

September 14, 2016.

WHEREAS the Council of the Region of Peel passed resolution (2016-543) to increase the elected representatives for Regional Council from 24 members (12 Mississauga, 7 Brampton, 5 Caledon) to 32 members (16 Mississauga, 11 Brampton, 5 Caledon) on June 23, 2016; and

WHEREAS the unanimous position of the Council for the City of Mississauga, the vote taken June 22, 2016, chose to keep Peel Regional Council at 24 members (12 Mississauga, 9 Brampton, 3 Caledon) out of a respect for the democratic principle of representation by population and a concern for the expenses involved with physical office/council table renovations and increased staffing expenses; and

WHEREAS the “triple majority” required to implement changes to Regional Council entails the Council representing the majority of the population of the Region – in this case Mississauga – approving the resolution before the change can be implemented by the Province;

THEREFORE BE IT RESOLVED that Mississauga Council rejects Option 2 as recommended by Peel Regional Council June 23, 2016 as unrealistic, expensive and undemocratic; and further

The conclusion reached today be communicated immediately to Peel Regional Council, to the Minister of Municipal Affairs and to the Premier of Ontario; and further

The members of Peel Regional Council be requested to revisit the discussion at the earliest opportunity, while there is time to implement any changes for the 2018 Municipal Election.

Signed:
