Prepared by: Ezio Savini, Director, Building Division
A By-law to appoint a Chief Building Official, Deputy Chief Building Official and Inspectors for the enforcement of the Building Code Act, 1992, as amended, for the City of Mississauga and to repeal By-law 0038-2016.

WHEREAS subsection 3(2) of the Building Code Act, 1992, S.O. 1992, c. 23, as amended (the “Building Code Act, 1992”), directs the Council of each municipality to appoint a Chief Building Official and such Inspectors as are necessary for the enforcement of the Building Code Act, 1992 in the area that the municipality has jurisdiction;

AND WHEREAS the existing appointments of the City of Mississauga Building Officials were made under the authority of By-law 0038-2016, as amended;

AND WHEREAS it is appropriate to renew and update the list of appointments;

NOW THEREFORE the Council of The Corporation of the City of Mississauga ENACTS as follows:

1. Ezio Savini is hereby appointed Chief Building Official for The Corporation of the City of Mississauga.

2. David Martin Baker and Leo Cusumano, are hereby appointed Deputy Chief Building Officials for The Corporation of the City of Mississauga, to hold office during the temporary absence or disability of the Chief Building Official.

3. Those persons named in Schedule ‘A’ to this By-law are hereby appointed as Inspectors for The Corporation of the City of Mississauga, under the direction of the Chief Building Official, for the purposes of enforcement of the Building Code Act, 1992.
4. Those persons named in Schedule ‘B’ to this By-law are hereby appointed as Inspectors for The Corporation of the City of Mississauga, under the direction of the Chief Building Official, for the purposes of enforcement of the Building Code Act, 1992 respecting fire safety matters.

5. The appointments made under the authority of this By-law shall terminate at the earliest of the following dates:
   (a) the date the person appointed ceases to be an employee of The Corporation of the City of Mississauga; or
   (b) the date a By-law is passed by the Council for The Corporation of the City of Mississauga repealing this By-law, or amending this By-law to delete the person’s name either from this By-law or from a Schedule to this By-law.

6. All schedules referred to in this By-law shall be deemed to be part of the By-law.

7. By-law 0038-2016, as amended, is hereby repealed.

ENACTED AND PASSED this day of 2016.

Dear Catherine Soplet:

I am writing to acknowledge your delegation at the Regular Meeting of the Board on August 31, 2016 regarding the 2017 Pilot of the Citizenship Apprenticeship Program, Immigration and Poverty.

I understand that you and Director Pontes have had a discussion regarding your requests, the board's support and its focus.

As such, and as indicated by Director Pontes, the Board is able to confirm the following:

1. The board has previously indicated its support in principle for a Citizen Apprenticeship pilot and can support this with some communication connected to Canada's 150th birthday in 2017. Director Pontes also confirmed that he would seek a principal representative on the organizing committee.

2. The board did send out a Twitter message on September 8th to recognize the 50th anniversary of International Literacy Day.

3. The board will develop a communication to recognize October 17th as the United Nations International Day for the Eradication of Poverty that is aligned and supportive of our board's United Way Campaign.

4. As Director Pontes indicated to you, the board is unable to support your two requests to make submissions to the Ministry of Immigration, Refugees and Citizenship and to the Federal Study Committee on Human Resources as these requests fall outside the mandate and focus of the board.

I appreciate that you and Director Pontes had a good conversation about the board's mandate as it concerns future requests for support that fall outside of that mandate. Certainly the board is happy to receive copies of letters you write to other organizations where the board can be tangentially supportive.

On behalf of the Board, thank you for your commitment to student success.

Sincerely,

Janet McDougald
Chair

Open Letter to Elected Representatives serving Residents in the Region of Peel:

Members of Parliament
Members of Provincial Parliament
Region of Peel Council
Council for the City of Mississauga
Council for the City of Brampton
Council for the Town of Caledon
Peel District School Board
Dufferin Peel Catholic District School Board
Conseil scolaire Viamonde
Conseil scolaire de district catholique Centre-Sud

This letter provides a 9-month update to an Open Letter dated January 1, 2016. The Open Letter was e-mailed to all elected representatives serving residents in the region of Peel.

- The Open Letter asks representatives, "What can you do to alleviate poverty in our neighbourhoods?"
- For convenience, an Executive Summary and full text of Open Letter dated January 1, 2016 can be accessed on-line: http://ow.ly/IqiI303YroI.

On August 31, 2016 a delegation made to Peel DSB provided a one-year update from June 2015 to develop a 2017 pilot of a Citizen Apprenticeship tutor hub, in a public library.

- Citizen Apprenticeship envisions that volunteer tutor hours can trade up for post-secondary training and tuition.

Poverty Reduction via Innovation in Education by utilizing volunteer mentoring programs

The delegation was framed on the social theme of poverty reduction, and illustrated using the Six Lessons on Innovation logic model designed by Peter A. Singer, President & CEO of Grand Challenges Canada. Grand Challenges Canada is federally funded to support research which makes progress on United Nations’ Sustainable Development Goals, such as literacy levels, which are seen to make progress on poverty in high-needs areas in developing countries, and also in Canada.

- The slide deck can be viewed on-line: http://ow.ly/LViZ303Yh7t
  The logic model appears as slide 14. Citation: Peter A. Singer, via twitter

The Six Lessons on Innovation are:

1. Focus Investment on a Grand Challenge
2. Energize a generation of Innovators and Social Entrepreneur
3. Source widely and scale selectively
4. Emphasize outcomes and choose smart partners
5. Mobilize new resources for scale
6. Foster "Reverse Innovation", where the student becomes the teacher

Elected Representatives for Residents in Region of Peel

The Six Lesson on Innovation logic model was adapted for the delegation to illustrate how voluntary mentoring programs already supported by Peel District School Board, and envisioned by a 2017 pilot of a Citizen Apprenticeship tutor hub, overlay the Six Lessons on Innovation. The Grand Challenge is defined as Poverty Reduction in Peel. The process framework of collective impact can leverage parent engagement and student achievement typically seen in establishing Ontario Ministry of Education - Parents Reaching Out grants program in Peel District School Board schools. Lesson Six, Reverse Innovation, is attained where the student becomes the teacher as a Citizen Apprenticeship program tutor.

The adapted slide for Six Lessons on Innovation thus reads:
1. Focus Investment on a Grand Challenge
   Poverty Reduction in Peel Region, framed for Collective Impact
2. Energize the Next Generation of Innovators and Social Entrepreneurs
   Parents boost learning: Establish Parents Reaching Out grants projects
3. Source Widely and Scale Selectively
   Stakeholders at Peel Region Poverty Reduction Strategy
4. Emphasize Outcomes and choose smart partners
   Peel Counts and other evaluator population data analytics
5. Mobilizes New Resources for Scale
   Do more sites, move sites from public schools to public libraries
6. Foster Reverse Innovation
   The student becomes the teacher: Citizen Apprenticeship Youth Tutor Hubs.

"Future of Immigration" Consultations of Immigration, Refugees and Citizenship Canada
Peel District School Board was informed that Building Up Our Neighbourhoods made a submission to the federal consultations on the "Future of Immigration" held by Immigration, Refugees and Citizenship Canada. The submission referenced a 2008 contribution by Catherine Soplet to national workshop consultations for "Social Engagement and Integration" conducted by Citizenship and Immigration - Social Integration Unit.

The contribution in 2008 of community-based participatory research described the transformative experience in high-needs schools of Peel District School Board, located in Mississauga’s Sheridan community. Increased parent engagement and improved student achievement occurred within the same academic year as outreach workshops funded by Parents Reaching Out grants. Read the contribution: http://ow.ly/hfqv302Yf08
The delegation said recommendations to 2016 "Future of Immigration" consultations repeated 2008 requests for:

1. support of Settlement Workers in Schools to engage parents in voluntary mentoring programs modelled on Ontario Ministry of Education - Parents Reaching Out grants
2. creation of a Citizen Apprenticeship tutor model, with a focus on literacy and language fluency, which would capture and trade up volunteer tutoring time for the tutor's post-secondary training and tuition.

**2016 hearings on Poverty Reduction: Federal Standing Committee on Human Resources, Social Development and the Status of Persons with Disabilities [the HUMA Committee].**

Peel District School Board was notified that Building Up Our Neighbourhoods has requested to appear as a witness to the Federal Standing Committee on Human Resources, Social Development and the Status of Persons with Disabilities [the HUMA Committee]. As a witness, attention will be drawn to a Petition to the House of Commons to reopen the 2010 Federal Poverty Reduction Plan. The petition has been endorsed by Peel District School Board, Mississauga City Council and Mississauga Library Services Board.

The subject document of the petition is a report from a June 1, 2009 anti-poverty Town Hall convened by Campaign 2000, 25in5 Network for Poverty Reduction and Family Services Toronto. The report was omitted from the proceedings of the June 2, 2009 Toronto hearings of the HUMA committee, but was later acknowledged as recovered by the responsible Minister. for Human Resources and Skills Development. The petition seeks to repatriate the omitted document to the records of the HUMA committee, in order that the voice of common people can be heard in the House of Commons.

Notes to the August 31 slide deck are available.

Please do not hesitate to contact to answer questions, or provide further information.

Best regards,

Catherine Soplet

Artificial lighting has been a great boon to our cities, towns and villages. Lighting can improve safety and make us feel more secure.

The way we light our towns and villages is changing. Significant savings in energy costs can be achieved by with LED (light emitting diode) technology, so many municipalities are converting from existing fixtures to LED.

However, even though LED lighting may save money, it is no guarantee of good lighting design. Some versions of LED lighting have been excellent, some have been terrible. Bad lighting design is a hazard to human health, damages wildlife populations and destroys our view of the night sky.

Fortunately, it is not difficult or expensive to do lighting that avoids these problems. Here are some of the points to consider when doing a conversion or retrofit.

'Glare' occurs when a light fixture shines directly into a person's eyes. LED lighting can be a serious source of glare, which is unpleasant and interferes with human ability to see properly. Look for a lighting BUG specification that has a glare zero rating (G0 in the specification). Ensure that the light emitting surface is not readily visible, but is directed to the ground or other surface.

The 'colour temperature' is a measure of the colour of the light, measured in degrees Kelvin. Older fixtures tend to have a warmer glow, with a colour temperature around 2000 Kelvin. LED fixtures are much colder, with a colour temperature around 4000 Kelvin. The light is a cold white, and contains a large blue component. Blue light at night has been implicated in health problems and should be avoided. White LEDs often contain a large component of harmful blue light.

In contrast to older lighting technologies, LED lighting is relatively simple to control. It can be directed to cause less light trespass on adjacent properties. And it can be made 'intelligent' which allows the lights to be adjusted which reduces light pollution and saves energy. For example, street light levels can be reduced during the late night hours. It is important that LED fixtures have the capability of electronic control when they are purchased: it can be prohibitively expensive to add later.

The beauties of the night sky - stars, planets and the milky way - are hidden from view in the large cities of Ontario. City kids are growing up without seeing these natural wonders. In rural areas and the streets of smaller municipalities wonderful views of the the night sky are still possible. The night sky can be protected for this and future generations by using moderate levels of lighting and 'fully shielded' fixtures with a bug rating 'uplight zero' (U0).

In summary:
- Avoid overlighting: use the mimimim light level that allows good vision
- Prevent glare: shield and aim lights so that they illuminate nearby surfaces and do not shine into the eyes of a human observer.
- Preserve the night sky: aim lights downward, shield them to prevent stray light, use the minimum necessary light level.
- Minimize light trespass: ensure that public and private lighting do not trespass on adjacent properties.
- Choose a warmer colour temperature: avoid lighting with a pure white or strong blue component. The 'colour temperature' should be less than 3000K.
- For new lighting installations use lighting that can be automatically adjusted to best suit requirements, reducing light when it's not needed.

Crystal Greer
Directory, Legislative Services & Clerk
300 City Centre Drive, 3rd Floor
Mississauga, Ontario

Dear Ms Greer,

The current Treasurer of the Clarkson BIA, Devin Walsh, Manager Royal Bank of Canada, Clarkson Branch, has advised that he has to resign from the board due to accepting a new position within RBC Bank that is not located within the Clarkson boundaries. His move is effective Monday October 31st. Pleased find attached a copy of email from Devin tendering his resignation.

The Clarkson BIA Board does not have a current Director willing or able to take over this very important role. We would like to appoint Nav Dhaliwal to take over as Treasurer from Devin Walsh. Nav is the Manager Client Care at RBC Royal Bank, Clarkson Branch. However, Nav is not currently a Director with our board.

At our last board meeting on Wednesday October 5th a motion was passed 'that Nav Dhaliwal, Manager Client Care, at Royal Bank Canada, Clarkson Branch, be elected by the board as Treasurer pending Council’s approval'.

Therefore, the board of the Clarkson BIA respectfully request that Council consider appointing Nav Dhaliwal as a director of the Clarkson BIA board to enable us to elect him as our Treasurer.

Kindly advise if any further information or documentation is required.

Yours truly,

Lynn Still
Chair Clarkson BIA

Dear Clerks:

**AMO Seeks Council Resolution**

On behalf of the AMO Board, I would ask you to place the attached resolution on council's next agenda along with this letter.

AMO wants every council to be involved in the *What's Next Ontario?* project. There is a looming fiscal gap facing Ontario’s municipalities. *What's Next Ontario?* is about recognizing the gap and seeking sector support for closing it. The response has been impressive, but there’s more to be done! We've boiled down the essence of the challenge we face in the next ten years to a one-page resolution. We urge every council in Ontario to adopt the resolution, and reply to AMO by December 1, 2016.

What does it say? We know Ontarians see infrastructure as the number one challenge facing their community. We know that even if we raise property taxes and user fees by inflation (1.8%), we will still be $3.6 billion short to fix the infrastructure gap, every year for ten years. This is what we need to address. As elected officials, how do we deal with this challenge? What is the best approach? Ontarians already pay the highest property taxes in the country. How high is too high?

We could finance this gap by increasing property taxes. It would require property tax revenue increases of 4.6% annually for 10 years, sector-wide. And, what happens if the federal or provincial governments pull back on future commitments? We know that could mean property tax revenue increases of up to 8.35% annually for 10 years, sector-wide. How might these numbers translate locally as an annual rate increase?

The attached resolution is a starting point. Thank you for bringing this to your council’s attention. My e-mail address is on the resolution and I look forward to receiving council’s support.

If you have questions, please contact Matthew Wilson, Senior Advisor, mwilson@amo.on.ca, 416-971-9856 Ext. 323.

Yours sincerely,

Lynn Dollin
AMO President
WHAT’S NEXT ONTARIO? RESOLUTION

WHEREAS recent polling, conducted on behalf of the Association of Municipalities of Ontario indicates 76% of Ontarians are concerned or somewhat concerned property taxes will not cover the cost of infrastructure while maintaining municipal services, and 90% agree maintaining safe infrastructure is an important priority for their communities;

AND WHEREAS infrastructure and transit are identified by Ontarians as the biggest problems facing their municipal government;

AND WHEREAS a ten-year projection (2016-2025) of municipal expenditures against inflationary property tax and user fee increases, shows there to be an unfunded average annual need of $3.6 billion to fix local infrastructure and provide for municipal operating needs;

AND WHEREAS the $3.6 billion average annual need would equate to annual increases of 4.6% (including inflation) to province-wide property tax revenue for the next ten years;

AND WHEREAS this gap calculation also presumes all existing and multi-year planned federal and provincial transfers to municipal governments are fulfilled;

AND WHEREAS if future federal and provincial transfers are unfulfilled beyond 2015 levels, it would require annual province-wide property tax revenue increases of up to 8.35% for ten years;

AND WHEREAS Ontarians already pay the highest property taxes in the country;

AND WHEREAS each municipal government in Ontario faces unique issues, the fiscal health and needs are a challenge which unites all municipal governments, regardless of size;

NOW THEREFORE BE IT RESOLVED that this Council supports the Association of Municipalities of Ontario in its work to close the fiscal gap; so that all municipalities can benefit from predictable and sustainable revenue, to finance the pressing infrastructure and municipal service needs faced by all municipal governments.
WHEREAS capitalized terms not defined herein have the meanings ascribed to them in the FIT Contract, Version 3.1:

WHEREAS the Province’s Feed-in Tariff (FIT) Program encourages the construction and operation of rooftop solar generation projects (“Rooftop Solar Projects”);

AND WHEREAS one or more Rooftop Solar Projects may be subject to FIT Contracts and may be constructed and operated in the City of Mississauga;

AND WHEREAS, in accordance with the rules governing the FIT Program 3.0 (the “FIT Rules”), the Council of the City of Mississauga had previously indicated, by resolution 0154-2013, its support for Rooftop Solar Projects in the City of Mississauga (the “Prior Resolution”);

AND WHEREAS, Council now indicates, by a resolution dated no earlier than June 10, 2015, Council’s continued support for the construction and operation of Rooftop Solar Projects anywhere in the City of Mississauga (the “New Resolution”);

AND WHEREAS, PURSUANT TO THE FIT Contract, where a New Resolution is received in respect of the Projects in the City of Mississauga, Suppliers will be recognized as fulfilling the requirements under Section 2.4(d)(vii) of the FIT Contract, which may result in Suppliers being offered Notice to Proceed in accordance with the terms of their respective FIT Contract(s);

AND WHEREAS the Green Energy Act, 2009, S.O. 2009, c.12, as amended, stipulates that a municipal Official Plan and Zoning By-law does not apply to a renewable energy undertaking;

AND WHEREAS the Building Code Act, 1992, S.O. 1992, c.23, as amended, applies to renewable energy projects and, as such, each Rooftop Solar Project will require a building permit issued by the City of Mississauga Planning and Building Department;

AND WHEREAS, pursuant to the Ontario Heritage Act, R.S.O. 1990, c.0.18, as amended, each Rooftop Solar Project that is proposed to be located on a property listed on the City of Mississauga’s Heritage Register or designated as a heritage property will require a Heritage Permit from the City of Mississauga prior to work commencing on such properties;

NOW THEREFORE BE IT RESOLVED THAT:

The Council of the City of Mississauga supports the construction and operation of Rooftop Solar Projects anywhere in the City of Mississauga, including but not limited to Rooftop Solar Projects on City-owned buildings;

And further, that this Resolution’s sole purpose is to enable Suppliers to achieve Notice to Proceed under their FIT Contracts, and that this Resolution may not be used for the purpose of any other form of municipal approval in relation to a FIT Contract or a Rooftop Solar Project or for any other purpose;

And further, that Council’s support shall lapse twelve (12) months after its adoption by Council.
WHEREAS the Province’s Feed-in Tariff (FIT) Program encourages the construction and operation of rooftop solar generation projects (“Rooftop Solar Projects”);

AND WHEREAS one or more Rooftop Solar Projects may be constructed and operated in the City of Mississauga;

AND WHEREAS, pursuant to the rules governing the FIT 5.0 Program (the “FIT Rules”), applications whose Rooftop Solar Projects receive the formal support of local municipalities will be awarded priority points, which may result in these applicants being offered a FIT contract by the Province prior to other persons applying for FIT contracts;

AND WHEREAS the Green Energy Act, 2009, S.O. 2009, c.12, as amended, stipulates that a municipal Official Plan and Zoning By-law does not apply to a renewable energy undertaking;

AND WHEREAS the Building Code Act, 1992, S.O. 1992, c.23, as amended, applies to renewable energy projects and, as such, each Rooftop Solar Project will require a building permit issued by the City of Mississauga Planning and Building Department;

AND WHEREAS, pursuant to the Ontario Heritage Act, R.S.O. 1990, c.0.18, as amended, each Rooftop Solar Project that is proposed to be located on a property listed on the City of Mississauga’s Heritage Register or designated as a heritage property will require a Heritage Permit from the City of Mississauga prior to work commencing on such properties;

NOW THEREFORE BE IT RESOLVED THAT Council supports the construction and operation of Rooftop Solar Projects anywhere in the City of Mississauga, including but not limited to Rooftop Solar Projects on City-owned buildings;

AND FURTHER, that this Resolution’s sole purpose is to enable the participants in the FIT Program to receive priority points under the FIT Program, and that this Resolution may not be used for the purpose of any other form of municipal approval in relation to a FIT application or a Rooftop Solar Project or for any other purpose;

AND FURTHER, that Council’s support shall lapse twelve (12) months after its adoption by Council.
