**Requesting Peel Police Patrol Zone Street Check PRP-17 race data
PEEL POLICE SERVICES BOARD DEPUTATION, January 27, 2017**

For the record, my request for 15 minutes for this Peel Police street check race-statistics deputation was dismissed:

“In accordance with the Board’s Procedure policy, you will be provided with 10 minutes for your deputation, the Board will not be extending this time.”

So I have to make this fast.

The record shows that I ended my September 23, 2016 Peel Police carding race-statistics deputation with:

I commit to releasing all Peel Police street-check data already secured through Freedom of Information and through successful appeals with the Information & Privacy Commission --and hopefully future ones.

I also commit to providing Mayors Crombie, Jeffrey and The Board with “a full review of Street Checking practices by the Peel Regional Police” pending successful resolution of two appeals with the IPC.

It will soon be three appeals.

The purpose of this deputation is to secure the final Peel Police PRP17 street check race data that Mississauga Mayor Bonnie Crombie requested after my September 23, 2016 deputation.

As you know, I document these Board meetings with video, so the quotes I’ll use are transcribed from those recordings.

Referring to race statistics, Mayor Crombie asked Chief Evans for a breakdown by Division:

Mayor Crombie: ...right. And did we ever break them down by Division?

Chief Evans: Yes we did.

Mayor Crombie: Oh. And may we see that at some point?

Chief Evans: Yes we have seen them at some point but—

Mayor Crombie: OK. I’d like to see that. Thank you.

And bless Mayor Crombie for this –I’m so grateful for her caring about Youth. She also asked for Street Check/PRP17 Breakdown of Race for those Under-18 by Division.

Here’s that exchange.

Mayor Crombie: ...And oh, the last comment, I think was about Youth. And how many Youth were –versus under 18 versus... do we know that number?

Chief Evans: That was an inquiry that I believe was made through an FOI request with Ms. Keuper-Bennett. And that's the analysis that we would have to do. But I believe, I'm not sure if there was a charge [inaudible] to that. I would have to check into that. That's an analysis we would do to do [sic] that so—

Mayor Crombie: Oh, okay. And it's not anything we've undertaken —we want to know what proportion of our street checks were youth under 18 or [inaudible]--

Chief Evans: I'm not sure if that was undertaken. I can find out [inaudible, Chief Evans, Mayor Crombie and me talking all at once] I'll have to get back to you on that.

Mayor Crombie: --by Division, information.

Chief Evans: You're talking, Madam Mayor, you're talking about the statistics from— what year?

Mayor Crombie: --what was it? '09 to 2015, I guess... --whatever you have presented to us before. That same period of time.

Again, that was in September.

On November 3, however, Freedom of Information arrived that confirms Street Check/PRP17 Breakdown of Race by Division is not the way to go. By Division turns out to be a September red herring.

When the Information and Privacy Commissioner secured more Peel Police street check race-stat documents in November —the game-changed.

Among the records was a September 24, 2015 email from Peel Police Assistant Manager of Criminal Intelligence Analysis Raphael Djabatey to Inspector Ingrid Berkeley-Brown who was responsible for the street check report and presented it to the Board the very next day.

Djabatey's September 24th email contained a chart showing "Statistics on contacts by race for hotspots patrol zones (2009 to 2014)". Djabatey's Patrol Zone street check race information was not shared with the Board or at any of the Brampton/Mississauga street check public consultations.

Peel Police Patrol Zone 21130

Patrol Zone	Aboriginal	Asian	Black	Latin American	Mid East	Multi-Racial	South Asian	White	No Race
21130	14	18	877	41	41	48	398	269	177

A graph from Djabatey's email shows that for Patrol Zone 21130 (Malton) 51.4% of those carded from 2009 to 2014 were Black. (Or 46.6% Black using Djabatey's Peel Police "calculator"). 51.4% Black. One out of every two PRP17s. And since 51% is an average, some years will be less, some more.

So, to return to Mayor Crombie's September 2016 requests for race data. I will speak on behalf of my Mayor and say that she will no longer benefit from breakdown by Division.

Instead Mayor Crombie needs Djabatey's September 24, 2015 "Statistics on contacts by race for hotspots patrol zones (2009 to 2014)" by each year—with a tweak.

I request that Patrol Zones 11120, 11130, 11340 and 11410 be added to the Djabatey "contacts by race for hotspots patrol zones" chart.

So, for 2009, 2010, 2011, 2012, 2013, 2014 and then ending August 31, 2015. All ages, please.

To address Mayor Crombie's commitment to Peel youth, she'll need the same "Statistics on contacts by race for hotspots patrol zones" run for those ages Under 18.

And please provide these data on an Excel spreadsheet, so Mayor Crombie and I won't have to transfer all those stats out from paper the way I had to back in November.

I mentioned a tweak. I urge that "Statistics on contacts by race for hotspots patrol zones" extend prior to Mayor Crombie's beginning year of 2009. Here's why.

I've been filing Freedom of Information since January 2007. In 2012 I finally secured a copy of City of Mississauga Corporate Security's (MissCorpSec) electronic database. Although former Mayor Hazel McCallion denied that the City kept ethnicity records, the database includes a field called "Complexion".

Using this field to analyze MissCorpSec's 2006 through 2012 database turns up troubling statistics. For example, the data showed that from 2006 through 2012 almost 60% (59.5%) of all Loitering bans/arrests were issued to Black/"West Indian". Of greater significance, however, was the discovery that no one had ever monitored the City of Mississauga Corporate Security database throughout that time.

Note: City of Mississauga Corporate Security database really does spell it "Caucasian"

If Peel Police's "Statistics on contacts by race for hotspots patrol zones" were also run for 2006, 2007, and 2008, we could compare race/"Complexion" stats between City of Mississauga Security's 2006-2012 database and the Patrol Zone race stats for Peel Police during those years. And that's right down to "No Race".

Finally, I'd like to remind the Board that Carding has a profound impact on the Black Community! Recall that for Patrol Zone 21130 (Malton) 51.4% of those carded from 2009 to 2014 were Black —and that statistic was withheld from the Black Community and the Board.

And let's face it —Peel Police never once considered that these Freedom of Information records are Black History—the History of the Black Community in Peel.

Since it will be February in four days and February is Black History Month, and since carding affects the Black Community more profoundly than any other, I request that Peel Police provide Mayor Crombie, the Board, the Black Community (and me) with Peel Police Patrol Zone “contacts by race” as I detailed earlier **by Wednesday, February 15, 2017.**

And to repeat, “I commit to releasing all Peel Police street-check data already secured through Freedom of Information and...also commit to providing Mayors Crombie, Jeffrey and The Board with “a full review of Street Checking practices by the Peel Regional Police”.

Thank you,
