City of Mississauga

Corporate Report

Date: 2017/06/26

To: Mayor and Council

From: Robert Swayze
Integrity CommissionerOriginator's files:
Integrity CommissionerMeeting date:
2017-07-05**Subject****Final Annual Report of the Integrity Commissioner, Robert Swayze****Recommendation**

That Council receive the annual report of the Integrity Commissioner dated June 26, 2017.

Report Highlights

- The Integrity Commissioner has served the City of Mississauga for a non-renewable term of 5 years ending on June 30, 2017.
- This annual report covers two years commencing on July 1, 2015. In that period he has received 11 complaints from members of the public requesting an investigation and 22 requests for advice from members of Council. All of the complaints were dismissed by him, some after an investigation. During the period, he has written only two reports to Council which are summarized herein.
- The Integrity Commissioner congratulates members of Council and its local boards for their ethical behaviour resulting in the inactivity in his role of enforcing the Council Code of Conduct (the "Code")
- Bill 68 summarized herein, includes changes to the role of Integrity Commissioners and has received royal assent.

Report

I was appointed Integrity Commissioner by agreement commencing on July 1, 2012 for a non-renewable term of 5 years expiring on June 30, 2017. My previous annual report was received by Council on May 25, 2016 covering the one year period ending on June 30, 2015 and this report will cover the remaining two years of my term expiring on June 30, 2017.

I begin by quoting from my previous Annual Report:

“The members of Mississauga Council continue to stand out among most of the other municipalities in Ontario served by an Integrity Commissioner, including many of my other clients, as having the most cooperative and harmonious relationship with each other and with staff. I have never received a formal complaint in Mississauga from any member of Council or staff.”

This statement remains true during the past two years and for my entire 5 years of service. I am indebted to all members of Council and staff for their respect for, and their support of, the accountability and transparency process which impinges on their time and can try their patience.

The past two years serving the City as Integrity Commissioner has been inactive for me in comparison with many of my other much smaller Integrity Commissioner clients. It has only been necessary for me to attend 4 meetings during the period, three with Council or Committee where I filed reports and one giving advice to the Mayor and her staff. Inactivity for an Integrity Commissioner necessarily implies that the Codes of Conduct are being complied with. The Codes of Conduct are an open invitation for any member of the public to file a complaint and no valid complaints have been received. All members of Council and the local boards of the City, deserve congratulations for their ethical behaviour and their display of integrity in carrying out their duties.

Complaints Requesting an Investigation

During the two years under review, I have received 11 complaints from members of the public requesting an investigation. Six were found on their face to have no validity and were summarily dismissed with reasons, in a confidential E-mail to the Complainant. Most of these complaints arose from a misunderstanding of the process and some were politically motivated. Three complaints were served on the Councillor for a response and were subsequently dismissed after a brief investigation.

One complaint was over the disrespectful comments made by one member of Council to a deputation opposing the zoning for a mosque in the City. The Councillor referred me to the website owned by the deputation which contained clear racial overtones and I dismissed the complaint. I did not regard it in the public interest to report to Council on any of these dismissals.

I found it necessary to write only one report arising from a complaint which recommended minor changes to the Council Code of Conduct. The report was heard by Governance Committee on November 16, 2016 and the complaint concerned a member of Council who did not respond to a request from a constituent and was told that the member was too busy. Rule 1 of the Code required a member “to serve their constituents in a conscientious and diligent manner”. I relied on a legal opinion given to the City of Toronto Integrity Commissioner stating that he cannot found an investigation only on a principle but must have a rule prohibiting specific kinds of behaviour. My recommended changes to the Code were approved to clearly identify the difference between rules and principles. The complaint was dismissed on the basis that diligence was a principle which must be ruled on by the electorate and not the Integrity Commissioner.

Report on Enforcement

My second report to Council during the period was in response to a direction from Council to advise on a decision by the Toronto Integrity Commissioner who found that vigorous attempts by a Councillor to enforce a by-law was discreditable conduct. My report cautioned Council that members have no authority to enforce by-laws but can play a role in the community to raise awareness and encouraging compliance with by-laws.

Councillor Gift Information Statements

During the past 2 years, all members of Council are required by the Code to file with me quarterly Gift Information Statements which identify any gifts received which are valued at more than \$500. I received Declarations for each quarter from all members of Council that no such gifts were received during the year and two information statements identifying gifts of more than \$500. I examined those gifts and found them not to create a conflict between a private interest and the public duty of the Councillor. Reports from all members of Council were filed for each of the quarter years ending with April 30, 2017 and they have been made part of the public record.

Requests for advice from Members of Council

Throughout the two years, I received 22 requests for advice from members of Council. The majority of the topics related to their support of charitable organizations and my interpretation of Rule 2, which encourages Councillors to support community groups. My overriding concern in this area is where community fund raising is done with lobbyists of the City who might expect favours in return. Most of my advice supported the fund raising activity subject to certain caveats such as not handling cash and staying at arm’s length from the community group. Many other subjects were covered including concerns about participating in various activities that may amount to a conflict under the *Municipal Conflict of Interest Act*.

Public Contact

I received E-mails and telephone calls from members of the public, several each month, which I responded to by providing information on the Code and answering other questions about ethics in municipalities. I try to be helpful and have found the majority of these contacts to be polite

and respectful of the process. I do not assist them with filing complaints but if requested, I will send them a copy of one of the Codes which contains a complaint form.

Bill 68 - Modernizing Ontario's Municipal Legislation Act, 2016

During the period I continued to participate in meetings with the Municipal Integrity Commissioners of Ontario ("MICO") and I attended several of them with Provincial staff giving input on Bill 68.

Bill 68 has now received royal assent, but at the date of writing this report it is not known when each section will come into force. For the information of Council, the following is a summary of the important provisions relating to Integrity Commissioners:

1. All municipalities in Ontario will be required to appoint an Integrity Commissioner or have access to one.
2. Expanded duties of the Integrity Commissioner have been made mandatory to include the advisory and educational role as well as the application of the *Municipal Conflict of Interest Act*. ("MCIA")
3. The MCIA will require members to declare pecuniary interests in writing to the Clerk and the Clerk will be required to create a public registry of declared interests.
4. All requests for advice and the giving of advice are required to be in writing.
5. Any inquiry commenced by an Integrity Commissioner will be required to be completed by Nomination Day of an election year or it must be terminated. The complainant may within 6 weeks of voting day, request that the inquiry be reinstated.
6. The Integrity Commissioner may apply to a judge at the cost of the municipality, to seek determination of complaints received under the MCIA. The complaint under the Act must be made within 6 weeks of the complainant becoming aware of the alleged contravention and the inquiry must be completed in 180 days.
7. The Minister can by regulation, create minimum standards for Codes of Conduct.
8. The respondent member of Council will be permitted to participate in a council meeting considering suspension of his or her salary but will not be permitted to vote.
9. Municipalities will be required to insure (indemnify) Integrity Commissioners for liability when acting in good faith.

Subject

Provincial Proposal for Municipal Asset Management Regulations

Recommendation

1. That the report entitled "Provincial Proposal for Asset Management Regulations" by the Commissioner of Corporate Services and Chief Financial Officer be endorsed by Council.
2. That the report entitled "Provincial Proposal for Asset Management Regulations" by the Commissioner of Corporate Services and Chief Financial Officer be submitted in response to the Provincial Asset Management Regulations proposed by the Ministry of Economic, Employment and Infrastructure by July 24, 2017.

Report Highlights

- On May 25, 2017, the Province released its proposed Asset Management regulations regarding municipal requirements to be prescribed by the Province.
- Comments from municipalities on the proposed regulations are to be submitted to the Province by July 24, 2017.
- Proposed regulations include the adoption of a municipal strategic asset management policy (SAMP) by January 1, 2019.
- Additional requirements include a phased approach for municipal asset management plans (AMPs) to be updated and include prescribed information over the three phases beginning on January 1, 2020 until January 1, 2022. Five-year updates for municipal AMPs will be required after 2022.
- City staff are concerned with the aggressive time frame the Province has laid out and the prescriptiveness of some of the regulations that are proposed. These are discussed within the comments section of this report.
- It is essential that the City provide its comments and make recommendations to the

Council	2016/06/19	2
---------	------------	---

Province on the proposed AMP regulations to ensure that the City maintains the flexibility to manage its infrastructure assets in accordance with its unique attributes.

Background

The Province has noted that asset management planning is essential for the future resilience of Ontario municipalities. In 2012, the Province released a document entitled “*Building Together: Guide for Municipal Asset Management Plans*.”

On May 1, 2016, the Infrastructure for *Jobs and Prosperity Act, 2015* was proclaimed. This Act included an authority for the Province to regulate municipal asset management planning. During the summer of 2016, the Province held a number of consultations throughout Ontario to gather feedback from municipalities on what should be included in a regulation to advance the progress of municipal asset management planning.

On May 25, 2017, after a review of more than 1,600 comments from the 2016 sessions, the Province released a proposed regulation of the municipal requirements to be prescribed by the Province. The proposed regulations continue to advance the level of asset management information to be provided by municipalities, and provide templates for the presentation of information within asset management plans, for levels of service.

The Province has provided municipalities and other stakeholders one last opportunity to provide comments on the draft regulation. Submissions to the Province are to be received by July 24, 2017.

Present Status

Using the Province’s “*Building Together: Guide for Municipal Asset Management Plans*” as a guideline, the City prepared an asset management plan (AMP) in 2014 for buildings, storm water and linear transportation. During 2016, the City prepared an AMP plan for Transit assets with the expectation that this would be required for future transit infrastructure funding requirements by the Province.

Currently, the City has asset management specialists in various areas that review and monitor the City’s infrastructure of assets. Their work provides valuable information in helping to determine the priority of assets to be renovated, replaced or refurbished and forms the basis of the 10 year capital forecast.

Looking to other municipal colleagues, larger municipalities have established a corporate asset management team to provide a co-ordinated perspective on the entire state of its municipal assets. In anticipation of upcoming work, the Finance Division will be submitting BR# 4095 for Council’s consideration during the 2018 Budget and Business Plan for one FTE to work with the departments to meet the Provincial regulations as noted in the balance of this report.

The proposed Provincial regulations are somewhat prescriptive, with several specific phases:

1. All municipalities would be required to develop and adopt a strategic asset management policy (SAMP) by January 1, 2019. The policy would have to be reviewed and updated at least every five years from that date. Appendix 1 provides details on what the policy

Council	2016/06/19	3
---------	------------	---

would be required to include, and the current status of these items for the City of Mississauga.

2. Municipal asset management plans (AMPs) would then be completed in three phases:
 - i. Phase I, addressing core infrastructure assets (roads, bridges, culverts, any assets used in the collection, conveyance/distribution, treatment or disposal of wastewater/ water and stormwater management systems), would be required to be completed by January 1, 2020
 - ii. Phase II, expanding Phase I to include all infrastructure assets, would be required to be completed by January 1, 2021
 - iii. Phase III, expanding on Phase I and II to include proposed levels of service, defined as community levels of service, and technical levels of service, would be required to be completed by January 1, 2022

Appendix 2 provides details on specifically what the three phases would be required to include, and the current status of these items for the City of Mississauga along comments to be provided to the Province.

In addition to the prescribed phases above, several other requirements are embedded in the proposed regulations:

3. AMPs are to be updated every five years after January 1, 2022.
4. A licensed engineer practitioner and the executive lead of the municipality are required to approve municipal AMPs prior to these being presented to Council for approval.
5. Municipalities would be required to provide Council with an annual update on AMP progress, beginning in 2021, including progress on ongoing efforts to implement the AMP, any factors affecting the municipality's commitments set out in the AMP, and a strategy to address these factors.
6. The Strategic Asset Management Policy and AMP will need to be posted on the City's website, with copies available to the public if they request it.
7. The Province will be collecting data on actuals each year and projections every five years. Core asset actuals reporting would start in 2021, and actual asset reporting for all assets would begin in 2022.

Comments on Proposed Regulations

The City understands the importance of maintaining its asset infrastructure in order to make the most effective use of those assets in providing services to its residents and businesses at the lowest possible cost. Mississauga supports the Province's goal for municipalities to clearly identify what their current and future infrastructure needs are. Mississauga also supports working together with the Province and the Federal government to address the challenges posed by ageing infrastructure and its renewal. The Province has made it clear that asset management will continue to play an integral part in infrastructure funding decisions.

Of greatest concern to the City are the timelines outlined in the proposed regulation. The City fully supports the need for a municipal strategic asset management policy (SAMP). This will

Council	2016/06/19	4
---------	------------	---

provide the foundation from which future municipal AMPs will evolve. However, given the requirements as outlined in the regulations, it will be extremely challenging to prepare a meaningful and comprehensive strategy by January 1, 2019. It would be beneficial if the Province were to delay its first deadline to January 1, 2020, at a minimum, with the remaining phases adjusted accordingly. Discussions with City of Brampton and Region of Peel staff indicate general agreement with this proposed delay.

It would also be beneficial for the Province to provide clarity as to what is meant by including a process in the strategic management policy that aligns with Ontario's land-use planning framework and municipal official plans.

Mississauga is of the opinion that having a licensed engineering practitioner approve in writing the City's AMP prior to Council approval is not necessary, since licensed engineering practitioners are closely involved in the detailed departmental work that would feed into the AMPs. Rather, we would recommend the Chief Administrative Officer (executive lead) and/or the Chief Financial Officer approve the municipal AMPs.

The reporting on assets related to future population is a duplication of work already required under the *Development Charges Act, 1997 (DC Act)*. The *DC Act* was recently amended to include a requirement for asset management plans to be contained within its Development Charges Background Study. The municipal studies also include projections on the future operating costs related to constructing these new assets. Furthermore, once new assets are constructed as a result of growth, they would form part of the AMP inventory in future updates. The City recommends that the Province remove this from the regulations.

Lastly, there is consensus amongst some municipal partners that the proposed regulations are very prescriptive and do not reflect unique needs of each municipality related to levels and types of service. It is recommended that the Province revise the regulations to provide more flexibility, to acknowledge that each municipality will have its own unique attributes.

Financial Impact

Implementation of this regulation will require staff resources. A budget request for one corporate asset management position will be submitted for Council's consideration as part of the 2018 Budget and Business Plan (BR#4095). It is anticipated that additional positions may be necessary in order to ensure the City can comply with Provincial requirements for municipal asset management plans.

Conclusion

It is essential that the City provide a submission to the Province, sharing our concerns with the regulations in their current form. City staff are concerned with the ability to deliver a comprehensive and well thought out a Strategic Asset Management Plan by January 1, 2019. While the City has undertaken the groundwork for its detailed AMPs based on the Province's 2012 guidelines, the proposed new regulations involve a significant amount of work to be completed in the time frame that has been outlined. In addition to the aggressive timelines, City of Mississauga would provide comments to the Province regarding:

Council	2016/06/19	5
---------	------------	---

- Further clarification regarding how municipal AMP should be aligned with Ontario's land-use planning framework, including any relevant policy statements issued under the Planning Act and municipal official plans;
- Questioning the requirement for both a licensed engineer and the lead municipal executive to approve in writing the AMP prior to council approval;
- Reporting requirements as it pertains to growth with future changes in population and economic activity; and
- The general prescriptive nature of regulations as they are set out by the Province.

Strategic Asset Management Policy Requirements (January 1, 2019)
City of Mississauga Proposed Regulation Assessment and Comments to the Province

Strategic Asset Management Policy	City of Mississauga Assessment	City of Mississauga Comments to the Province
All municipalities would be required to develop and adopt a strategic asset management policy by January 1, 2019, to be reviewed every 5 years thereafter; policy to include:	<ul style="list-style-type: none"> - Challenging due to the complexity of the policy requirements (see below). 	<ul style="list-style-type: none"> - Given the requirements as outlined in the regulations, it will be extremely challenging to prepare a meaningful and comprehensive strategy by January 1, 2019. - It would be beneficial if the Province were to delay its first deadline to January 1, 2020, at a minimum, with the remaining phases adjusted accordingly.
<ul style="list-style-type: none"> - Which municipal goals, plans (e.g., official plan, strategic plan, master plans) or policies the municipality's asset management plan would support 	<ul style="list-style-type: none"> - No issue. 	
<ul style="list-style-type: none"> - A process for how the asset management plan would affect the development of the municipal budget and any applicable long-term financial plans 	<ul style="list-style-type: none"> - Process to be developed. 	
<ul style="list-style-type: none"> - The municipality's approach to continuous improvement and adoption of best practices regarding asset management planning 	<ul style="list-style-type: none"> - Approach to be developed. 	
<ul style="list-style-type: none"> - The principles that would guide asset management planning in the municipality, which would be required to include the principles in section 3 of the <i>Infrastructure for Jobs and Prosperity Act, 2015</i> 	<ul style="list-style-type: none"> - Principles to be developed. 	
<ul style="list-style-type: none"> - Commitment to consider: the actions that may be required to address the risks and vulnerabilities that may be caused by climate change to the municipality's infrastructure assets, including to: operations requirements (e.g. increased maintenance schedules); levels of service (e.g. raising or lowering levels of service); and lifecycle management; and the anticipated costs that could arise from these impacts, and adaptation opportunities that may be undertaken to manage these potential risks 	<ul style="list-style-type: none"> - New activity that will require policy and process development. 	

Strategic Asset Management Policy	City of Mississauga Assessment	City of Mississauga Comments to the Province
- Commitment to consider: mitigation approaches to climate change, such as greenhouse gas emission (GHG) reduction goals and targets	- New activity that will require policy and process development.	
- Commitment to consider: disaster planning and any required contingency funding.	- New activity that will require policy and process development. - Legal implications to be analyzed.	
- A process to ensure that asset management planning would be aligned with Ontario's land-use planning framework, including any relevant policy statements issued under section 3(1) of the <i>Planning Act</i> ; provincial plans as defined in the <i>Planning Act</i> ; and, municipal official plans	- New activity that will require policy and process development.	- Requesting clarity as to what is meant by including a process in the strategic management policy that aligns with Ontario's land-use planning framework and municipal official plans.
- A discussion of capitalization thresholds used to determine which assets are to be included in the asset management plan and how this compares to the municipality's Tangible Capital Asset (TCA) policy, if one is in place	New activity that will require analysis of City's existing TCA policy and potentially further policy and process development.	
- A commitment to coordinate planning between interrelated infrastructure assets with separate ownership structures by pursuing collaborative opportunities with neighbouring municipalities and jointly-owned municipal bodies	- New activity that will require policy and process development.	
Identification of who would be responsible for asset management planning, including an executive lead and how council will be involved; and	- A licensed engineering practitioner approve in writing the City's AMP prior to Council approval	- Recommend the Chief Administrative Officer (executive lead) and/or the Chief Financial Officer approve the Municipal AMPs.
A commitment to provide opportunities for municipal residents and other interested parties to provide input into asset management planning.	- New activity that will require a policy, process development. - Additional costs will be incurred in future AMPs.	

Asset Management Plan for Phase I (January 1, 2020) and Phase II (January 1, 2021)
City of Mississauga Proposed Regulation Assessment and Comments to the Province

AMP Requirements Phase I and Phase II	City of Mississauga Assessment	City of Mississauga Comments to the Province
Current Levels of Service <ul style="list-style-type: none"> - Plain language explanation of current levels of service for each category of infrastructure asset. 	<ul style="list-style-type: none"> - Levels of service are to be defined as “community levels of service” and “technical levels of service”. - Data collection and alignment to these two categories to be developed. 	<ul style="list-style-type: none"> - Timelines are aggressive due to the volume of detailed work required.
<ul style="list-style-type: none"> - Municipalities would also be required to monitor performance measures addressing service delivery and asset operation, such as energy usage and cost. 	<ul style="list-style-type: none"> - Performance measures to be reviewed; anticipate requirement for additional measures (collection and reporting issues). 	
Inventory Analysis <ul style="list-style-type: none"> - Infrastructure assets to be summarized by asset class, including type and quantity, total replacement value, and average age - Analysis to discuss asset condition assessment using industry-accepted engineering practices 	<ul style="list-style-type: none"> - Currently maintained at department level, requires City-wide analysis and reporting. 	
Estimated Cost to Sustain Current Levels of Service <ul style="list-style-type: none"> - Estimate of capital expenditures required each year, as well as any significant operating costs, for the ten years following the year that the current levels of service are established, to maintain the current levels of service in the long term 	<ul style="list-style-type: none"> - Currently maintained at department level, requires City-wide analysis and reporting. 	
Estimated Costs to Service Growth <ul style="list-style-type: none"> - Estimate of capital expenditures required each year, as well as any significant operating costs, related to new construction 	<ul style="list-style-type: none"> - New activity that will require policy and process development. 	<ul style="list-style-type: none"> - Duplication of requirements contained in the <i>Development Charges Act, 1997</i> and should be removed.

Asset Management Plan for Phase III (January 1, 2022)
City of Mississauga Proposed Regulation Assessment and Comments to the Province

AMP Requirements Phase III	City of Mississauga Assessment	City of Mississauga Comments to the Province
Proposed Levels of Service <ul style="list-style-type: none"> - For the following ten years, for each category of infrastructure asset, wherever current levels of service have been measured. - To include why the proposed levels of service are appropriate, how they will differ, when they would be achieved, and how they are taking affordability and sustainability into account. - Continuous tracking of service delivery and asset operation through performance measures established by the municipality will be required. 	<ul style="list-style-type: none"> - New activity that will require policy and process development. 	
Inventory Analysis <ul style="list-style-type: none"> - Update to inventory provided in Phase I and Phase II. 	<ul style="list-style-type: none"> - Anticipate Phase II policies and procedures will address this. 	
Lifecycle Management Strategy <ul style="list-style-type: none"> - Documented strategy to maintain proposed levels of service, and manage risk (e.g. climate change impacts). 	<ul style="list-style-type: none"> - New activity that will require policy and process development. 	
Financial Strategy <ul style="list-style-type: none"> - Estimated capital expenditure forecasts, and significant operating costs - Revenue dedicated to capital financing - Estimated capital reserve contributions and withdrawals - Estimated debt service payments 	<ul style="list-style-type: none"> - No issue, once preceding policies and procedures are in place. 	<ul style="list-style-type: none"> - Some requirements of this strategy are a duplication of requirements contained in the <i>Development Charges Act, 1997</i> and should be removed.
Addressing Shortfalls <ul style="list-style-type: none"> - Identify ongoing funding shortfalls (requirements to fund vs available funding). - Discussion on risk management. 	<ul style="list-style-type: none"> - Revisions to current infrastructure gap analysis required, including policy and procedure development. 	
Risk Analysis <ul style="list-style-type: none"> - Overview of risks associated with AMP, and any actions that would be proposed in response. 	<ul style="list-style-type: none"> - New activity that will require policy and procedure development. 	

City of Mississauga

Corporate Report

Date: 2017/06/20

To: Chair and Members of Council

From: Gary Kent, Commissioner of Corporate Services and
Chief Financial Officer

Originator's files:

Meeting date:
2017/07/05

Subject

**Public Transit Infrastructure Fund (PTIF) and Clean Water Wastewater Fund (CWWF)
Financial Adjustment Report**

Recommendation

1. That the projects and funding as identified in Appendices 1 and 2, (formerly Appendices 5 and 6 of the Corporate Report dated May 3, 2017 from the Commissioner of Corporate Services and Chief Financial Officer titled "Public Transit Infrastructure Fund (PTIF) and Clean Water Wastewater Fund (CWWF)") as amended, be approved for advancement to 2017.
2. That a By-law be enacted to transfer funds between various Reserve funds and certain capital projects as approved in the Public Transit Infrastructure Fund and Clean Water and Wastewater Fund programs.

Background

On May 24, 2017 Council approved the report titled "Public Transit Infrastructure Fund (PTIF) and Clean Water Wastewater Fund (CWWF) Financial Adjustment Report". The purpose of this report was to provide an updated list of projects included in both the PTIF and CWWF programs, allocate implementation costs across projects, and confirm contract staffing positions.

Comments

While preparing the financial bylaw, minor sign errors (positive vs. negative) were discovered in Appendices 5 and 6 to the Public Transit Infrastructure Fund (PTIF) and Clean Water Wastewater Fund (CWWF) – Financial Adjustment Report. In the initial report, projects advancing from years 2018 and 2019 were identified in the report amounting to \$14M. While this was inaccurate, it was simply a technical adjustment with no true financial impact as all assumptions, modeling and the 2017 Budget included the correct figure (\$36M). As a result the 2017 Budget, long range financial planning, and both the PTIF and CWWF applications remain accurate.

The revisions to Appendices 5 and 6 (Recommendation 1) need to be approved by Council prior to the enactment of PTIF and CWWF Bylaw before Council today.

Council

2017/06/20

2

Originators files: File names

Financial Impact

Amendments to Appendices 5 and 6 are technical adjustments and therefore do not have any financial impacts or modifications to the PTIF or CWWF Programs.

Conclusion

The PTIF and CWWF Programs provide much needed funding that will help advance the City of Mississauga's infrastructure building.

City of Mississauga

Corporate Report

Date: 2017/06/21

To: Chair and Members of Council

From: Geoff Wright, P. Eng, MBA, Commissioner of
Transportation and Works

Originator's files:

Meeting date:
2017/07/05

Subject

Amendments to the City of Mississauga Vendors By-law 522-04, as amended

Recommendation

That a by-law be enacted to amend the City of Mississauga's Vendors By-law 522-04, as amended, to reduce minimum age for the issuance of an Operator's Licence to fifteen (15) years of age.

Background

On June 14, 2017 Council provided direction that the Vendors By-law 522-04, as amended, be amended to limit the restrictions to youth seeking employment in businesses that require a Vendors Licence in the City of Mississauga.

Currently the City of Mississauga Vendors By-law 522-04, as amended, Section 2(1) requires that:

"Every Operator of a Portable Display Unit or Refreshment Cart shall be licensed as an Operator under the provisions of this By-law prior to engaging in such business in the City."

Section 8 (1) of the By-law further requires that:

"No Person shall be licensed under this By-law unless he is at least eighteen (18) years of age and a citizen of Canada or a landed Immigrant, or has a valid employment authorization issued by the Government of Canada."

Comments

Based on a preliminary review, there have been no issues identified by staff, members of the public or owners indicating that an amendment reducing the age requirement for an Operator's Licence would present issues with either public safety or consumer protection.

Council	2017/06/21	2
---------	------------	---

From a benchmarking perspective, there are a variety of licences that are available to young adults prior to the age of 18, which convey significantly more responsibility than a Vendor Operator's Licence. These include:

- Government of Ontario: Preliminary Drivers Licence, 16.
- Government of Ontario: Hunting Licence, 16 (15 with parental consent),
- Government of Canada: Pleasure Craft Operators Card, 12 to 15 with limitations.
- Government of Canada: Minors' Licence to use non-restricted firearms, 12 to 17.

The Ontario Ministry of Labour identifies that, in general, 14 is the minimum age for employment in Ontario. It further identifies that the food preparation area of a restaurant is viewed as a factory and, as such, the minimum age for this type of work is 15. (*Occupational Health and Safety Act, R.S.O. 1990, c. O.1, RRO Reg. 851: Industrial Establishments Sect 4 [d]*)

Staff have identified a need to conduct a complete review of the By-law to address the issue of food trucks. This review is scheduled to be conducted in 2018. During this review staff will address the issue as to whether the Operator Licence contained in the Vendors By-law is responsive to the City's need to address public safety and consumer protection. Preliminary benchmarking indicates that a number of municipalities only license the owner and not the operators. In these municipalities, the owners are responsible for ensuring that operators comply with the requirements of the By-law. These municipalities include Calgary, Oshawa, Saskatoon, and Toronto.

Financial Impact

There are currently only 15 Owner Licences and 43 Operator Licences. It is likely that a minimal increase in Operator Licences will occur as a result of the recommended amendment to the By-law. Given the cost (\$164 per Operator Licence) and the likely increase, a minimal positive impact to revenue will be realized.

Conclusion

It is the conclusion of staff that an amendment to the by-law reducing the minimum age for an Operator to 15 is an appropriate amendment to the Vendors By-law 522-04, as amended.

Geoff Wright, P. Eng, MBA, Commissioner of Transportation and Works

Prepared by: Michael Foley, Manager Mobile Licensing Enforcement

REPORT 9-2017

To: MAYOR AND MEMBERS OF COUNCIL

The Planning and Development Committee presents its ninth report for 2017 and recommends:

PDC-0037-2017

1. That notwithstanding that subsequent to the public meeting, changes to the applications have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act*, any further notice regarding the proposed amendment is hereby waived.
2. That the applications under File OZ 15/011 W2, 2210 and 2230 Bromsgrove Road to amend Mississauga Official Plan to **Residential High Density – Special Site**; to change the zoning to **RM9 – Exception (Horizontal Multiple Dwellings with more than 6 dwelling units)** to permit 104 horizontal multiple dwellings on a private condominium road in conformity with the provisions outlined in Appendix 4 of the Corporate Report dated June 2, 2017 from the Commissioner of Planning and Building, be approved, subject to the conditions referenced in the Report.
3. That the applicant agrees to satisfy all the requirements of the City and any other external agency concerned with the development.
4. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 18 months of the Council decision.
5. Notwithstanding subsection 45.1.3 of the *Planning Act*, subsequent to Council approval of the development application, the applicant can apply for a minor variance application, provided that the height and FSI shall remain the same.

File OZ 15/011 W2

PDC-0038-2017

That the Portable Signs on Road Allowances Policy 05-01-08, as outlined in the Corporate Report dated April 10, 2017 from the Commissioner of Planning and Building, be referred to staff for further review.

PDC-0039-2017

File: CD.04-POR

REPORT 13-2017

To: MAYOR AND MEMBERS OF COUNCIL

The General Committee presents its thirteenth report for 2017 and recommends:

GC-0385-2017

1. That the deputation by Blair Murdoch President and Christopher Bentler, Vice President, Van Horne Outdoor with respect to Mississauga Digital Gateway Signage, Community Partnership Program, be received.
2. That staff be directed to enter into a memorandum of agreement with Van Horne Outdoor following the terms outlined in the presentation and undertake the necessary actions to allow for the installation of the digital gateway signage outlined in the Van Horne Outdoor proposal.

GC-0386-2017

That the deputation by Jeffrey Martinovic, resident and youth author with respect to the books he has written, be received.

GC-0387-2017

That the deputation by Michael Cleland, Acting Director, Environment and Julius Lindsay, Climate Change Specialist with respect to Climate Change and the Cap and Trade program, be received.

GC-0388-2017

1. That the formation of a Climate Change Stakeholder Panel be endorsed as outlined in the report dated April 27, 2017 from the Commissioner of Community Services.
2. That Councillor Starr be appointed to the Climate Change Stakeholder Panel in addition to the Chair of the Environmental Action Committee, who will chair the Panel, and the Mayor.

GC-0389-2017

1. That the Corporate Report dated April 27, 2017, from the Commissioner of Community Services, entitled "Cap and Trade" be received for information.
2. That the Mayor forward a letter to the Province, the Minister of Environment and Climate Change and to the Federal Minister of Environment and Climate Change to request a cost break and not apply the cap and trade to the cost of diesel fuel for municipalities.

GC-0390-2017

That the deputation by Joe Perrotta, Director, Hurontario LRT Project Office with respect to an update on the Hurontario Light Rail Transit Project, be received.

GC-0391-2017

1. That the report “Hurontario Light Rail Transit Project Update: Metrolinx Project Procurement” dated June 19, 2017 from the Commissioner of Transportation and Works be received.
2. That the list of project enhancements identified in the report dated June 19, 2017 from the Commissioner of Transportation and Works with a total projected value of \$37,207,400 be endorsed.
3. That the inclusion of \$26,607,400 in the 2018-2027 Capital Budget and Forecast be endorsed.

GC-0392-2017

That the deputation by Andrew Whittemore, Director, City Planning Strategies with respect to the 2016 report on the City’s Strategic Plan, be received.

GC-0393-2017

That the report titled “Our Future Mississauga – 2016 Report on the Strategic Plan”, dated May 31, 2017 from the City Manager and Chief Administrative Officer, be received for information.

GC-0394-2017

That the deputation by LeeAnn Lloyd, Strategic Leader with respect to the draft community engagement strategy, be received.

GC-0395-2017

1. That the report titled Draft Community Engagement Strategy dated June 12, 2017 from the Commissioner of Planning and Building, be received, and
2. That the Draft Community Engagement Strategy, attached as Appendix 1, as the overarching approach for all public engagement at the City, be approved as amended at the June 28, 2017 General Committee meeting.

GC-0396-2017

That a by-law be enacted to amend the Traffic By-law 555-2000, as amended, to implement lower driveway boulevard parking between the curb and sidewalk, at any time, on Willowood Drive as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled “Lower Driveway Boulevard Parking - Willowood Drive (Ward 5)”.
(Ward 5)

GC-0397-2017

That a by-law be enacted to amend the Traffic By-law 555-2000, as amended, to implement lower driveway boulevard parking between the curb and sidewalk, at any time, on Cantelon Crescent as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled “Lower Driveway Boulevard Parking - Cantelon Crescent (Ward 9)”.
(Ward 9)

GC-0398-2017

That a by-law be enacted to authorize the Commissioner of Transportation and Works and the City Clerk to execute a Section 45(9.1) agreement and any ancillary documents, between Kaneff Homes Compass Creek Inc. and The Corporation of the City of Mississauga, that secures from Kaneff Homes Compass Creek Inc., an obligation to fund all costs associated with

the design and installation of a new intersection, including traffic signals, at 202-204 Burnhamthorpe Road East, in a form acceptable to the City Solicitor.

GC-0399-2017

That a by-law (Appendix 1) be enacted to amend the Noise Control By-law 360-79, as amended, to update the list of exempted activities under Schedule 3 as outlined in the report from the Commissioner of Transportation and Works, dated June 14, 2017 and entitled, "Updating of Schedule 3 Exemption Activities Under Noise Control By-law 360-79."

GC-0400-2017

That a by-law be enacted to authorize the Commissioner of Transportation and Works and the City Clerk to execute and affix the Corporate Seal to the Notice Floodplain Agreement between Joseph Abichedid and Gloria Farhat and The Corporation of the City of Mississauga to the satisfaction of the City Solicitor as outlined in the report dated June 7, 2017 from the Commissioner of Transportation and Works titled Notice Floodplain Agreement between the City of Mississauga and Joseph Abichedid and Gloria Farhat, 1897 Balsam Avenue, Site Plan Application SPI 16-8 (Ward 2).
(Ward 2)

GC-0401-2017

That the report entitled "City Sponsorship of Special Olympics Ontario Provincial Summer Games (July 13-16, 2017)" dated June 9, 2017 from the Commissioner of Transportation and Works be received for information.

GC-0402-2017

1. That the Commissioner, Community Services, be authorized to enter into a Donation Agreement with 675553 Ontario Limited to give effect to the donation of the Cleeve Horne sculpture from 675553 Ontario Limited., in accordance with the report dated May 30, 2017 from the Commissioner, Community Services and in a form satisfactory to Legal Services.
2. That the Heritage Agreement dated February 25, 2009 between the City and 675553 Ontario Limited be terminated upon execution of the replacement Donation Agreement.
3. That all necessary bylaws be enacted.

GC-0403-2017

That the Community Recognition Program as outlined in the report dated June 7, 2017 from the Commissioner of Corporate Services and Chief Financial Officer, be approved.

GC-0404-2017

1. That the Corporate Report entitled, "Surplus Land Declaration – City Owned Land abutting the Cooksville GO Station and along the rear of residential properties located on Surbray Grove" dated June 13, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received.
2. That City owned land abutting the north side of the Cooksville Go Station and along the rear of residential properties located on Surbray Grove, containing an area of approximately 924 square metres (9,946 square feet), be declared surplus to the City's

requirements (see Appendix 1) with the subject land being legally described as PCL Plan 2, SEC 43M595; Blocks 249 and 250, PL 43M595 (Ward 7).

3. That Realty Services staff be authorized to negotiate the sale of the subject surplus land to Metrolinx at market value.
4. That all steps necessary to comply with the requirements of Section 2. (1) of City Notice By-law 215-2008 be taken, including giving notice to the public by posting a notice on the City of Mississauga's website for a two week period, where the expiry of the two week period will be at least one week prior to the execution of an agreement for the sale of the subject lands under delegated authority.

(Ward 7)

GC-0405-2017

1. That the report titled "Contract Extension to MarTech Group Inc. for Soil Remediation at Fire Station 120 site." dated June 13, 2017 from the Commissioner, Corporate Services and Chief Financial Officer be received.
2. That the Purchasing Agent be authorized to execute an amendment to the existing contract with MarTech Group Inc. in the amount of \$67,000, for the environmental soil remediation of Fire Station 120's future site.
3. That the Purchasing Agent be authorized to make any future changes that may be required to see the remediation through to completion.

GC-0406-2017

1. That the report titled "Revision to Previously approved Single Source Contract Award to Replace Moffet & Duncan Architects Inc. with Dialog Ontario Inc. to Provide Consulting Services for Public Transit Infrastructure Fund Recommended Projects at City Centre Transit Terminal and Edward J. Dowling Transit Facility" dated June 13, 2017 from the Commissioner, Corporate Services and Chief Financial Officer be received.
2. That the Purchasing Agent be authorized to execute a contract with Dialog Ontario Inc. for Mechanical and Electrical Consulting Services for the Public Transit Infrastructure Fund recommended projects at City Centre Transit Terminal, Edward J. Dowling Transit Facility (Building ABCD), Bus Storage Building (Building E) and Body Shop (Building F) on a single source basis in the estimated amount of \$300,000 excluding taxes. This contract references the original single source contract in the amount of \$500,000 excluding taxes for Moffet & Duncan Architects Inc.

GC-0407-2017

1. That the report of the Commissioner of Corporate Services and Chief Financial Officer dated June 7, 2017 entitled Single Source Recommendation for Oracle Corporation Canada Inc. File Ref: PRC000288 be received.
2. That Oracle Canada Inc. continue to be designated as a City Standard Vendor for the supply of Oracle applications, database, development software and Oracle hardware including maintenance and support and any future system expansions and related services.
3. That the Purchasing Agent be authorized to initiate contract negotiations with Oracle Canada Inc. on a single source basis for Oracle products, professional services, software licensing and maintenance and support agreements.

-
4. That the Purchasing Agent be authorized to execute the contract and all related ancillary documents with Oracle Canada Inc., on a single source basis for products, professional services, software licensing and maintenance and support of all such components and modules, subject to successful negotiations, the City Solicitor's approval and an annual budget approval for a 5-year term with an option to extend for an additional 5-year term. The 10-year term has an estimated value of seven (7) million dollars.
 5. That notwithstanding the requirements of the purchasing bylaw section 18(2)(d), the Purchasing Agent be authorized to negotiate and issue contract amendments and increase the value of the contract, where necessary, to accommodate growth and future expansion including adoption of new technology to meet business requirements and where such amount(s) is approved in the budget.

GC-0408-2017

1. That the report from the Commissioner of Corporate Services and Chief Financial Officer dated June 07, 2017 entitled Single Source Recommendation for Avolve Software Corporation, File Ref: FA.49.266.13, Contract Amendment be received.
2. That Avolve Software Corporation continues to be designated as a City Standard Vendor as per File Ref: GC-0441-2016 dated June 22, 2016 up to February 2024 for ePlans Solution including maintenance and support and any future system expansions and related services.
3. That the Purchasing Agent has authority to continue from the previous authority awarded through File Ref: GC-0441-2016 dated June 22, 2016 to initiate contract negotiations with Avolve Software Corporation on a single source basis for a long term partnership subject to the City Solicitor's approval and annual budget approval for professional services and to establish the licensing model and maintenance agreements up to February 2024.
4. That the Purchasing Agent be authorized to issue contract amendments and all ancillary documents to increase the value of the contract with Avolve Software Corporation from the original amount previously approved through File Ref: GC-0441-2016 dated June 22, 2016 of \$1,500,000 to the amount of \$4,000,000 for future initiatives to accommodate the City's requirements and future use of the ePlans solution including PlansAnywhere for the continued modernization and mobility for Land Development Services' applications approval workflows where the amounts are approved in the budget.
5. That notwithstanding the requirements of the purchasing bylaw section 18(2)(d), the Purchasing Agent be authorized to negotiate and issue contract amendments and increase the value of the contract, where necessary, to accommodate growth and future expansion including adoption of new technology to meet business requirements to add any future functionalities, modules and applications from Avolve Software Corporation to accommodate the continued modernization and mobility of Land Development Services' applications approval workflows where such amount(s) is approved in the budget.

GC-0409-2017

1. That the report of the Commissioner of Corporate Services and Chief Financial Officer dated May 31, 2017 and entitled, "TXM Tax Manager (Property Tax Management Software) for Town of Newmarket", be received.
2. That a by-law be enacted to authorize the Commissioner of Corporate Services and Chief Financial Officer to execute the necessary agreements with the Town of Newmarket to license, implement and support the TXM Tax Manager, in a form satisfactory to the City Solicitor.

3. That the Commissioner of Corporate Services and Chief Financial Officer be delegated authority to respond to requests from other municipalities and execute the necessary agreements to conduct an assessment ("Discovery Phase") of effort and costs for a full implementation of the TXM Tax Manager solution, in a form satisfactory to the City Solicitor.

GC-0410-2017

1. That the Corporate Report titled, "Acquisition and Disposal of Interests in Real Property Policy Revisions", dated June 6, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received
2. That the revised Corporate Policy titled, "Acquisition and Disposal of Interests in Real Property", attached as Appendix 1 to this report, regarding the acquisition and disposal of real property, be approved effective immediately.

GC-0411-2017

1. That a by-law be enacted to ratify the Lease Agreement set out in the report dated June 09, 2017, from the Commissioner of Corporate Services and Chief Financial Officer as an agreement made pursuant to section 110 of the Municipal Act, 2001, SO 2001, c.25 as amended and to exempt 377 Burnhamthorpe Road East, Suite 116 from taxation for municipal and school purposes.
2. That By-law 0434-2004, being "A By-law to provide for Municipal Capital Facilities", be amended with necessary modifications, by adding tax roll number 05-04-0-094-21500-0000, 377 Burnhamthorpe Drive East, Unit 116 to the list of properties described in said By-law, for the purposes of declaring it to be a Municipal Capital Facility.
3. That the Clerk be directed to notify the Minister of Education, Municipal Property Assessment Corporation, the Regional Municipality of Peel and the secretary of any school board which includes the land exempted, of the enactment of the By-law.
4. That all necessary by-laws be enacted.

GC-0412-2017

That the Corporate Report titled "Procurement of Electricity and Natural Gas 2016", dated June 13, 2017, from the Commissioner, Corporate Services and Chief Financial Officer be received for information.

GC-0413-2017

That a by-law be enacted to authorize the City Solicitor standing authority to commence, defend, settle or terminate legal actions in Superior Court for collection related matters in the amount of \$25,000.00 and above.

GC-0414-2017

1. That the report from the Commissioner of Transportation and Works dated June 7, 2017 and entitled "Results of Inquiries made by the Council Subcommittee of Towing" be received for information.
2. That proposed amendments be brought forward to the next Towing Industry Advisory Committee to more closely align the City of Mississauga Tow Truck Licensing By-law

521-04, as amended, and the Business Licensing By-law 1-06, as amended, with Bill 15, Fighting Fraud and Reducing Automobile Insurance Rates Act, 2014.
(CSOT-0005-2017)

GC-0415-2017

That the Council Subcommittee of Towing Committee be dissolved as the original intent of the subcommittee has been achieved and that the work continues at the Towing Industry Advisory Committee.

(CSOT-0006-2017)

GC-0416-2017

1. That the deputation by Peter Stewart, George Robb Architect, with respect to the Old Port Credit Village Heritage Conservation District Plan Review to the Heritage Advisory Committee dated June 13, 2017, be received.
2. That the proponent of the Port Credit West Village development (70 Mississauga Road South) present the heritage aspects of their proposal to the Heritage Advisory Committee.

(HAC-0044-2017)

GC-0417-2017

1. That the proposed alteration to 29 Port Street West, as per the Corporate Report from the Commissioner of Community Services, dated May 18, 2017, be approved.
2. That if any changes result from other City review and approval requirements, such as, but not limited to, building permit, Committee of Adjustment or site plan approval, a new heritage permit application may be required. The applicant is required to contact Heritage Planning at that time to review the changes prior to obtaining other approvals and commencing construction.
3. That the Heritage Advisory Committee review the Committee of Adjustment application once it is submitted to the City by the applicant.
4. That the Owner be requested to work with staff to reduce the visual impact of the side addition by considering to lower the height of the roof ridge and change the side gable roof to a hip roof.

(HAC-0045-2017)

GC-0418-2017

1. That the proposed alteration to 39 Peter Street South, as per the Corporate Report from the Commissioner of Community Services, dated May 18, 2017, be approved.
2. That if any changes result from other City review and approval requirements, such as, but not limited to, building permit, Committee of Adjustment or site plan approval, a new heritage permit application may be required. The applicant is required to contact Heritage Planning at that time to review the changes prior to obtaining other approvals and commencing construction.

(HAC-0046-2017)

GC-0419-2017

That the request to install a shed at 1723 Birchwood Drive, as per the report from the Commissioner of Community Services, dated May 18, 2017, be approved with the caveat that the potentially impacted trees continue to be maintained.

(HAC-0047-2017)

GC-0420-2017

That the request to alter the City boulevard in front of 111 Lakeshore Road West, as per the report from the Commissioner of Community Services, dated May 18, 2017, be approved.

(HAC-0048-2017)

GC-0421-2017

That the corrections to the Heritage Register pertaining to the Reduction of the Mineola Cultural Landscape, as per the Corporate Report from the Commissioner of Community Services, dated May 31, 2017, be approved.

(HAC-0049-2017)

GC-0422-2017

That the Memorandum dated June 1, 2017 from Paul Damaso, Director, Culture Division, with respect to amending Subsection 89(8) of Council Procedure By-law 0139-2013, as amended, delegating summer and election recess authority to the Director of Culture Division (or designate) for specific matters under the Ontario Heritage Act, be received for information.

(HAC-0050-2017)

GC-0423-2017

That \$5000.00 be transferred to the Active Transportation budget from the 2017 Mississauga Cycling Advisory Committee (MCAC) budget in support the 2017 Tour de Mississauga.

(MCAC-0018-2017)

GC-0463-2017

That the statutory speed limit of 50 km/h be maintained on Haig Boulevard as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled "Speed Limit Review - Haig Boulevard (Ward 1)".

(Ward 1)

GC-0464-2017

That the use of physical traffic calming measures be approved on Westbridge Way to address ongoing operational issues related to speeding and aggressive driving as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled "Traffic Calming - Westbridge Way (Ward 11)".
(Ward 11)

GC-0465-2017

That the 2017 Traffic Signal Installation and Modernization Program as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled "2017 Traffic Signal Installation and Modernization Program", be approved.

GC-0466-2017

That the report dated June 12, 2017 from the Commissioner of Transportation and Works entitled, "Streetsville – Paid Parking Implementation (Ward 11)" be deferred to a future meeting date for the Ward Councillor to consult with the community.
(Ward 11)

GC-0467-2017

1. That the implementation of the Pilot Volunteer Parking Validation Program to allow the City's Municipal Parking section to evaluate parking validation technologies and program parameters as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled "Pilot Volunteer Parking Validation Program (Ward 1)", be approved.
2. That the parking fees associated with the Pilot Volunteer Parking Program be waived for the pilot program as outlined in the report from the Commissioner of Transportation and Works, dated June 12, 2017 and entitled "Pilot Volunteer Parking Validation Program (Ward 1)".
(Ward 1)

GC-0468-2017

That the "Please Slow Down" lawn sign program be continued and approved for use in the City as outlined in the report from the Commissioner of Transportation and Works, dated June 13, 2017 and entitled "Program Update: Please Slow Down Lawn Signs" and further that the matter be referred to the Road Safety Committee for further discussion.

GC-0469-2017

1. That the new Nuisance Weeds and Tall Grass Control By-law be enacted to regulate nuisance weeds and tall grass and also boulevard maintenance as outlined in the report from the Commissioner of Transportation and Works, dated June 13, 2017 and entitled "Nuisance Weeds and Tall Grass By-law Repeal and Replace: Boulevard Maintenance".
2. That the Enforcement Action Plan outlined in the report from the Commissioner of Transportation and Works, dated June 13, 2017 and entitled "Nuisance Weeds and Tall Grass By-law Repeal and Replace: Boulevard Maintenance" be approved.
3. That the current Nuisance Weeds and Tall Grass Control By-law 0267-2003, as amended, be repealed.

GC-0470-2017

1. That funding in the amount of \$2.3 million be funded from Capital Reserves for Shoreline damage repair, detailed design and restoration as outlined in the Corporate Report dated June 1, 2017 from the Commissioner, Community Services, be approved.
2. That the Waterfront Parks and Shoreline Restoration project (PN) 17-381 be established with a gross and net budget of \$2.3 million from the Tax Capital Reserve Fund (Account #33121).
3. That all necessary bylaws be enacted.

GC-0471-2017

1. That the Corporate Report titled, "Proposal sale and development of surplus City owned lands at the south west corner of Tenth Line West and Thomas Street" dated June 5, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received.
2. That a by-law be enacted authorizing the Commissioner of Community Services and the City Clerk to execute and affix the Corporate Seal to an Offer to Purchase (the "Agreement"), including ancillary documents and subsequent amending agreements, between The Corporation of the City of Mississauga (the "City") as Vendor and Intrepid Health Group Inc. ("Intrepid"), as Purchaser, for approximately 3,579.24 square metres (0.884 acres) of lands at the south west corner of Tenth Line West and Thomas Street, on terms detailed herein including at a purchase price of \$1,500,000 and a \$50,000 community benefit contribution, with the subject lands being legally described as, Block 2 Registered Plan 43M-1493 and Block 248 Registered Plan 43M-1495, designated as Parts 2 and 3, on Plan 43R-35334, City of Mississauga, Regional Municipality of Peel, in Ward 10.
3. That all steps necessary to comply with the requirements of Section 2.(1) of City Notice By-law 215-08 be taken, including giving notice of the proposed sale on the City of Mississauga's website for a two week period, where the expiry of the two week period will be at least one week before the execution of the agreement for the sale of subject property.
(Ward 10)

GC-0472-2017

1. That the Corporate Report titled, "Lease Extension and Amending Agreement with Morguard Corporation and MCC Ontario Limited for office space located at 201 City Centre Drive" dated June 8, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received.
2. That a by-law be enacted authorizing the Commissioner of Corporate Services and Chief Financial Officer and the City Clerk to execute a Lease Extension and Amending Agreement in a form satisfactory to the City Solicitor, and all documents ancillary thereto, between Morguard Corporation and MCC Ontario Limited ("Morguard") as landlord and the Corporation of the City of Mississauga ("Mississauga"), as tenant, for the extension of the existing office space at 201 City Centre Drive, subject to the terms set out herein.
(Ward 4)

GC-0473-2017

1. That the Corporate Report titled, "Update – Former Russell Langmaid School – 170 Church Street (Ward 11)", dated June 12, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received.
2. That Council direct staff to enter into negotiations with the existing Licensees, the Streetsville Cadet Community Centre (the "Cadets") and Kendellhurst Academy Inc. ("Kendellhurst"), to extend their respective agreements for three (3) additional years on the basis of the principles set out herein and report for authorization to enter the extended agreements by way of Delegated Authority By-Law 0375-2008.
3. That Council direct staff to undertake investigations to determine appropriate future uses of the 170 Church Street property and report back to Council within three years, with recommendations.

(Ward 11)

REPORT 1-2017

To: MAYOR AND MEMBERS OF COUNCIL

The Budget Committee presents its first report for 2017 and recommends:

BC-0001-2017

That the deputation by Jeff Jackson, Director, Finance with respect to the 2018-2021 Business Plan and 2018 Budget, be received.

BC-0002-2017

That the deputation by Wes Anderson, Lean Program Manager with respect to an update on the Lean Program, be received.

BC-0003-2017

That the deputation by David MacLean, Executive Member, Mississauga Seniors' Council with respect to property tax impact on seniors, be received.

BC-0004-2017

1. That the report dated June 13, 2017 titled "Reserves and Reserve Funds – Revised By-law and Standard Operating Procedure" from the Commissioner of Corporate Services and Chief Financial Officer be received.
2. That a by-law be enacted to incorporate all the proposed changes to the Reserve & Reserve Fund By-law and to repeal By-laws 298-2000 and 160-2016.

BC-0005-2017

That the report titled "Lean Program Update" dated June 14, 2017 from the Commissioner of Corporate Services and Chief Financial Officer be received for information.

BC-0006-2017

1. That the report titled "Hotel Tax" dated June 7, 2017 from the Commissioner, Corporate Services and Chief Financial Officer be received.
2. That Council authorizes staff to begin the process of investigating and implementing a hotel tax, and come back with recommendations as to the appropriate rate and an implementation plan.

Petition Information

- Each petition must be submitted to the City Clerk no later than 4:30 p.m. on the Monday of the week preceding the Council meeting; otherwise the petition will be included on the next available Council agenda.
- The petition must be typed or legibly handwritten and printed on letter size paper. (No pencil)
- The petition must be appropriate and respectful in tone, and must not contain any improper or offensive language or information.
- Each petitioner must print and sign his or her own name, original signatures only.
- Each petitioner must provide his or her full address, including property's roll number for a noise wall petition.
- The petition must clearly disclose on each page that it will be considered a public document at the City of Mississauga and that the information contained in it may be subject to the scrutiny of the City and other members of the general public.

The following information outlines the purpose of the petition:

Purpose:	To inform you that our household strongly opposes any changes to current zoning - "low density - single dwelling" and current City of Mississauga Official Plan.
Asking Council for: to:	Oppose this application to rezone for higher density

Re: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1148 MONA ROAD and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1237 Mona Road and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 32 Jinglewood Dr. and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

We are the owners of 115 Inglewood Drive and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

The City of Mississauga Official Plan (MOP) has historically always identified our neighbourhood as low density - single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighbourhood as low density - single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighbourhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighbourhood so appealing and attractive. Of the many neighbourhoods in Mississauga, the Mineola neighbourhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

We are the owners of 1291 Minaki Road, Mississauga, Ontario and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

March 3, 2017 Household Petition

Mayor and Members of Council

Mayor Covey Councilor Ward 1

Mr. Breveglieri Planner, Planning and Building Department, Development and Design Division

OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Mayor and Members of Council

to the owners of 1301 MIHAEL ROAD and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning - "Low density - Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density - single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density - single family dwellings and we respectfully oppose this application to the City.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"This neighborhood has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich and attractive landscape that blends the houses with their natural and manicured surroundings As the density has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and desirable. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and the appeal changing from forestry to a conglomerate of packed homes are all some but not limited to the issues we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel that any infill development should be approved ONLY based on the current Zoning as approved by the Official Plan.

Re: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 74 Veronica Drive and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Mayor and Members of Council

We are the owners of 1231 OLD RIVER ROAD and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The justification for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"As it has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich cultural landscape that blends the houses with their natural and manicured surroundings.....A continuous infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and unique. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and the gradual changing from forestry to a conglomerate of packed homes are all some but not limited to the issues we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel that any infill development should be approved ONLY based on the current Zoning as approved in the Official Plan.

1234 OLD FASHIONED

1. The first step in the process of the investigation is to identify the problem. This is done by the investigator who is assigned to the case. The investigator will then gather information about the problem and the people involved. This information will be used to develop a plan of action. The plan of action will be based on the information gathered and the investigator's own experience. The plan of action will be used to guide the investigation and to ensure that the problem is solved. The investigator will then implement the plan of action and will monitor the progress of the investigation. The investigator will then report the results of the investigation to the appropriate authorities. The results of the investigation will be used to develop a plan of action to prevent the problem from occurring again. The investigator will then implement the plan of action and will monitor the progress of the investigation. The investigator will then report the results of the investigation to the appropriate authorities. The results of the investigation will be used to develop a plan of action to prevent the problem from occurring again.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United Kingdom regarding the proposed changes to the law of the United Kingdom regarding the treatment of the British Commonwealth countries. The Commission is therefore unable to make any recommendations regarding the proposed changes to the law of the United Kingdom regarding the treatment of the British Commonwealth countries.

The first step in the process is to identify the problem. This is often done by the project manager or a steering committee. The next step is to define the scope of the project. This involves determining the boundaries of the project and what is included and excluded. The third step is to develop a project plan. This plan outlines the tasks to be completed, the resources required, and the timeline for the project. The fourth step is to execute the project. This involves carrying out the tasks outlined in the project plan. The final step is to close the project. This involves evaluating the project's performance and documenting the lessons learned.

The following table shows the results of the regression analysis for the dependent variable "Number of children in the household" (N = 1,000). The independent variables are "Age of the head of household" and "Gender of the head of household". The results are presented in the following table:

We are the owners of 46 Mineola Rd. West and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 158 MINEOLA RD W and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning - "Low density - Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density - single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density - single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Re: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1383 Avonbridge Drive and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

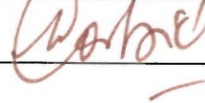

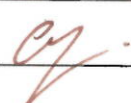

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Subject: **OZ/OPA 166**
Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Mayor and Members of Council

We are the owners of 1351 VICKER AVE and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning - "Low density - Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density - single family dwellings. The Current City of Mississauga Official plan continues to identify the neighborhood as low density - single family dwellings and we respectfully oppose this application.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the comments stated on the City's Cultural Landscape description of Mineola West:

"The neighborhood has evolved today is a wonderful neighborhood with a variety of quality housing stock and a beautiful landscape that blends the houses with their natural and manicured surroundings..... As infill has increased the density over the years and care must be taken to ensure that the end, ruin the very quality and character that makes this neighborhood so appealing and unique. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as a visually interesting and memorable." The dangerous precedence, noise, traffic, parking and the appeal changing from forestry to a conglomerate of packed homes are all some but not limited to what we share.

We respectfully ask the council to oppose this application to rezone for higher density. We request that any infill development should be approved ONLY based on the current Zoning as a result of the Official Plan.

The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**
Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1371 Birchwood Heights Drive, Mississauga and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

We are the owners of 130 Indian Valley Trail and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

* We have lived in this area for 24 years and this proposed re-zoning would ultimately destroy the look + feel of this ^{unique} neighborhood. It is truly a special area with its tree canopy which we need to strongly protect + the reason why many of us have chosen to live here. *

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1539 Douglas Dr. and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 275 Oakhill Road and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

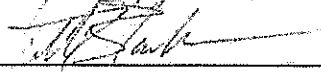

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 269 Pinetree Way and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Re: **02/CWA 195**

Application for Rezoning 1142 Main Road (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of *1505 Point o' Woods Rd.* and we are writing to inform you that as owners and residents in the historic West Brimley area, we have been deeply impacted by the changes in the current zoning - "Low Density - Single Detached".

The City of Mississauga Official Plan (OP) has historically always identified our neighborhood as low density - single family dwellings. The Current City of Mississauga Official Plan continues to identify our neighborhood as low density - single family dwellings and we respectfully request the council to rezone.

The City of Mississauga has specifically listed Main Road West in its Cultural Landscape Inventory. The reason for this identification is the historic significance of the large generous lots and the following comments about the City's Cultural Landscape Inventory of Main Road West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the historic with their natural and manufactured surroundings... A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the 15-acre neighborhood stands out as one of the most visually interesting and memorable." The large open spaces, wide traffic, parking and scenic views changing from forestry to a neighborhood of packed houses are all things that are missed in the current zoning.

We respectfully ask the council to approve this application to rezone for higher density. We feel strongly that any such development should be approved ONLY based on the current zoning as outlined in the City Official Plan.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 300 Indian Valley Trail and the purpose of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Dear Mr. Jim Tovey, Mr. David Breveglieri and whom else it may concern:

I We are the owners of 195 Kenollie Ave, Mississauga, ON.

As owners and residents in the Mineola West Neighborhood, I/we strongly oppose any changes to the current zoning - "Low density - Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density - single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density - single family dwellings and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable."

We respectfully oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**
Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Dear Mr. Jim Tovey, Mr. David Breveglieri and whom else it may concern:

We live at 275 Kenollie Ave. Mississauga, Ontario.

As long-time owners and residents in the Mineola West Neighborhood, we strongly oppose any changes to the current zoning – "Low density – Single Dwelling".

Historically, the City of Mississauga Official Plan (MOP) has consistently identified the Mineola West neighbourhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighbourhood as low density – single family dwellings.** The proposed development on the above noted property is clearly inconsistent with the Official Plan. The proposed request for an increase in density is unlike any other lot in the Mineola West neighbourhood and would set a precedent for developers to acquire typical larger lots in the neighbourhood to have them rezoned for a higher density. This would have a significant negative impact on the quality and cultural landscape of the neighbourhood which Mineola West is best known for.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory.** The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable."

We respectfully oppose this application to rezone for higher density. We feel strongly that any infill development should be approved based ONLY on the current Zoning as approved in the City Official Plan.

Re: OZ/OPA 166
Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Dear Mr. Jim Tovey, Mr. David Breveglieri and whom else it may concern:

We are the owners of 148 Pinetree Way

As owners and residents in the Mineola West Neighborhood, I/we strongly oppose any changes to the current zoning – “Low density – Single Dwelling”.

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.”

We respectfully oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**
Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

Dear Mr. Jim Tovey, Mr. David Breveglieri and whom else it may concern:

We live at _____ Mississauga, Ontario.

As long-time owners and residents in the Mineola West Neighborhood, we strongly oppose any changes to the current zoning – “Low density – Single Dwelling”.

Historically, the City of Mississauga Official Plan (MOP) has consistently identified the Mineola West neighbourhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighbourhood as low density – single family dwellings.** The proposed development on the above noted property is clearly inconsistent with the Official Plan. The proposed request for an increase in density is unlike any other lot in the Mineola West neighbourhood and would set a precedent for developers to acquire typical larger lots in the neighbourhood to have them rezoned for a higher density. This would have a significant negative impact on the quality and cultural landscape of the neighbourhood which Mineola West is best known for.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory.** The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. 1971

1971

in 1971, the number of people who were employed in the public sector was 1,100,000. This was a significant increase from the 1960s, when the number was around 800,000. The increase was due to a combination of factors, including the growth of the public sector and the decline of the private sector.

1971

in 1971, the number of people who were employed in the public sector was 1,100,000. This was a significant increase from the 1960s, when the number was around 800,000. The increase was due to a combination of factors, including the growth of the public sector and the decline of the private sector. The public sector was the main employer of people in the 1970s, and it was responsible for the majority of the jobs created. The private sector, on the other hand, was responsible for the majority of the jobs lost. This was a major problem for the economy, as it led to a high level of unemployment. The government was forced to take action to address this problem, and it implemented a series of measures to stimulate the private sector. These measures included tax cuts, subsidies, and other incentives. The result was a significant increase in private sector employment, which helped to reduce the unemployment rate. By 1971, the number of people employed in the private sector had increased to 1,200,000, which was a significant improvement over the 1960s.

Subject: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 201 Indian Valley Trail and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

Re: 02-074-100

Application for Recording 1142 Mona Road, (Trillium), Ontario

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

We are the owners of 1218 Hancock Rd and the purpose of this letter is to inform you that as owners and residents in the Westside West Neighborhood, our household strongly opposes any changes to the current rating - "Low density - Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings and we respectfully oppose this application to rezone.

The City of Athens-Clarke County has specifically listed Minnie's West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape Description of Minnie's West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manured surroundings..... A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Missoula, the Minerva neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved ONLY based on the current Zoning as approved in the City Official Plan.

The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1565 Stavebank Rd. and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Re: OZ/OPA 166

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 1385 STAVEBANK RD. and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – "Low density – Single Dwelling".

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City's Cultural Landscape description of Mineola West:

"What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable." The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Petition Information

- Each petition must be submitted to the City Clerk no later than 4:30 p.m. on the Monday of the week preceding the Council meeting; otherwise the petition will be included on the next available Council agenda.
- The petition must be typed or legibly handwritten and printed on letter size paper. (No pencil)
- The petition must be appropriate and respectful in tone, and must not contain any improper or offensive language or information.
- Each petitioner must print and sign his or her own name, original signatures only.
- Each petitioner must provide his or her full address, including property's roll number for a noise wall petition.
- The petition must clearly disclose on each page that it will be considered a public document at the City of Mississauga and that the information contained in it may be subject to the scrutiny of the City and other members of the general public.

The following information outlines the purpose of the petition:

Purpose:	To inform you that our household strongly opposes any changes to current zoning - "low density - single dwelling" & current City of Mississauga official plan.
Asking Council for: to	oppose this application to rezone for higher density.

Re: **OZ/OPA 166**

Application for Rezoning 1142 Mona Road, (Mississauga), Ontario

To: Mayor and Members of Council

We are the owners of 201 Indian Valley Trail and the **purpose** of this letter is to inform you that as owners and residents in the Mineola West Neighborhood, our household strongly opposes any changes to the current zoning – “Low density – Single Dwelling”.

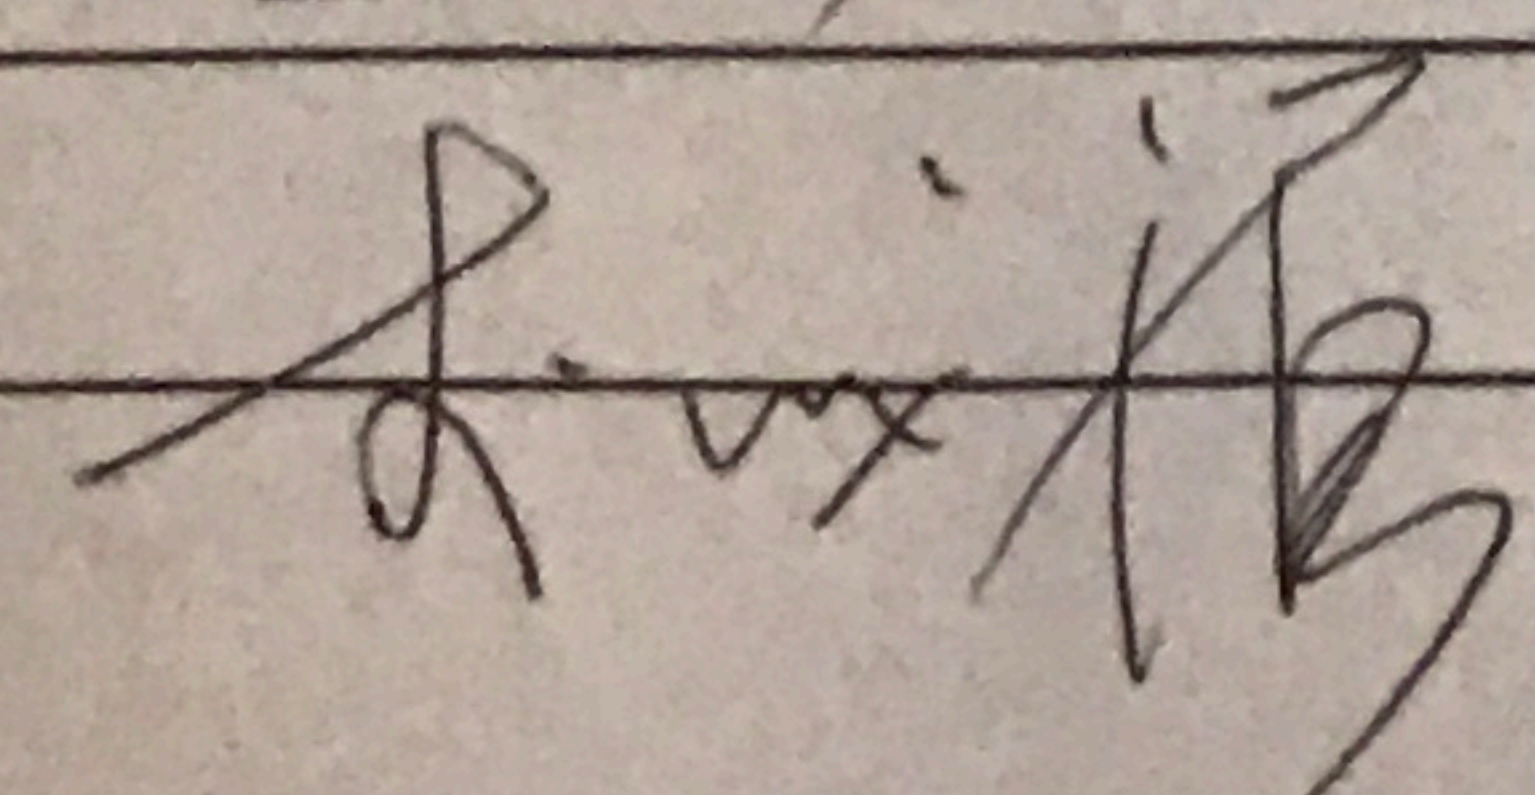

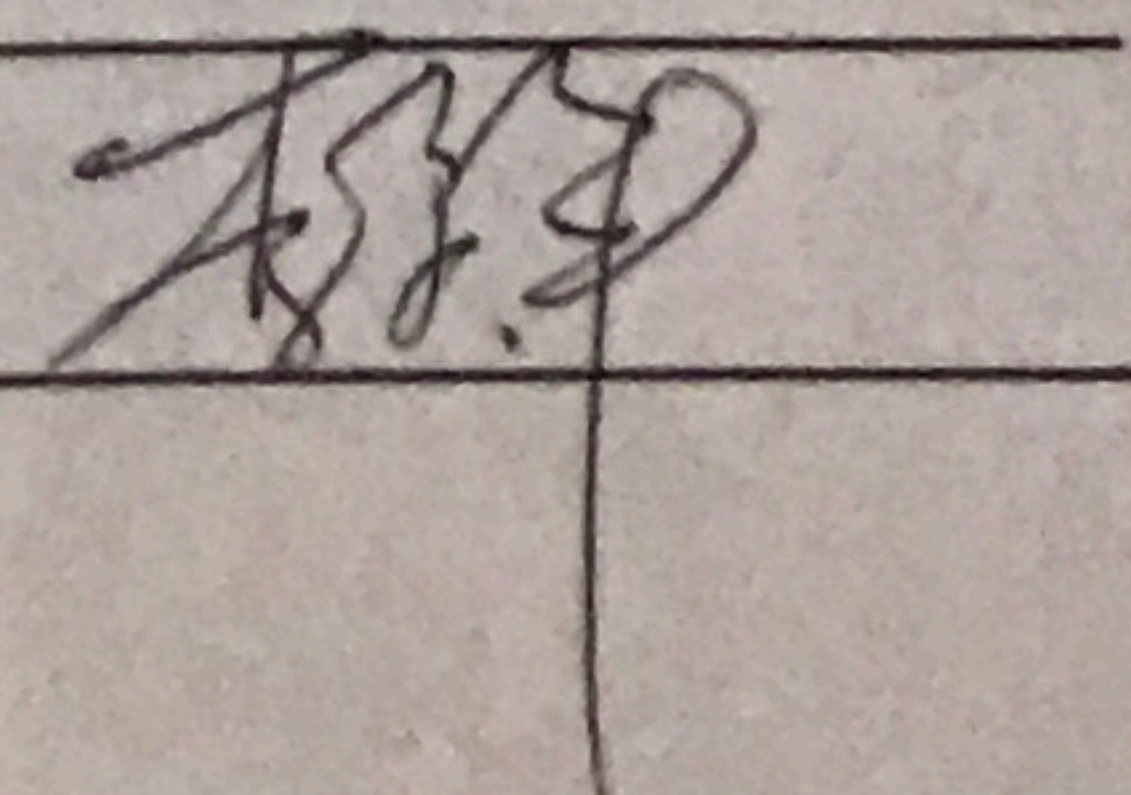

The City of Mississauga Official Plan (MOP) has historically always identified our neighborhood as low density – single family dwellings. The **Current City of Mississauga Official plan continues to identify our neighborhood as low density – single family dwellings** and we respectfully oppose this application to rezone.

The **City of Mississauga has specifically listed Mineola West in its Cultural Landscape Inventory**. The reason for this identification includes recognition of the large generous tree canopied lots as well as the following comments stated on the City’s Cultural Landscape description of Mineola West:

“What has evolved today is a wonderful neighborhood with a variety of quality housing stock and a rich stimulating landscape that blends the houses with their natural and manicured surroundings.....A gradual infilling has increased the density over the years and care must be taken to ensure that this does not, in the end, ruin the very quality and character that makes this neighborhood so appealing and attractive. Of the many neighborhoods in Mississauga, the Mineola neighborhood stands out as one of the most visually interesting and memorable.” The dangerous precedence, noise, traffic, parking and visual appeal changing from forestry to a conglomerate of packed homes are all some but not limited to, concerns we share.

We respectfully ask the council to oppose this application to rezone for higher density. We feel strongly that any infill development should be approved **ONLY** based on the current Zoning as approved in the City Official Plan.

Ron Starr
Councilor Ward 6
Mississauga ON

Dear Mr. Starr and Mrs. Crombie,

We are a group of Mississauga residents living on Creditview Road, from Eglinton Avenue to Bristol Road. We recently received a notice that the city is proposing to build a multi-use trail on the east side of Creditview Road. As residents of Creditview Road, we have serious concerns about the planned trail. First of all, the city did not consult local residents about this project and we received this news as a surprise. This group speaks on behalf of the residents of Creditview and we are suggesting the following proposal:

1. Please make the bike lane similar to that which the city has completed on Bristol Road West and in other places. In many places, the city has added the bike lane by removing one car lane like on the south side of Bristol Road. This would be consistent with the city's other roads as well the city of Toronto's bike lanes.
2. Alternatively the city could keep two lanes but remove the middle turning lane. There would then be space to add a bike lane on either side. This would be more consistent and in line with Bristol Road.
3. If the city go ahead with the proposed lane, all the residents will be vulnerable to accidents as we have to pass two to three tires to make right to left turn. We already have some accidents where bikers hit resident's vehicle when they were waiting to make left turn.

The existing proposed plan would result not only in more cost to the city but also damage to the driveways of the residents. Secondly, we will lose the green boulevard and which will negatively affect the scenic beauty and landscape of our street. We strongly request that you reconsider this project. We don't want the trail on our street.

Thank you,

Signature of residents

ALLISON COSGROVE	215-180 MISSISSAUGA VALLEY BLVD		

Councillor Chris Fonseca,
Mississauga Ward 3,
City Hall.

May 30th, 2017

Subject: Flagship Drive Traffic Calming
Tomken Rd. to Constitution Blvd.

Dear Councillor Chris Fonseca,

Further to our meeting in October 2016 and your letter of December 2016, we attach 3 pages of a petition signed by Residents of Flagship Drive between Tomken Rd. and Constitution Blvd. regarding the installation of Speed Bumps on Flagship Drive.

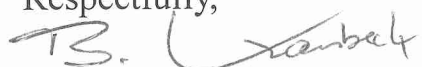

Once Project 16-1310 J-1, the installation of new water mains on Flagship Drive is completed by June 2017, we believe this would be a good time to implement traffic calming by installing Speed Bumps on Flagship Drive, between Tomken Road and Constitution Blvd.

The reason for this request is because the cars travelling on Flagship Drive between Tomken and Constitution are excessively speeding in both directions. We would also like to keep the "edge lines". In our dealings with residents, it is the speeding that needs to be addressed first, and additionally, following that, a review of bicycles on sidewalks (to separate cyclists from traffic and pedestrians).

In the near future other street amenities that might improve and add to traffic calming should be discussed. There is no respect or consideration for Flagship Drive residents by cut-through traffic, including School Bus Drivers.

We thank you for your support and look forward to an "EFFECTIVE PERMANENT SOLUTION".

Respectfully,

Barb Krausbeck

Slow down and stop the killing

Rules of the road have not yet caught up to the reality of new plus-sized vehicles

MICHEL GRIGNON

Canadians are killing each other on our streets, even in broad daylight. The killers are usually known, but rarely prosecuted. Moreover, the killing could easily be prevented.

Who are these people?

The victims are people walking and the culprits are people driving. Ordinary, everyday people, like us.

More than 300 pedestrians are killed by motorists in Canada each year. In Toronto alone, 163 pedestrians have been killed since 2011.

But it doesn't have to be this way. Most collisions between pedestrians and vehicles are, one could argue, "by design" — policy design, that is.

Let's look at who's at fault in most pedestrian-vehicle collisions. According to the chief coroner of Ontario:

➤ 35 per cent of pedestrian deaths were clearly caused by motorist traffic violations (e.g., failure to yield, jumping the curb).

➤ 33 per cent of pedestrian deaths could not be determined.

➤ In 32 per cent of cases there might have been a combination of pedestrians disregarding traffic rules (e.g., crossing against the light) and drivers not paying enough attention.

The bottom line is most pedestrian deaths are preventable. And evidence shows the types of pedestrians struck by vehicles are not just young daredevils or children darting into the road — common misconceptions. Rather, 35 per cent of pedestrians struck were seniors, even though they represent only 13 per cent of the population. Only 3 per cent of fatalities involved children.

Most pedestrian victims were just trying to cross the road at an intersection.

Let's also consider the increasing size of vehicles in pedestrian fatalities. Cars are getting heavier and taller. The market share of light trucks has increased dramatically since 1980.

According to Neil Arason, author of *No Accident*,

light trucks increase the likelihood of pedestrian and cyclist fatalities in cases of collisions by at least 50 per cent compared to regular cars.

In other words, our outdated rules meant to protect all those using the road have not yet caught up to the deadly reality of our new plus-sized vehicles.

One simple solution is to lower speed limits, which we know drastically reduces the risk of pedestrian fatalities in a collision. Research shows significant reductions in pedestrian death by reducing and enforcing speed limits to 30 km/h in city centres, urban residential areas and rural neighbourhoods with high levels of pedestrian activity.

At 30 km/h, the probability of a collision and the probability of fatal collisions are both very small. Increase the speed and the risk for both collisions and resultant deaths increases dramatically.

Recent data (2009 to 2013) from Toronto shows how pedestrian death tolls go up with the speed limit. With a 30 km/h speed limit, no pedestrians died; at 40 km/h, 12 pedestrians died; at 50 km/h, 44 pedestrians died; at 60 km/h, 77 pedestrians died.

If we reduce speed limits from 50 to 30 km/h, we could reduce pedestrian deaths to one-seventh of what they are now. Real-life experiments in Europe also show imposing low speed limits decreases the number of pedestrian injuries and fatalities.

One frequent objection to lowering speed limits is that it may add to commuting times. But congestion and standstill traffic contribute much more to commute times than speed limits. For example, the average speed of a commuting driver in the GTA is only 18.6 km/h because of congestion. Traffic simulations suggest a speed limit of 30 km/h would increase commuting time by only 5 per cent.

Of course, reducing speed limits might not be enough if urban planning as a whole is not designed to put pedestrians first. Arason and others working on safe street design suggest strategies such as narrowing streets by building or enlarging sidewalks and traffic islands, which in turn discourage larger cars or banning right-turns on a red light, which deters motorists from driving through crosswalks while pedestrians are crossing the street.

Urban planning that puts pedestrians first will also encourage walking. As more people walk, more motorists would get used to driving with pedestrians in mind.

Our neighbourhood streets should be viewed as zones used by pedestrians, where the intrusion of dangerous machines can be tolerated, but should not be the rule. It's time we crafted pedestrian-centred planning in our neighbourhoods.

Michel Grignon is an expert adviser with EvidenceNetwork.ca, associate professor with the Department of Economics and Health, Aging & Society at McMaster University; and director of the Centre for Health Economics and Policy Analysis.

TORONTO
STAR

2016
10/16

NOTICE OF MOTION

WHEREAS Bill 73 came into effect July 1st, 2016, introducing a prohibition on the granting of minor variances following the passing of an applicant-initiated Zoning By-law Amendment for a period of two years from the date of passing;

AND WHEREAS the Planning Act was amended to include Section 45.1.3 and 45.1.4 which stipulate that no person shall apply for a minor variance on a property before the second anniversary of the day the by-law was amended unless council has declared by resolution that such an application is permitted;

AND WHEREAS Council passed a Zoning By-law Amendment at its September 28, 2016 Council Meeting in relation to an official plan amendment and rezoning application submitted by Daniels HR Corporation , under file OZ 13/005 W8 permitting a 19-storey apartment building with the first three stories allowing certain non-residential uses at 2520-2530 Eglinton Avenue West;

AND WHEREAS the non-residential uses permitted are listed in the RA5-48 (Apartment Dwellings) exception zone applied to the site through the Zoning By-law Amendment;

AND WHEREAS Daniels HR Corporation is seeking to add to the list of non-residential uses permitted, namely a veterinary clinic, requiring approval of a minor variance through the Committee of Adjustment;

THEREFORE IT BE RESOLVED that in accordance with Section 45.1.4 of the Planning Act, Daniels HR Corporation be permitted to apply to the Committee of Adjustment for a minor variance applications for 2520-2530 Eglinton Avenue West, provided that the height and FSI shall remain the same.

Matt Mahoney
June 21, 2017

Carolyn Parrish Councillor Ward 5

Motion: July 5, 2017

MOVED BY: C. Parrish
 SECONDED BY: J. TOVEY

C. Parrish
Jim Tovey

Whereas the CF 100 was manufactured in Malton which gives it special significance for a community that was extremely involved in the aerospace industry;

Whereas a CF 100 was successfully refurbished in Haliburton, while remaining on its pedestal, by Jim Hurlburt & Sons Heritage Restoration in 2013;

Whereas an extensive Heritage report on the CF 100 records a series of interventions made to preserve the plane from bird invasions, weather damage, a collision with construction equipment and more;

Whereas that report went on to recommend regular maintenance;

Whereas the community has donated and pledged in excess of \$40,000 toward the \$60,000 plus HST estimated cost to restore and preserve the CF 100 in situ;

Whereas Jim Hurlburt & Sons Heritage Restoration are the only company in Southern Ontario with a proven track record in restoration of CF 100 on an elevated platform;

Therefore be it resolved:

That the Commissioner of Community Services and the City Clerk be authorized to execute an agreement between the City of Mississauga and Jim Hurlburt & Sons Heritage Restoration, in a form satisfactory to legal services, allowing access to the site and to the CF 100 for the purpose of restoring and preserving the plane in a manner approved by staff - as a sole source contract.

That the funds currently in an account with the Malton BIA be received by the City and applied to the restoration of the CF 100, as well as any further funds raised before the completion of the project;

That the City provide access to hydro, safety fencing and other requirements that may make the site secure, as stipulated in the agreement;

That the work be funded from the 2017 Parks Maintenance budget with cost recovery from community donations estimated at \$40,000.

Notice of Motion
July 5, 2017

Whereas Regional staff was authorized to execute a Conditional Agreement of Purchase and Sale with the Daniels CCW Corporation to develop an affordable housing project at 360 City Centre Drive, Mississauga;

Whereas Regional funding in the amount of \$65,966,522 was approved by Regional Council on June 22, 2017;

Whereas authority was delegated to the Regional Commissioner of Finance and Chief Financial Officer to utilize such mechanisms available to the Region to grant relief from the payment of Regional Development Charges for the Region's portion of the overall development (\$4.5m);

Whereas Regional Council requested Correspondence be forwarded to the City of Mississauga requesting the City consider granting relief from City Development Charges (\$2.7m) by waiving or providing a grant to offset such DCs, or through any other mechanisms available to the City, in order to better enable the development of affordable housing at 360 City Centre Drive;

Whereas 40% (70 units) will be Rent Geared to Income units used to take households off the Centralized Waiting list and 60% (104 units) will be purpose built rental owned by the Region, for middle income households;

Whereas a second tower on the same podium will be market value units, creating a mixed income node in the City Centre, an ideal situation on a human scale;

Whereas Mississauga has spent considerable time and energy developing strategies to promote "Making Room for the Middle";

Therefore Be It Resolved:

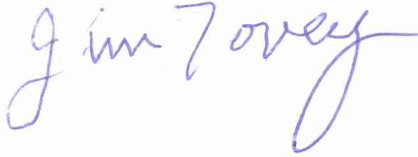

Authority be delegated to the City Manager, the Commissioner of Planning and Building and the Commissioner of Corporate Services to utilize such mechanisms available to the City to grant relief from the payment of City DCs of approximately \$2.7 million for the City's portion of the affordable housing proposed at 360 City Centre Drive; and further

That Staff be requested to formulate and bring back to Council a consistent mechanism to grant relief from City Development Charges for future projects that qualify as affordable housing within the City of Mississauga.

**Motion: Endorsing Great Lakes and St. Lawrence Cities Initiative Resolution to
designate the Great Lakes and St Lawrence River and basins as a UNESCO
Biosphere Reserve**

July 5, 2017

Moved by: Jim Tovey

WHEREAS water is life, and

WHEREAS the quality of all life is dependant on the quality of water, and

WHEREAS the Great Lakes contain 22.5% of the worlds fresh water, and Whereas 40 million people in Canada and the United States depend on water from the Great Lakes for health and economic and societal prosperity, and

WHEREAS environmental degradation and invasive species continue to pose grave threats to the sustainability of the Great Lakes, and Whereas, since its founding in 2010, the Great Lakes Restoration Initiative (GLRI) has funded protection and restoration of the Great Lakes, and

WHEREAS the White House Draft Budget includes the elimination of the Great Lakes Restoration Initiative, and Whereas Municipalities bordering the Great Lakes have been contributing 15. Billion Dollars annually to Great Lakes Restoration and protection, and

WHEREAS, the Great Lakes, the St. Lawrence River, and the Great Lakes and St. Lawrence River Basin constitute the world's largest freshwater Biosphere; and

WHEREAS, the Great Lakes and St. Lawrence River have been essential in supporting human habitation within the Great Lakes and St. Lawrence Basin for over ten thousand years; and

WHEREAS, the Great Lakes and St. Lawrence River provide habitat for thousands of aquatic and terrestrial species critical to the continuation of human existence within the Great Lakes and St. Lawrence River Basin; and

WHEREAS, there are ongoing efforts to sustainably manage the Great Lakes and St. Lawrence River, recognizing the region's industrial past and present, current uses of the system, as well as ecological and environmental significance; and

WHEREAS, despite these efforts, the Great Lakes and St. Lawrence River remain under constant and imminent threat from invasive species and environmental degradation; and

WHEREAS, the current level of investment and commitment by the US and Canadian federal governments does not match the significance of this system, nor the urgency and need to protect and restore it; and

WHEREAS, the Great Lakes St. Lawrence Cities Initiative (the Cities Initiative) stated Mission is to advance the protection and restoration of the Great Lakes and St. Lawrence River for future generations.

NOW THEREFORE BE IT RESOLVED that the City of Mississauga support the unanimous resolution of the Great Lakes and St. Lawrence Cities Initiative to designate the Great Lakes and St. Lawrence River and the Great Lakes and St. Lawrence River Basins as a UNESCO Biosphere Reserve; and

BE IT FURTHER RESOLVED, that copies of this Resolution with preliminary background information be delivered to the Premier of Ontario and Minister of the Environment provincially, and the Prime Minister and the Minister of the Environment federally.

Office of the Mayor

June 12, 2017

Dear Members,

My name is Bonnie Crombie and I am the Mayor of the City of Mississauga. I have had the opportunity to meet some of you, but for those I have not yet met, I look forward to doing so in Montreal this week.

I write to you today about a motion that will be up for consideration with respect to designating the Great Lakes, the St. Lawrence River and the Great Lakes and St. Lawrence River basin as a UNESCO Biosphere Reserve. I have attached a copy of the motion for your review and would be happy to answer any questions. I am honoured that Mayor Dyster of Niagara Falls, New York has agreed to second the motion, which was originally drafted and proposed by Mississauga City Councillor, Jim Tovey.

We have had legal counsel review the motion and the proposal. I have attached our legal analysis for your review. As you will see, our legal counsel has concluded that a UNESCO Biosphere Reserve designation will have no effect other than being symbolic, which is still incredibly important. It will not have an impact on property or industry, nor does the designation affect land use, alter a municipality's ability to control development, or impact individual property rights.

Biosphere reserves form a World Network in which participation is voluntary. The World Network is governed by a statutory framework adopted by the UNESCO General Conference in 1995 which presents the definition, objectives, criteria and designation procedures for biosphere reserves. To be clear, this designation:

- Is not a new level of bureaucracy;
- Is not a World Heritage Site;
- Does not create any new regulations;
- Does not restrict the rights of citizens- aboriginal or non-aboriginal; and
- Does NOT create new protected areas.

However, in a time when the future health of the Great Lakes seems uncertain due to funding cuts, we believe it is important that we highlight the incredible importance of the Great Lakes watershed to not only our respective countries in terms of the environment and economy, but also the entire continent and planet. It is important that we send a strong signal to the leadership

of our countries and to the world that the Great Lakes and the entire basin are an important resource that must be respected and maintained. **These are globally important waters.**

The UNESCO designation is a lengthy process, at times taking up to 10 years. This motion simply gets the process started, while at the same time sending a powerful message to leaders on both sides of the border. It is important to note that if designated, this would be the largest biosphere on the planet.

I want to thank Councillor Tovey for drafting this motion and for allowing me to present it, along with Mayor Dyster. As a member of our city council and this organization, Jim has been a tremendous advocate of the Great Lakes Cities Initiative and an ardent defender of our watershed, in particular, Lake Ontario. Mississauga boasts 22km of waterfront along Lake Ontario and the Lake - and the entire Great Lakes Basin for that matter - is not only important to our quality of life, but also to our local economy and environment. We treasure it and want to protect it at all costs.

Thank you for your consideration. I look forward to meeting you on June 14 and making history.

Sincerely,

A handwritten signature in black ink that reads "Bonnie Crombie". The signature is written in a cursive, flowing style.

Bonnie Crombie
Mayor, City of Mississauga

GREAT LAKES AND ST. LAWRENCE CITIES INITIATIVE
ALLIANCE DES VILLES DES GRANDS LACS ET DU SAINT-LAURENT

RESOLUTION 8 – 2017M

DESIGNATING THE GREAT LAKES AND ST. LAWRENCE RIVER SYSTEM
A UNESCO BIOSPHERE RESERVE

Submitted by: City of Mississauga

WHEREAS, the Great Lakes, the St. Lawrence River, and the Great Lakes and St. Lawrence River Basin constitute the world's largest freshwater Biosphere; and

WHEREAS, the Great Lakes and St. Lawrence River have been essential in supporting human habitation within the Great Lakes and St. Lawrence Basin for over ten thousand years; and

WHEREAS, the Great Lakes and St. Lawrence River provide habitat for thousands of aquatic and terrestrial species critical to the continuation of human existence within the Great Lakes and St. Lawrence River Basin; and

WHEREAS, there are ongoing efforts to sustainably manage the Great Lakes and St. Lawrence River, recognizing the region's industrial past and present, current uses of the system, as well as ecological and environmental significance; and

WHEREAS, despite these efforts, the Great Lakes and St. Lawrence River remain under constant and imminent threat from invasive species and environmental degradation; and

WHEREAS, the current level of investment and commitment by the US and Canadian federal governments does not match the significance of this system, nor the urgency and need to protect and restore it; and

WHEREAS, the Great Lakes St. Lawrence Cities Initiative (the Cities Initiative) stated Mission is to advance the protection and restoration of the Great Lakes and St. Lawrence River for future generations.

NOW THEREFORE BE IT RESOLVED, that the Cities Initiative encourages the U.S. and Canadian federal governments to pursue a UNESCO World Biosphere Reserve designation for the Great Lakes, the St. Lawrence River and the Great Lakes and St. Lawrence River basin, the world's largest freshwater ecosystem; and

BE IT FURTHER RESOLVED, that the Cities Initiative work collaboratively with the Eight Great Lakes States, the Provinces of Quebec and Ontario, both the US and Canadian Federal

Governments, as well as Governments of Indigenous People and members of the broader Great Lakes and St. Lawrence community to expedite the UNESCO World Biosphere Reserve Designation; and

BE IT FINALLY RESOLVED, that copies of this Resolution with preliminary background information be delivered to the US and Canadian Federal Governments, the eight Great Lakes Governors, the Premiers of Quebec and Ontario, the Canadian Biosphere Reserve Association, and the US Biosphere Reserve Association.

DRAFT

City of Mississauga
Memorandum

Date: 2017/06/12
To: Madam Mayor
From: Mary Ellen Bench, City Solicitor
Subject: **Overview of Process for Designation of Biosphere Reserve**

Summary

To become part of the World Network of Biosphere Reserves, individual countries nominate areas which they identify as meeting the requirements of a biosphere reserve. In order for a biosphere reserve to be nominated, land must already have been set aside for conservation within the area under consideration.

It is also essential to have a local proponent group to champion the idea of a biosphere reserve and be involved in its implementation. Ideally, this group should include people that are known and respected within the community. The group should first ensure that the area under consideration meets the three zone criteria and that the organizational potential is there to develop the capacity to carry out the functions of a biosphere reserve.

The proponents of a prospective biosphere reserve should be ready to provide information in various formats and forums to explain what the vision and mission consists of, how the proposed biosphere reserve meets the UNESCO criteria, outline the advantages the reserve will offer and the fact that participation by local people is strictly voluntary but essential to its creation and designation.

Seeking a biosphere reserve status is a lengthy process that requires dedication and commitment. Step one in pursuing a designation is to contact the Chair of the Canadian Biosphere Reserve Association.¹

General Application Process

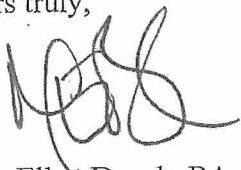

Article 5 of the *1995 Statutory Framework of the World Network of Biosphere Reserves* sets out the designation procedure for biosphere reserves. It reads as follows:

¹ www.biospherecanada.ca/faq – at question 6.

Article 5- Designation procedure

1. Biosphere reserves are designated for inclusion in the Network by the International Coordinating Council (ICC) of the MAB programme in accordance with the following procedure:
 - (a) States, through National MAB Committees where appropriate, forward nominations with supporting documentation to the secretariat after having reviewed potential sites, taking into account the criteria as defined in Article 4;
 - (b) the secretariat verifies the content and supporting documentation: in the case of incomplete nomination, the secretariat requests the missing information from the nominating State;
 - (c) nominations will be considered by the Advisory Committee for Biosphere Reserves for recommendation to ICC;
 - (d) ICC of the MAB programme takes a decision on nominations for designation. The Director-General of UNESCO notifies the State concerned of the decision of ICC.
2. States are encouraged to examine and improve the adequacy of any existing biosphere reserve, and to propose extension as appropriate, to enable it to function fully within the Network. Proposals for extension follow the same procedure as described above for new designations.
3. Biosphere reserves which have been designated before the adoption of the present Statutory Framework are considered to be already part of the Network. The provisions of the Statutory Framework therefore apply to them.²

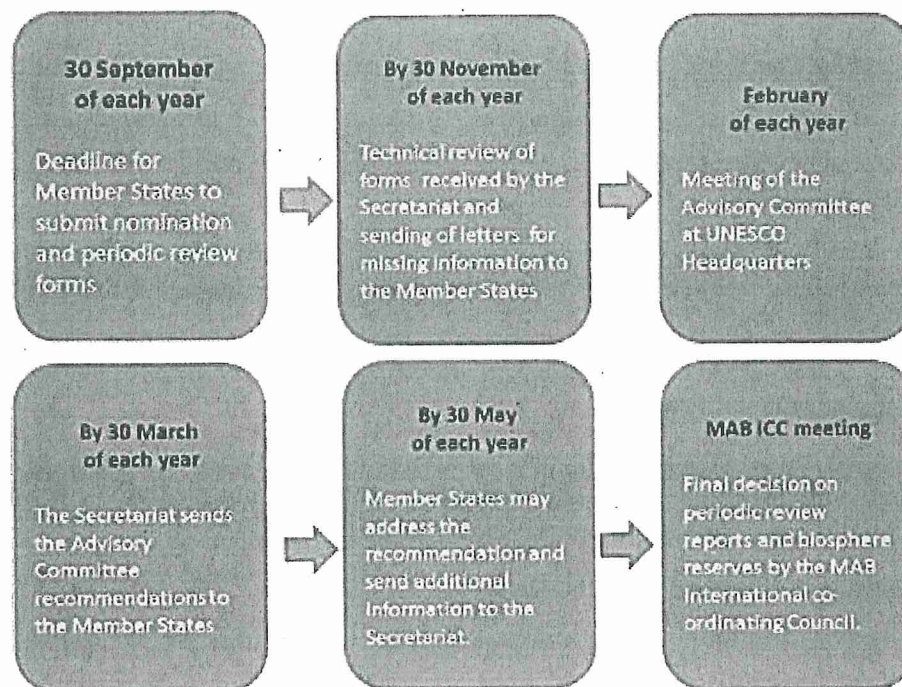

Yours truly,

Mary Ellen Bench, BA, JD, CS
City Solicitor

² UNESCO, 1996. Biosphere reserves: The Seville Strategy and the Statutory Framework of the World Network. UNESCO, *"The Statutory Framework of the World Network of Biosphere Reserves"*, Article Five at pg. 17. Online: <http://unesdoc.unesco.org/images/0010/001038/103849e.pdf>

Timeline: Nomination and Periodic Review Process

3

NOTE: Other parts of the website talk about a letter of intent being required – which is supposed to be sent to the Canadian Commission for UNESCO⁴. I could not find any other information with respect to a letter of intent.

There are nomination forms with respect to a regular application as well as a transboundary application attached to the email sending this memo.

Criteria for Designation

Article 4 of the *1995 Statutory Framework of the World Network of Biosphere Reserves*, sets out the general criteria for an area to be qualified for designation as a biosphere reserve. It reads as follows:

Article 4 - Criteria

1. It should encompass a mosaic of ecological systems representative of major biogeographic regions, including a gradation of human interventions.
2. It should be of significance for biological diversity conservation.

³ <http://www.unesco.org/new/en/natural-sciences/environment/ecological-sciences/biosphere-reserves/designation-process/timeline-nomination-and-periodic-review-process/>

⁴ <http://unesco.ca/home-accueil/biosphere%20new/biosphere%20reserves%20in%20canada-%20reserves%20de%20la%20biosphere%20au%20canada>.

3. It should provide an opportunity to explore and demonstrate approaches to sustainable development on a regional scale.
4. It should have an appropriate size to serve the three functions of biosphere reserves, as set out in Article 3.
5. It should include these functions, through appropriate zonation, recognizing:
 - (a) a legally constituted core area or areas devoted to long-term protection, according to the conservation objectives of the biosphere reserve, and of sufficient size to meet these objectives;
 - (b) a buffer zone or zones clearly identified and surrounding or contiguous to the core area or areas, where only activities compatible with the conservation objectives can take place;
 - (c) an outer transition area where sustainable resource management practices are promoted and developed.
6. Organizational arrangements should be provided for the involvement and participation of a suitable range of inter alia public authorities, local communities and private interests in the design and carrying out the functions of a biosphere reserve.
7. In addition, provisions should be made for:
 - (a) mechanisms to manage human use and activities in the buffer zone or zones;
 - (b) a management policy or plan for the area as a biosphere reserve;
 - (c) a designated authority or mechanism to implement this policy or plan;
 - (d) programmes for research, monitoring, education and training.⁵

Other Useful Information

- Most Canadian biosphere reserves are incorporated as non-profit organizations, some with charitable status. Some work, at least initially, through a steering committee with stakeholder representation and a small number are affiliated with universities. Biosphere reserve program activities are decided locally, but some can be linked to national or international programs.⁶
- Once designated, Biosphere Reserves work collectively on four common strategic objectives:
 1. Conserve biodiversity, restore and enhance ecosystem services and foster sustainable use of natural resources;
 2. Contribute to building sustainable, healthy, and equitable societies, economies, and thriving human settlements;

⁵ UNESCO, 1996, *supra* note 2 – Article Four at pg. 16.

⁶ www.biospherecanada.ca/faq – question 5.

3. Facilitate sustainability science and education for sustainable development; and
4. Support mitigation and adaptation to climate change and other aspects of global environmental change.⁷

➤ Biosphere reserves have three interrelated zones that aim to fulfil three complementary and mutually reinforcing functions:

1. The core area(s) comprises a strictly protected ecosystem that contributes to the conservation of landscapes, ecosystems, species and genetic variation.
2. The buffer zone surrounds or adjoins the core areas, and is used for activities compatible with sound ecological practices that can reinforce scientific research, monitoring, training and education.
3. The transition area is the part of the reserve where the greatest activity is allowed, fostering economic and human development that is socio-culturally and ecologically sustainable.⁸

➤ The main characteristics of biosphere reserves are:

- Achieving the three interconnected functions: conservation, development and logistic support;
- Outpacing traditional confined conservation zones, through appropriate zoning schemes combining core protected areas with zones where sustainable development is fostered by local dwellers and enterprises with often highly innovative and participative governance systems;
- Focusing on a multi-stakeholder approach with particular emphasis on the involvement of local communities in management;
- Fostering dialogue for conflict resolution of natural resource use;
- Integrating cultural and biological diversity, especially the role of traditional knowledge in ecosystem management;
- Demonstrating sound sustainable development practices and policies based on research and monitoring;
- Acting as sites of excellence for education and training;
- Participating in the World Network.⁹

Transboundary Biosphere Reserves

- As borders between states are political rather than ecological, ecosystems often occur across national boundaries, and may be subject to different, or even conflicting, management and land use practices.
- TBRs provide a tool for common management. A TBR is an official recognition at the international level and by a UN institution of a political will to co-operate in the conservation and sustainable use, through common management, of a shared ecosystem. It also represents a commitment of two or more countries to apply together the Seville Strategy for biosphere reserves and its objectives.
- Recommendations for the establishment and functioning TBRs were set out in Pamplona at the Seville+5 meeting.
- The experiences and lessons learned from five Transboundary Biosphere Reserves in Europe have been collected [report attached to email].¹⁰

Motion

Wednesday, July 5, 2017

WHEREAS Section 23.1(1) of the *Municipal Act, 2001*, as amended (the *Municipal Act*) provides municipalities with the power to delegate their powers and duties under the *Municipal Act* or any other Act, to a person or body, subject to certain restrictions as set out in the Act; and

WHEREAS By-Law 0375-2008 provides Delegated Authority to the City Manager to approve and execute Acquisition Agreements (Agreements of Purchase and Sale) provided that the consideration is \$500,000.00 or less; and

WHEREAS Council, at its meeting held on June 21, 2017, authorized that the Realty Services Section of the Corporate Services Department be authorized to enter into negotiations with various landowners for parkland acquisition in the Downtown Growth Area, and report back to Council should these negotiations be successful; and

WHEREAS during the summer, as happens in many municipalities, Council meets less frequently; and

WHEREAS By-Law 0139-2013, the Procedures of Council By-Law provides delegated authority during summer and election recess; and

WHEREAS By-Law 0139-2013 does not provide authority for the acquisition or disposal of property; and

WHEREAS negotiations with the various landowners have commenced; and

AND WHEREAS in the event agreement is reached during the summer recess, it is considered appropriate to be in a position to enter into the agreement with one or more landowners in advance of Council's next scheduled meeting on September 13, 2017 so as not to miss any opportunity to purchase the properties; and

THEREFORE BE IT RESOLVED as follows:

1. That Council delegates to the City Manager or her delegate, the authority to approve Agreements of Purchase and Sale (Offers to Sell) with various landowners identified in the June 21, 2017 report, for parkland acquisition in the Downtown Growth Area, up to a maximum of \$2,000,000 per transaction; and
2. That the above noted delegated authority shall cease once Council reconvenes on September 13, 2017; and
3. That all necessary by-laws be enacted.
