## Corporate Report

Date: 2017/09/05

To: Mayor and Members of Council

From: Gary Kent, Commissioner of Corporate Services and  
Chief Financial Officer

Originator's files:

Meeting date:  
2017/09/27

## Subject

**Tax Adjustments Pursuant to Sections 357 and 358 of the *Municipal Act***

## Recommendation

That the tax adjustments outlined in Appendix 1 attached to the report dated September 5, 2017 from the Commissioner of Corporate Services and Chief Financial Officer for applications for cancellation or refund of taxes pursuant to Sections 357 and 358 of the *Municipal Act*, be adopted.

## Background

Sections 357 and 358 of the *Municipal Act*, 2001, S.O. 2001, c.25 allow a property owner or the Treasurer to make an application for the cancellation, reduction or refund of taxes for a number of specific reasons. Taxes may be adjusted when a building has been demolished or razed by fire or if a property has become exempt, changed class or has been overcharged by reason of gross or manifest error.

## Comments

A total of 46 applications for tax adjustments have been prepared for Council's consideration. The total cancellation or refund of taxes as recommended is \$ 602,008.64. Appendix 1 outlines the tax cancellations being recommended by property and summarizes by appeal reason the number of applications and tax dollars recommended for reduction.

Following Council's decision, a Notice of Decision will be mailed to all residents and their taxes will be adjusted accordingly. With the exception of Section 358 tax appeals, if the applicant disagrees with the amount of the tax adjustment, they have 35 days from the date of the Notice of Decision to appeal Council's decision to the Assessment Review Board. Council's decision with respect to Section 358 tax adjustments is final.

Council	2017/09/05	2
---------	------------	---

---

## Financial Impact

The City's portion of the cancellations resulting from the Section 357 and 358 tax adjustments is \$172,047.67.

## Conclusion

Tax appeals for 2014, 2015, 2016 and 2017 taxation years are listed in Appendix 1. The *Municipal Act* requires Council to approve the tax adjustments.

Dear Mayor Crombie:

Thank you for your letter regarding Mississauga City Council's motion in support of Bill 94, *Highway Traffic Amendment Act* (School Bus Camera Systems) 2017. Your letter was forwarded by the Honourable Kathleen Wynne, Premier of Ontario, and I am pleased to respond.

The Ministry of Transportation is committed to the safe transportation of children on Ontario school buses.

The HTA already permits school buses to add video equipment that will record drivers who illegally pass stopped school buses, provided that the equipment does not extend beyond the allowable width of the vehicle and does not interfere with its safe operation. The ministry supports school bus owners who choose to use stop-arm camera technology to reduce the number of vehicles passing a stopped school bus.

In support of this, in August 2016, the Ministry of the Attorney General, with the Ministry of Transportation's support, removed regulatory barriers that prevented proceedings against a defendant for failing to stop for a school bus where a camera system is used. While this was an effective first step, the need to protect vulnerable road users continues to be a key priority for me and my ministry, and I believe that school bus stop arm cameras could be an effective tool in furthering that goal.

The ministry is committed to working with legislators, municipalities and road safety advocates to find the most effective way to enable innovative approaches to ensuring road safety, including the better use of technology to address issues such as drivers failing to stop for school buses. To that end, I have instructed staff to include school bus camera technology as part of the automated speed enforcement consultations that will be taking place in support of Bill 65.

I appreciate council's input and concerns surrounding the issue. Your comments and support for the bill will be considered during our discussions around the current regulatory framework.

Thank you again for your letter

Sincerely,

Bridge Dedication for Fallen Police Officer

---

On September 30<sup>th</sup>, 1939, while patrolling on the Queen Elizabeth Way (QEW) near Dixie Road, in the City of Mississauga, Provincial Constable Frederick Blucher of the Port Credit Detachment was killed after his motorcycle was struck by another vehicle which had veered out of control. The force of the collision caused Provincial Constable Blucher to be thrown from his motorcycle.

Since that time, new Provincial legislation known as The Highway Memorials for Fallen Police Officers Act 2002 has been proclaimed to honour our fallen police officers. At this time, I am in the process of requesting the bridge commonly known as the Dixie Road Bridge which crosses over the QEW in the City of Mississauga, to be dedicated in the name of Provincial Constable Frederick Blucher. In accordance with Ministry of Transportation Ontario (MTO) policy, I require written support from the municipality in which the bridge is located for the request to be considered.

I am respectfully requesting your personal support and a written letter of support from your office forwarded to myself for inclusion with my formal request to the Ministry of Transportation Ontario requesting this memorial.

Your support in this endeavour is greatly appreciated.

Respectfully,

  
Inspector Steve Grosjean  
Detachment Commander

## Bridge Dedications for Fallen Police Officers

### *Purpose and Background*

As a gesture of respect, bridge dedications are intended to posthumously recognize police officers that have courageously and unselfishly given their lives in the line of duty to preserve our free and peaceful society.

In accordance with the Highway Memorials for Fallen Police Officers Act, 2002, this policy allows for the naming of bridges and other structures on provincial highways in memory of police officers that have died in the line of duty.

### *Guidelines*

Bridge dedication signs are to be installed at provincial highway bridges/structures in all directions of travel (provincial highway and crossroad). Dedication signs will be in addition to any existing signs identifying the geographical feature being crossed (i.e. – name of a river) or the intersecting street at an interchange. The dedication signs are not intended to replace the existing system of bridge identification.

This policy applies to dedications for fallen police officers, regardless of when the officer was killed.

This policy does not replace other methods the Ministry may have to name/identify bridges.

Bridges/structures are to be selected in the following preferred order:

- |                 |   |
|-----------------|---|
| 1 <sup>st</sup> | Mainline bridges/structures over rivers or other obstructions |
| 2 <sup>nd</sup> | Overpasses/underpasses that are not interchanges              |
| 3 <sup>rd</sup> | Interchange bridges   |

### *Definitions*

1. Highway Memorials for Fallen Police Officers Act, 2002 – an Act allowing the Legislative Assembly to name bridges and other structures on Ontario's highways in memory of police officers who have died in the line of duty.

## Bridge Dedications for Fallen Police Officers

2. Memorial Dedications for Provincial Highways and/or Sections of Provincial Highways Policy – a policy allowing a dedication of a highway (or section thereof) to posthumously acknowledge individuals and groups who have contributed to the health, welfare and prosperity of Ontarians, and to honour the sacrifice of those who have lost their lives servicing the people of Ontario or the nation.
3. The term “*Immediate Family Member*” refers to a spouse, child, stepchild, brother, stepbrother, sister, stepsister, mother, stepmother, father, stepfather.

## Process and Qualification Criteria

### Bridges

The dedication of bridges is reserved for police officers that have died in the line of duty in accordance with the Highway Memorials for Fallen Police Officers Act, 2002.

### Highways

Requests to have a highway, or section thereof, dedicated must be in accordance with the Ministry of Transportation's Memorial Dedications for Provincial Highways and/or Sections of Provincial Highways Policy, and, therefore, do not qualify for signs under this policy.

The preferred method of dedicating bridges after fallen police officers is through the Legislative process as per the Highway Memorials for Fallen Police Officers Act, 2002. However, this policy allows the Minister to approve dedications in situations where there are tight timelines or the House is not sitting.

The police service the officer served in (OPP, municipal or other) will coordinate and provide the following information to the Ministry of Transportation:

- A letter, addressed to the Minister of Transportation, requesting/supporting the dedication including the preferred location (township or specific site) of the bridge to be dedicated;
- Written consent from immediate family members of the deceased officer for whom the bridge is being dedicated. If any immediate family member objects (in writing) to the placement of a sign, the sign will not be installed.
- Written confirmation from immediate family members of the deceased officer of the proper name to appear on the sign (no nicknames allowed, such as John “Red” Smith);
- Although MTO encourages the use of the officer's name only on the signs, the use of an abbreviated rank (Sgt., Cst., etc.) will be allowed on the sign with the written consent of family members.

## Bridge Dedications for Fallen Police Officers

- Written support of the bridge dedication from the MPP(s) of the riding(s) that the bridge is located in.
- **Written consent from the Municipality/First Nation in which the signs are being installed;**
- An electronic version of the police force logo to be included on the sign in Encapsulated Postscript (eps) or Adobe Illustrator (ai) file format. In situations where the logo is too complex for the Provincial Sign Shop to reproduce, the police force shall provide a colour logo (preferably on engineering grade reflective sheeting) in a ready-to-apply format with a maximum dimension of 500mm square.

Ministry Head Office and Regional staff will review the submission. Ministry Head Office will prepare the final sign design and confirm the final design with the local police agency or the Ministry of Community Safety and Correctional Services. Ministry regional staff will coordinate the sign installation and act as the primary contact for the proponent. The sign design and associated documentation will be forwarded to the Assistant Deputy Minister of Provincial Highway Standards, the Deputy Minister's Office and then to the Minister's Office for final approval.

Head Office Traffic will be responsible for maintaining a central registry of dedications that will include approved, denied and outstanding requests.

Final approval of a bridge dedication shall rest with the Minister of Transportation or his/her designee and must be obtained prior to proceeding with the implementation of a bridge dedication.

Under this policy, only one dedication per fallen police officer is permitted. A bridge/structure cannot have multiple dedications. For the purpose of this policy, "twin" structures can be dedicated to a single individual.

Ceremonies recognizing the dedication of the bridge are not allowed within the highway right-of-way. The police service will be responsible for the organization of any off-site ceremonies. MTO will provide a colour mock-up of the sign for presentation purposes. This mock-up may be offered to the family as a keepsake.

## Implementation

### Sign Design and Installation

Signs shall conform to the following design:

	<b>Bridge Dedication Sign</b>  Sign Size: 600mm x 2400 mm  Retroreflective Sheeting: Type I
	<b>Bridge Dedication Sign (Bilingual)</b>  Sign Size: 600mm x 2400mm  Retroreflective Sheeting: Type I

Signs must conform to the standard ministry design as shown above. Signs shall include the name of the police officer being identified in the dedication and may, upon written request, display their abbreviated rank (Sgt., Cst., etc.). Signs may include a crest/logo, but shall not include commercial messages or slogans, or other messages commercial in nature.

The bilingual version of the sign must be used in areas designated under the French Language Services Act.

A bridge dedication under this policy shall have signs installed at the bridge in all directions of travel (provincial highway and crossroad), in addition to any other signs identifying the geographic feature being crossed (i.e. river, intersecting street, etc.).

### Fees

The Ministry of Transportation is responsible for all costs associated with the manufacturing, installation and maintenance of the signs.

**Notice of Motion**

Moved by: G. Carlson

Seconded by:

WHEREAS Jorge Rodrigues and Stacey Lynne Reason are the property owners of 26 Main Street in the City of Mississauga, and have constructed a porch in 2012 that extends past the boundaries of 26 Main Street, and encroaches onto a portion of the adjacent City's right-of-way; and

AND WHEREAS the City of Mississauga Encroachment By-law 0057-2004 does not permit any person to erect, place or maintain an encroachment on any public lands or right-of-way, except in accordance with the Encroachment By-law; and

AND WHEREAS the property owners are required to enter into an encroachment agreement with the City of Mississauga in order to maintain the porch in accordance with the Encroachment By-law or must remove the porch from the City's right-of-way; and

AND WHEREAS the City does not have a record of a building permit for the construction of the porch at 26 Main Street; and

AND WHEREAS the property owners have expressed an interest in acquiring the portion of the City's right-of-way abutting 26 Main Street over which their porch encroaches in lieu of entering into an encroachment agreement; and

AND WHEREAS the Transportation & Works department does not support the sale of this or any portion of the City's right-of-way and recommends that the property owners enter into an encroachment agreement to maintain the porch or remove the porch from City property; and

AND WHEREAS the portion of the City's right-of-way abutting 26 Main Street over which the porch is built is at a higher elevation level than the vehicular travelled portion of the public highway; and

  
G. Carlson  
Councilor Ward 11

AND WHEREAS the City's right-of-ways are generally used for utilities, sidewalks, multi-use trails and street boulevards that benefit the public, the potential for the City to make use of this portion of the right-of-way abutting 26 Main Street for road widening purposes is low;

NOW THEREFORE BE IT RESOLVED:

1. That the Manager of Realty Services enter into negotiations with Jorge Rodrigues and Stacey Lynne Reason with a view to conveying a portion of the City's public highway abutting 26 Main Street as shown as Part 1 on the attached draft Reference Plan to Jorge Rodrigues and Stacey Lynne Reason at fair market value and on a strictly "as-is/where-is" basis on the conditions that:
  - a. All costs associated hereto with this motion, including the property appraisal for the portion of the City's right-of-way to be purchased, shall be at the purchaser's cost; and
  - b. The property owners obtain any variances required from the Committee of Adjustment within six (6) months of this motion approval date to maintain the portion of the porch located on their property in its current location; and
  - c. The property owners be authorized to act as the City's agent to obtain any variances required from the Committee of Adjustment within six (6) months of this motion approval date to maintain the porch in its current location over the portion of the City's current right-of-way; and
  - d. Any minor variance granted over the City's current right-of-way abutting 26 Main Street be conditional upon the completion of the sale of the said portion of the City's right-of-way; and
  - e. The property owners obtain a building permit for the porch within six (6) months of the Committee of Adjustment decision date granting the minor variances.

Dear Mr. George Carlson,

Stacey and I would like to take this opportunity to request the approval to purchase the small strip of land in front of our home in order to rectify the encroachment issue we have with our front porch at the above noted address.

Thank you in advance for helping us with this issue and we hope that we will be granted the absolute minimum required land for purchase.

Regards,

Jorge & Stacey
