Funding to Support Community Organizations for Costs Associated with Peel Regional Police

Recommendation
That a by-law be enacted to authorize the Commissioner of Community Services or designate, to approve and execute agreements between the City and each of the community organizations receiving funding for policing costs associated with the security and traffic of 2018 community events and any other instruments and documents ancillary thereto; all in a form satisfactory to Legal Services as outlined in the Corporate Report entitled “Funding to Support Community Organizations for Costs Associated with Police presence” dated June 7, 2018 from the Commissioner of Community Services.

Report Highlights

- Peel Regional Police Services Board approved a change to their Community Event Paid Duty policy to address the funding disparity among community events. Eleven Mississauga based events were impacted by this change.

- To provide short-term support to these groups, while they adjust to the change, Regional Council authorized a one-time transfer of funding to cover the 2018 policing costs for the events.

- On April 6th, 2018 the Region of Peel authorized a one-time transfer of $113,881 to the City of Mississauga to offset the 2018 policing costs for these events, based on the recommendation of a regional report dated March 22nd, 2018.

- Peel Regional Council resolved that the Region of Peel meet with the City of Mississauga, and Peel Regional Police to verify the impacted events and make any required corrections to their funding allocations.

- Mississauga staff met with Peel Police and Region of Peel staff on June 4, 2018 to confirm
the correct funding allocations to the events.

• Mississauga staff are seeking authority to distribute the regional funds outlined within this corporate report.

Background
On September 29, 2017 the Peel Regional Police Services Board approved a change to the Community Event Paid Duty policy effective January 1, 2018. This change revised the internal funding from Peel Regional Police for community events to cover vehicle and administration costs only for community events fully sponsored and paid by the Region of Peel, and Cities of Brampton and Mississauga that do not include revenue generation or alcohol. The purpose of the policy change was to eliminate the funding disparity among community events. In Mississauga, 11 events were financially impacted due to this change:

1. Mississauga Celebration Square Canada Day
2. Mississauga Santa Clause Parade
3. Mississauga Waterfront Festival
4. Paint the Town Red Port Credit
5. Remembrance Day - Royal Canadian Legion Branch 82
6. Remembrance Day - Royal Canadian Legion Branch 582
7. Remembrance Day - Army and Navy Club
8. Southside Shuffle Blues & BBQ Festival
9. Khalsa Day Parade
10. Sri Guru Singh Sabha Parade
11. Streetsville Founder’s Bread & Honey Festival

On April 15th, 2018 the Region of Peel authorized a one-time transfer of $113,881 to the City of Mississauga to offset the 2018 policing costs based on the recommendation of a regional report dated March 27th, 2018.

On May 9, 2018 Mississauga City Council passed Resolution 0105-2018, in advance of the City report, stating that up to $10,000 from the Regional funds would be provided to Sri Guru Singh Sabha Gurdwara for the Khalsa Day Parade (see Appendix 1).

On May 24, 2018 Regional Council adopted Resolution 2018-503 which stated “that the Peel Region report dated March 22, 2018 be reviewed, in cooperation with staff from Brampton, Mississauga and the Peel regional Police to make any required corrections to the funding transfers”.

Comments
In response to the Region of Peel Resolution 2018-503 a meeting was held on June 4, 2018 where Culture Division staff met with representatives from the Region of Peel, the City of
Brampton and the PRP to verify the list of events to receive funding and to make the required corrections. Based on this meeting funding will be provided to reflect the actual 2018 costs for the Streetsville Founders’ Bread and Honey Festival and the Khalsa Day parade and the 2018 projected costs for the remaining events.

The funding will be allocated as follows

Figures provided by the Peel Regional Police.

This funding is provided by the Region of Peel and administered by the City of Mississauga as a one-time allocation; to be used for PRP services as outlined in the Region of Peel Resolution 2018-211 (see Appendix 2).

To ensure transparency and to protect the City from liability, all of these organizations will be required to sign terms and conditions prior to the release of funding. Under the Cultural Festivals & Celebrations Grant Program the organizations outlined in this report may be eligible for only a maximum of 20 per cent of policing costs in future years. With this limitation groups will be advised to seek other sources of funding to make up any difference.
Financial Impact
There is no financial impact for the City of Mississauga. Funds of $113,881 have been received from the Region with the balance of $14,210 expected once Resolution 2018-503 has been approved at the June 14, 2018 Region of Peel Council meeting.

Conclusion
The Peel Regional Police removed in-kind police support for 11 Mississauga events. To offset these costs, the Region of Peel is providing $128,091 in one-time funding to the City of Mississauga which will be distributed to the events as indicated in this report.

RESOLUTION 0105-2018
adopted by the Council of
The Corporation of the City of Mississauga
at its meeting on May 9, 2018

0105-2018  Moved by: Carolyn Parrish  Seconded by: George Carlson

Whereas Peel Regional Police recently announced removal of their previously ‘donated’ portion of services to festivals and other community events;

Whereas insufficient notice was given to festival organizers for inclusion of these extra costs in their grant applications and fund raising campaigns;

Whereas the Region of Peel Council unanimously passed a motion to transfer an amount equal to the unfunded Peel Police charges to the cities of Mississauga and Brampton;

Whereas $113,881 was transferred to Mississauga from the Region based on 2017 actual costs;

Whereas the Khalsa Day Parade held by the Sri Guru Singh Sabha Gurdwara in Malton took place Sunday May 6, 2018, before a report describing the festivals being supplemented by the Regional fund transfer could reach Council;

Whereas the organizers of the Khalsa Day Parade were told Thursday May 3, by Peel Regional Police, that unless full payment of $29,000 was received in advance, permits would be cancelled and the parade would not take place;

Whereas Peel Regional Police advised, when contacted, that "no exceptions to the pay-in-advance policy would be allowed";

Whereas, as a further complication, the estimate of ‘donated’ police service from 2017 was $4,814 and the actual amount billed this year was $10,000;

Whereas adequate funds have been transferred from the Region to make up the difference, since the Bread and Honey Parade has been shortened, thereby requiring less supplementary funding;

Whereas the leadership of Sri Guru Singh Sabha borrowed $10,000 from a member of the temple to pay the full Peel Police charges in advance, with the understanding the funds would be repaid within a week;
Therefore Be It Resolved

That Council approve an additional $5186 for Sri Guru Singh Sabha to be funded from the transferred Regional Funds; and further

That a payment of up to $10,000 from Regional Funds currently in Grants Account #21132, be made to Sri Guru Singh Sabha in advance of the report to General Committee and Council; and further

That any necessary by-laws be enacted to permit the execution of this request.

RECOMMENDATION REPORT (All Wards)
Proposed City Initiated Amendments to Mississauga Official Plan and Mississauga Zoning By-law 0225-2007
File: BL.09-COM
Bill 139

Recommendation
That the Report dated June 7, 2018, from the Commissioner of Planning and Building regarding the proposed City initiated amendments to Mississauga Official Plan and Zoning By-law 0225-2007, be adopted in accordance with the following:

1. The proposed City initiated amendments to Mississauga Official Plan and Zoning By-law 0225-2007, as detailed in Appendix 1, Information Report, be approved.

Background
A public meeting was held by the Planning and Development Committee on May 28, 2018, at which time an Information Report (Appendix 1) was received for information. Recommendation PDC-0032-2018 was then adopted by Council on June 6, 2018.

That the report dated May 4, 2018 from the Commissioner of Planning and Building regarding proposed City initiated amendments to the Official Plan and Zoning By-law 0225-2007, be received for information, and notwithstanding planning protocol, that the recommendation report be brought directly to future Council meeting.
Comments
No comments were made at the public meeting and no comments have been received by the Planning and Building Department.

PLANNING COMMENTS
A small parcel of the property known as 7330 Mississauga Road is designated Open Space but has an employment zone. This parcel should be included in the official plan amendment from Open Space to Business Employment that has already been proposed for the two properties to the west at 7295 and 7300 West Credit Avenue, which is intended to reflect actual and/or future land uses.

Provincial Policy Statement (PPS) and Growth Plan for the Greater Golden Horseshoe
The Provincial Policy Statement (PPS), contains the Province’s policies concerning land use planning for Ontario. All planning decisions are required to be consistent with these policies. The PPS encourages intensification of land within urban areas, promotes efficient use of infrastructure and public facilities, encourages mixed use developments and the support of public transit.

The Provincial Growth Plan for the Greater Golden Horseshoe (Growth Plan) directs municipalities to "identify the appropriate type and scale of development in intensification areas". It states that intensification areas will be planned and designed to "achieve an appropriate transition of built form to adjacent areas". The PPS and Growth Plan indicate that development must be governed by appropriate standards including density and scale. These policies are implemented through Mississauga's Official Plan.

The proposed Official Plan amendments are consistent with the PPS and conform to the Growth Plan as well as the Region of Peel Official Plan. The amendments are technical in nature, addressing matters of conformity and clarity rather than development and growth in the municipality.

Financial Impact
Not applicable.

Conclusion
The proposed City initiated amendments to Mississauga Official Plan Amendment and Zoning By-law 0225-2007 are acceptable from a planning standpoint and should be approved for the following reasons:

1. The proposed land use designations are consistent with the current or planned future uses of the subject properties.
2. The proposed amendments to Zoning By-law 0225-2007 remove regulations that are no longer relevant, clarify regulations with respect to setbacks to G1 and G2 zones for development in Residential zones, permit accessory garden centres at retail plazas and allow shade structures in City parks zoned G1-14.

Should the applications be approved by Council, the implementing official plan amendment and zoning by-law will be brought forward to Council at a future date.

PUBLIC MEETING INFORMATION REPORT (All Wards)
Proposed City Initiated Amendments to Mississauga Official Plan and Mississauga Zoning By-law 0225-2007
File: BL.09-COM

Recommendation
That the report dated May 4, 2018, from the Commissioner of Planning and Building regarding proposed City initiated amendments to the Official Plan and Zoning By-law 0225-2007, be received for information.

Background
The purpose of this report is to present proposed Official Plan and Zoning By-law Amendments for some properties in the City of Mississauga; to present proposed amendments for a number of zoning regulations in the City of Mississauga; and, to hear comments from the public on the proposed changes.

Comments
The proposed Official Plan Amendments affect eight properties in Wards 2, 6, 8 and 9. Five of the properties are City owned, and the amendments to four of these parcels are for open space and/or greenlands designations and zones to reflect their current or intended uses as protected areas or parklands. The fifth site, at 7300 West Credit Avenue, was acquired in 2014, and will be developed as the City’s third transit storage and maintenance facility.

The three other parcels to be redesignated are privately owned. One is a retail plaza at 2385 Burnhamthorpe Road West that is designated for a gas station. The second is an industrial facility at 7295 West Credit Avenue which is partially designated Open Space. The final redesignations are in the Churchill Meadows Employment Character Area. A placeholder designation for a future stormwater management pond was included when the policies were
prepared and the location of the pond was not determined. As the pond has been constructed, and the zoning is in place, the Official Plan must be updated to maintain consistency between the documents. Appendix 1 is a location map that illustrates the locations of the abovenoted properties, and Appendix 2 contains a summary of the proposed Official Plan and/or Zoning By-law Amendments.

In addition to the changes outlined in Appendix 2, it has been determined that a number of Zoning By-law sections need to be revised to clarify wording, add definitions and update regulations. Zoning By-law Amendments are proposed to modify the following sections:

- Administration, Interpretation, Enforcement and Definitions
- General Provisions
- Parking and Loading
- Residential, Commercial, Open Space and Greenlands Zones
- Mapping changes

The details of these amendments are outlined in Appendix 3 to this report. Of note are items outlined below, which are cross-referenced with Appendix 3 in parenthesis:

General Provisions (Item 3)
A regulation with respect to rooftop balconies was added to the zoning by-law in late 2017. Staff has worked with the new regulation, and note that an amendment is required for the circumstance where a rooftop balcony is located in an employment area and no setback is required for privacy/overlook concerns.

Commercial (Items 7 & 8)
In the past, accessory outdoor garden centres at retail plazas raised concerns with respect to impact on parking and overall site design. However, as this use is proposed on properties that are subject to site plan approval, and parking issues, if any, can be addressed through a minor variance application, accessory outdoor garden centres should be permitted in the Convenience, Neighbourhood and General Commercial zones.

Open Space and Greenlands Zones (Items 9 & 10)
A clarification has been made to the permitted accessory uses in OpenSpace (parks) zones by replacing the term "picnic facility" with "shade structure", and then adding this use as an additional permitted use in those City parks which have a G1-14 zone, including Erindale, Fleetwood, Garnetwood and Paul Coffey.

Mapping changes related to either the official plan amendments identified in Appendix 2 or required by the abovenoted items are also proposed as part of this City initiated amendment.

**Financial Impact**
Not applicable.
Conclusion
Once the public meeting has been held, the Planning and Building Department will be in a position to make a recommendation regarding these amendments. Given the nature of the proposed City initiated amendments to the Official Plan and the Zoning By-law, it is recommended that notwithstanding planning protocol, the Recommendation Report be brought directly to a future Council meeting.

REPORT 8-2018

To: MAYOR AND MEMBERS OF COUNCIL

The Planning and Development Committee presents its eight report for 2018 and recommends:

PDC-0036-2018
That the following Sign Variances be granted:
Sign Variance Application 16-00562 (Ward 8)
Erin Mills Development
3005 Ninth Line
To permit the following:
   a) One (1) billboard sign with electronic changing copy sign faces.

Subject to the following conditions:
   1. That the approval is temporary for a period of five years so that we may assess the sign's impact of driver's behaviour in the area, particularly at the intersection where a significant driver decision point along Dundas Street West has been identified, and
   2. That a traffic engineer certifies by letter that the electronic changing copy billboard will not pose any risks at the identified "driver decision point" in the nearby intersection.

PDC-0037-2018
That the report dated May 18, 2018, from the Commissioner of Planning and Building recommending approval of the removal of the "H" holding symbol application and outlining the recommended Section 37 Community Benefits, under File H-OZ 16/002 W1, High Benson Holdings Inc., 266-294 Lakeshore Road West, 115-145 High Street West, 7 Benson Avenue, be adopted in accordance with the following:

   1. That the sum of $630,000.00 be approved as the amount of the Section 37 Community Benefit contribution.

   2. That City Council enact a by-law to authorize the Commissioner of Planning and Building and the City Clerk to execute the Development Agreement with the Registered Owner, and that the agreement be registered on title to the lands in a manner satisfactory to the City Solicitor to secure matters related to the subject development, including a Community Benefits contribution of $630,000.00 under Section 37 of the Planning Act.

   3. That the Planning and Building Department be authorized to prepare the by-law for Council's passage for removal of the "H" holding symbol subject to finalization of the Development Agreement and Lakeshore Road West land dedication.

PDC-0038-2018
That the report dated April 30, 2018, from the Commissioner of Planning and Building regarding
the application by Derry Storage Corporation to permit a six storey self storage facility, under File OZ 17/019 W11, 250 Derry Road West, be received for information.

PDC-0040-2018
That the report dated May 18, 2018, from the Commissioner of Planning and Building recommending approval of the removal of the "H" holding symbol application, under File HOZ 17/003 W5, Blum Canada Limited, 6775 Maritz Drive, be adopted and that the Planning and Building Department be authorized to prepare the by law for Council's passage.

File: HOZ 17/003 W5

PDC-0041-2018
That the report dated May 18, 2018 from the Commissioner of Planning and Building outlining the recommended Section 37 Community Benefit contribution under Files OZ 15/008 W5 and T-M 15004 W5, Your Home Developments (Brandon Gate) Inc., be adopted in accordance with the following:

1. That the sum of $276,750.00 be approved as the amount for the Section 37 Community Benefit contribution.

2. That the City enact a by-law under Section 37 of the Planning Act, to authorize the Commissioner of Planner and Building and the City Clerk to execute the Section 37 agreement with the Registered Owner, and that the agreement be registered on title to the lands in a manner satisfactory to the City Solicitor, to secure the community benefits.

3. That the contribution be deposited into the Section 37 Reserve fund account 35220.

4. That $276,750.00 be transferred to Bridge Rehabilitation PN A18-324 from the Section 37 Reserve fund 35220.

5. That all necessary By-laws be enacted.

Files OZ 15/008 W5 and T-M 15004 W5
1. That the PowerPoint Presentation from Helen Noehammer, Director, Transportation and Infrastructure Planning Division, and Susan Tanabe, Manager, Transportation Planning, entitled *Transit Initiatives – Dundas Street and Lakeshore Road*, to the Planning and Development Committee dated June 11, 2018, be received for information.

2. That the rapid transit recommendations arising out of Dundas Connects (Dundas Street) and Lakeshore Connecting Communities (Lakeshore Road) studies be added to the list of priority rapid transit initiatives endorsed by Council in April 2017.

PDC-0043-3018

1. That the Dundas Connects Master Plan, attached as Appendix 1, to the report dated May 18, 2018 from the Commissioner of Planning and Building [i.e., this report], be endorsed as the recommended plan for the Dundas Corridor.

2. That Bus Rapid Transit (BRT) be endorsed as the recommended rapid transit solution for the Dundas Corridor.

3. That the first two phases of the Municipal Class Environmental Assessment process for the Dundas Corridor be concluded with a Notice of Completion.

4. That staff be directed to consider revisions to Mississauga Official Plan and the Zoning By-Law to implement the recommendations contained within the Dundas Connects Master Plan, in particular the land-use and urban-design strategy contained therein.

5. That upon completion of the Metrolinx planning study and business case for Dundas BRT already underway, Metrolinx be requested to fund implementation of Dundas BRT, including completion of the remaining steps of Environmental Assessment, in conjunction with Mississauga and other relevant jurisdictions.

6. That the City of Toronto be requested to endorse the proposed BRT link between Kipling Station and the Mississauga border.

7. That staff be directed to prepare a motion for Council’s consideration with respect to the City’s compliance with provincial legislation, in particular the provincial Growth Plan, and the implications that the Dundas Connects Master Plan has for growth allocations stemming from that Growth Plan.

8. That seven oral submissions be received.

REPORT 9-2018

To: Mayor and Members of Council

The Planning and Development Committee presents its ninth report for 2018 and recommends:

PDC-0044-2018
1. That City Council direct the City Solicitor, representatives from the appropriate City Departments and any necessary consultants to attend the Local Planning Appeal Tribunal hearing on the subject applications under files OZ 16/011 W11 and T-M16003 W11, City Park (Old Barber) Homes Inc., 5155 Mississauga Road, in support of the recommendations outlined in the report dated May 18, 2018 from the Commissioner of Planning and Building, that concludes that the proposed official plan amendment, rezoning and draft plan of subdivision are acceptable from a planning standpoint and should be approved subject to the provisions outlined in Appendix 7.

2. That City Council provide the Commissioner of Planning and Building Department with the authority to instruct the City Solicitor on modifications to the position deemed necessary during or before the Local Planning Appeal Tribunal hearing process.

3. That eight oral submissions be received.
Files: OZ 16/011 W11 and T-M16003 W11

PDC-0045-2018
1. That the report dated May 18, 2018, from the Commissioner of Planning and Building regarding the applications by TC Core GP Inc. to permit a 15 storey apartment building and a 6 storey apartment building under File OZ 17/014 W3, 1750 Bloor Street and 3315 Fieldgate Drive, be received for information.

2. That four oral submissions be received.
File: OZ 17/014 W3

PDC-0046-2018
1. That notwithstanding that subsequent to the public meeting, changes to the application have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the Planning Act, any further notice regarding the proposed amendment is hereby waived.

2. That the application under File OZ 15/007 W2, Lushes Developments Inc., 1996 Lushes Avenue to change the zoning to RM5-Exception (Street Townhouse Dwellings), RM6-Exception (Townhouse Dwellings on a CEC-Private Road) and G1 (Greenlands-Natural Hazard) to permit 6 townhomes and to recognize the natural hazard lands associated with Sheridan Creek flood plain, in conformity with the provisions outlined in Appendix 1, be approved.
3. That the applicant agree to satisfy all the requirements of the City and any other external agency concerned with the development.

4. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 18 months of the Council decision.

5. Notwithstanding subsection 45.1.3 of the Planning Act, subsequent to Council approval of the development application, the applicant can apply for a minor variance application, provided that the height and FSI shall remain the same.

File: OZ 15/007 W2

PDC-0047-2018
WHEREAS Erindale Village Living Inc. applied for an official plan amendment and rezoning under File OZ 16/009 W7 to permit a three to eight storey mixed use building with 91 apartment dwelling units and commercial uses on the ground floor at 1646 Dundas Street West, south side of Dundas Street West, east of Mississauga Road;

AND WHEREAS Planning and Building staff reviewed the applications and recommended approval of the proposal for the reasons contained in the report from the Commissioner of Planning and Building dated May 18, 2018;

AND WHEREAS Planning and Development Committee after hearing oral and written submissions from the Erindale Village neighbourhood residents determined that the application should be refused for reasons that include but are not limited to: the development is not in keeping with the historic Erindale Village character; the proposal represents overdevelopment of the site; there will be unacceptable traffic conflicts and safety issues added to the area; it would set an inappropriate precedent for a mid-rise building overlooking the Credit River and the Dundas Connects study does not propose a higher order transit stop in the village;

THEREFORE BE IT RESOLVED that:
1. That the staff recommendations as outlined in the report dated May 18, 2018 from the Commissioner of Planning and Building, be refused.

2. That the City Solicitor take all necessary steps, including retaining outside legal counsel and outside land use planning services, to represent the decision of the Planning and Development Committee at the Local Planning and Appeal Tribunal with respect to applications under File OZ 16/009 W7, Erindale Village Living Inc. at 1646 Dundas Street West.

3. That twenty oral submissions be received.
File: OZ 16/009 W7

**Event Name:** Lather | Rinse | Repeat

**Owner:** Jess Kelly

**Date:** July 7th, 2018

**Location:** Limitless Studios Inc. 3200 Ridgeway drive Unit 7

**Time:** 7:00pm - 11:00pm

**Mission:** We are an interactive arts event to raise money and awareness for mental health. We will be donating the proceeds to Kids Help Phone. This event consists of 30 local artists performing in dance, music, visual art and acting. The performances will run from 7:30pm to 11:30pm on July 7th. The event will have performances, a representative to speak about mental health and a raffle to raise more money for Kids Help Phone (suicide hotline). Our mission is to create a safe space for young artists and locals battling with mental health, to be inspired to acknowledge their daily challenges and to work with them towards a healthy and balanced life.

**OUR STORY!**

We met on the first day of orientation at New World School of the Arts in Miami, Florida in 2010 and were inseparable for the four years of college. Connie completed her BFA in Theatre while I completed my BFA in Dance. The four years at New World brought us through a rollercoaster of emotions and personal challenges which made it difficult for us to do our best in our programs and in our craft.

After graduating in 2014 from our programs, Connie and I parted ways as I am a native of Canada and had to return home to work. We both thought our personal challenges were finally over and were excited to work as artists in our fields, as we had just completed our Bachelor in Fine Arts from a well-known conservatory. After not speaking for months, we reconnected only to find out that we both had been struggling with depression and anxiety and not working in our fields. We figured there had to be something we could do to be happier and healthier in our lives.

After years and months of skyping, texting, researching and, self-loathing, we came up with an idea for an interactive arts event that would not only allow us to create work together but also raise money and awareness for mental health. Lather, Rinse, Repeat was born on November 1st of 2016 with the idea that you should self-care and do things that make you feel good every day, the same way you wash your hair every day.

Lather | Rinse | Repeat is an event to create awareness and raise money for mental health. This organization gives artists a platform to share their work and have a conversation about mental health’s every day challenges, strategies and, successes.
Too often mental health is ignored in the most common scenarios. 1 out of 5 Canadians suffer from mental illness and feel uncomfortable talking about how they're feeling. Our aim is to provide a space where people can come to share their challenges, give support and, network.

We are so excited to share this project with everyone and look forward to what is to come! We will be donating proceeds to Kids Help Phone. We are so appreciative of your support!

Kind Regards,

Jess Kelly

RE: Invitation to join the “Preferred Autonomous Vehicles Test Corridor”

Mayor & Members of Council:

I am writing to you today to invite you to be a part of OGRA’s Municipal Alliance for Connected and Autonomous Vehicles in Ontario (MACAVO) initiative for controlled testing of Autonomous Vehicles (AVs). Under this initiative, we are calling for the creation of a seamless and well-coordinated “Preferred AV Test Corridor”, stretching from Windsor to Ottawa. Through this initiative, our aim is to help attract (and retain) AV-related industry and talent in Ontario, which in turn can become a catalyst in helping provide unparalleled socio-economic benefits for all municipalities involved. A more detailed report of the initiative is attached.

OGRA is requesting the following call-to-action by municipalities in Ontario:

1. Identify One (1) municipal point of contact who will be responsible to spearhead all AV-related activities for your municipality, and:

2. Identify the Preferred routes within your municipality

We respectfully request that your council pass the following resolution:

That the __________ of __________ participate in OGRA’s Autonomous Vehicle initiative and that this matter be referred to staff to develop a list of preferred routes with the municipality.

On behalf of OGRA thank you for your consideration of this request. Should you have any follow-up questions, please feel free contact myself or Fahad Shuja at Fahad@ogra.org.

Kind regards,

J. W. Tiernay
Executive Director
Ontario Good Roads Association

APPENDIX A 10
APPENDIX B 13
Executive Summary

Ontario Good Roads Association, through its Municipal Alliance for Connected and Autonomous Vehicles in Ontario (MACAVO), has embarked on an initiative for controlled testing of Autonomous Vehicles (AVs). Under this initiative, OGRA is calling for the creation of a seamless and well-coordinated “Preferred AV Test Corridor”, stretching from Windsor to Ottawa. Through this initiative, our aim is to help attract (and retain) AV-related industry and talent in Ontario, which in turn can become a catalyst in helping provide unparalleled socio-economic benefits for all municipalities involved.

OGRA is working closely with a number of key Ontario municipalities, who have already collectively identified over two-thousand centreline kilometres of Preferred roads for the testing of AVs. By extending the invite to all jurisdictions, OGRA is hereby requesting the municipalities to, each:

i. Identify One (1) municipal point of contact who will be responsible to spearhead all AV-related activities for your municipality, and

ii. Identify the Preferred roads within your municipality and send the KML file to Fahad Shuja (Fahad@ogra.org)

1. Autonomous Vehicles (AVs) – a Critical Consideration

The topic of AVs has certainly gained exponential momentum in recent years. Just a few years ago, AVs were generally thought of as a “Jetsons Era” concept – i.e. not happening anytime soon. Fast-forward to today and every major auto-manufacturer is investing heavily in this technology. Not only that, we are also witnessing innovative technology start-ups as well as partnerships arising between the tech and automotive sectors. From OGRA’s perspective, our mandate is to support our municipal members when we notice important shifts on the horizon. This particular shift due to AVs is perhaps as big as, if not bigger than, the transition from horses to “horseless-carriages” (i.e. cars) in early 20th century. And since these vehicles are going to be very much part and parcel of our municipal roadways, it is critical for all Ontario municipalities to start exploring AVs with a very serious lens. It is no longer an issue of “if” AVs will arrive, but only a matter of “how soon”.

2. Ontario Good Road Association’s (OGRA’s) Support to-Date

OGRA has been monitoring the AV sector for the past several years. We have also been active in keeping our municipal members up-to-date with global/local activities in the AV sector. In no particular order:

- We published a whitepaper, called “The Roadmap for Autonomous Vehicles in Ontario, Canada”;
- We have carried out various (no cost) webinars, bringing forward important AV-related topic/ideas,
- We have conducted two major surveys since 2016 to understand municipal progress on AVs,
• We have provided municipal-focused recommendations to the Ontario Ministry of Transportation (MTO) as part of their ongoing dialogue regarding updates to the Pilot AV Regulation 306/15.3
• We have established a dedicated group called “Municipal Alliance for Connected and Autonomous Vehicles in Ontario” (MACAVO), comprising of many of Ontario’s forward-looking municipalities that are interested in furthering the testing and deployment of AVs on their local roads.

OGRA is very encouraged by the level of support received on this AV topic from municipalities to-date. We conducted our first cross-municipal survey in late 2016, and then repeated many of the same questions again in another similar survey in early 2018. Approximately 100 municipalities participated in each of these surveys. Within a span of about 14 months, we’ve seen significant shifts in favour of AVs. Here are some results for your consideration:

**Legend:**
- Late 2016 survey results
- Early 2018 survey results

**What is your municipality's official position on AVs?**

**Please note from above chart:** In 2016, over 75% of municipalities indicated having taken no action. This number has significantly changed now – only about 40% of municipalities have not taken any action. Additionally, internal discussions have gone up from 14% to over 30%. Also note that Active Projects have gone from 0% in 2016 to over 11% in early 2018.

3. A Major New Initiative

The AV sector is at a critical boiling point now. There is a tremendous amount of activity across the globe in order to develop and enhance the associated technologies, very rapidly. Ontario is particularly very well-positioned to not only take part in this early part of AV revolution, but perhaps to even be among the leaders. Besides having a strong auto-manufacturing sector in our own backyard, we also have multiple tech sector hubs that are already doing some fascinating work in the field of AVs. In addition to that, two years ago, Ontario became the first jurisdiction in Canada to have created an AV Pilot Regulation 306/15. Needless to say, we now have all the important ingredients in place to take Ontario to the next level of AV race.

As OGRA's next major initiative, we have started working to help create a seamless, well-coordinated "Preferred AV Test Corridor", spanning from Windsor and all the way to Ottawa. This initiative is being driven through OGRA's new MACAVO group, which is primarily comprised of leaders from various municipalities. If the vision for this Preferred Corridor can be materialized (through your support), it will be the first municipal coordination of its kind in the entire world. That title itself can be an important feather in Ontario's hat, which can act as a powerful catalyst for uplifting Ontario's and Canada's profile on the global AV stage.

At materialization, this Preferred Corridor has the potential to provide "at least" 800 kilometres of dedicated testing opportunities to AVs authorized to operate in Ontario through MTO. Besides being the first in the world, there are a number of other opportunities that come along with this initiative:

- Ability to attract and retain talent within Ontario and Canada,
- Ability to establish local policies that allow for seamless flow of AV traffic (as opposed to each jurisdiction having different standards),
- Ability to collectively test critical infrastructure technologies along the Preferred Corridor,
- Ability to pool funds together and carry out large exercises that couldn't be done single-handedly,
- Ability to work closely and directly with AV stakeholder groups (e.g. auto-manufacturers, tech sector, education sector, and more) and solving problems together,
• Ability for municipalities to work together in order to learn/grow together in the new AV world,
• Ability to collectively educate the citizens – an extremely important element for AV deployment,
• Ability to become a model of collaboration for the other Provinces of Canada, and
• Lots more!

All-in-all, establishing a clear, Preferred AV Test Corridor is an excellent way for Ontario to become an integral part of AV testing and deployment in the world.

4. Action Required to be a Part of the “Preferred AV Test Corridor” + Key Milestones

At this stage, OGRA is simply requesting all interested municipalities to highlight as many Preferred local/private roads as possible. A number of municipalities have already conducted this exercise, and OGRA is pleased to share that we have already received over two-thousand (2,000+) kilometres of municipal Preferred roads for consideration towards the Windsor-Ottawa Corridor.

Following are the initial set of milestones for this initiative:

1. [Ongoing] Each participating municipality to identify One (1) employee⁶ for their municipal AV file. This individual should be in a position to take information from MACAVO/OGRA and share it efficiently with all internal stakeholders within the municipality.
2. [Ongoing] Each participating municipality to identify ALL roads (or sections thereof) where they are comfortable in allowing testing of SAE Level 4 and Level 5 AVs (table on page 8) – i.e. no driver required. Once identified, the Preferred roads to be shared with OGRA as a “KML” file⁶, by sending the file to Fahad@ogra.org.
3. [Ongoing] OGRA to put together an aggregate⁶ of all municipal Preferred road selections onto a digital map.
4. OGRA to propose a Preferred, seamless Corridor to participating municipalities, likely through a face-to-face meeting before the end of summer 2018.
5. OGRA to initiate active discussions with all AV stakeholders to bring various testing and collaboration opportunities to the participating municipalities.

OGRA has also put together a detailed set of Frequently Asked Questions (FAQs), in APPENDIX A.

---

⁴ OGRA recommends that this Preferred roads highlighting be done in strategic collaboration with stakeholder municipal employees.
⁶ Today, this selected individual can be anyone from the Mayor to Transportation/Planning Director. The key element is to install an individual who can take actions on behalf of the municipality on AV initiatives.
⁶ Can be easily created using industry-standard GIS program(s) like ESRI and ArcGIS, which most municipalities already use for their day-to-day activities. If KML file cannot be produced, simply send the scanned, hand-marked map to OGRA and we will convert it to a digital file.
⁷ The map will not be shared publicly at this stage. It will be used as a key tool to collaborate with municipalities to generate a seamless route.
5. Preference of Testing on Municipal Roads vs. Highways

The AV technology, to-date, is being tested primarily in secluded areas, which has been extremely helpful. That said, it is now time to allow these vehicles to interact on local roadways in a very coordinated manner. Primary reason for this is the fact that in order for this technology to prosper, and to bring about exponential socio-economic benefits to our citizens and businesses, a level of trust has to be developed through interactions. The AVs must learn to co-exist in our increasingly multi-modal society, alongside pedestrians, cyclists, transit, and much more. There is no better way to teach this integration to AVs besides giving them an opportunity to be tested in real-world situations. And by having dedicated Preferred Corridor(s), it will be exponentially more cost-effective for municipalities to focus their attention and be involved.

OGRA also envisions having the Preferred Corridor run through Ontario’s Provincial Highways, but only as a secondary option when no municipal roadway is available for the given location. While Highway testing is very important, many of the human-AV interactions happen on local streets, and therefore it is important to give preference to municipal roads first.

6. Cost to Join the Preferred Corridor

OGRA intends for this Preferred Corridor exercise to be open to all municipalities and therefore there is no financial contribution required by the supporting municipalities. All OGRA requires for now is your initial highlighting of locally Preferred roads (and/or road sections).
7. Thoughts on Expanding the Preferred Corridor

OGRA's ultimate vision is to continue expanding this exercise to connect all corners of the Province. Therefore, even if a municipality does not fall within the Windsor-Ottawa stretch, OGRA's invitation to join still is very much open! Essentially, if your municipality is located in Ontario, we are hereby inviting you to engage with us in this exercise.

8. Your Support Matters

It is in OGRA's DNA to keep eyes on emerging technologies and support Ontario's municipalities as best as we can through initiatives, policies, and education. We feel this is a very historic moment for Ontario and Canada, and would like to encourage you to come and support OGRA in this promising initiative. In order to get started, all you need is to identify your locally Preferred roads.

Should you have any questions, please contact Fahad Shuja at OGRA, at Fahad@ogra.org.
APPENDIX A
Frequently Asked Questions (FAQs)

Q. What is “Level 4” and “Level 5”?
A. These are the highest possible levels of automation. The wording has been adopted from the Society of Automotive Engineers (SAE). At Level 4 and 5, the vehicle is not only driving by itself (like “Kitt” from Knight Rider), but it does not even require a steering wheel.

Q. What is the difference between “AVs” and “CVs”?
A. “AVs”, by definition, are designed by auto manufacturers to act like perfect human drivers, and they dutifully follow the rules of the road. They have sensors and software installed within the vehicle to allow for complete navigation from point A to B. “CVs” (or Connected Vehicles) are those that have some sort of communication channels with infrastructure, road users, other vehicles, pedestrians, etc. By definition, AVs do not need to also be CVs, and vice versa. At this stage, it is important to get the testing properly done for AVs, as they pose the most risk to those around them. Ultimately, the best results can be achieved when AVs are also talking to each other and are “Connected”. If you need further clarification, please contact OGRA.

Q. Do AVs require mandatory updates to the infrastructure?
A. No. AV manufacturers are actively working to allow the AVs to operate without specific infrastructure upgrades. As long as the road network is in compliance with Ontario’s Minimum Maintenance Standards (MMS), O. Reg 239/02, AVs should be able to navigate on Ontario’s existing municipal roadways.

Q. How much of the road network (by %) should be selected as Preferred for L4/5 testing?
A. Anything above 10% of entire road network should be a very good start.

Q. When marking up Preferred roads for Level 4/5 Corridor within our municipality, should we avoid roads around hospitals and schools?
A. We had previously suggested to exclude roads around schools, hospitals, and any other critical areas; however, since then we’ve been approached by some municipalities who feel that these same areas are where many accidents happen due to human error, and therefore can benefit greatly from AVs. Based on that feedback, we would like to expand our initial suggestion of excluding those areas, and would like to leave the decision entirely with your level of comfort.

Q. “Can we update/add/delete the Preferred road selections after the first submission?”
A. Absolutely. This first run is a preliminary exercise to get the ‘brain juices’ flowing! None of the routes are to be carved in stone yet at this early stage.

Q. In selecting the Preferred roads, should we limit ourselves to paved roads only?
A. No. At this stage, nothing is off the table. Please mark out any possible road(s) that you prefer for L4/5 testing in your jurisdiction.
Q. Would it be beneficial for the municipalities to provide locations of supporting infrastructure, such as EV charging stations, rest areas?
A. You are one step ahead of us, and that’s great! Yes. Going forward, once the Preferred Corridor is in place, the next exercise will likely be to start requesting MACAVO to identify key infrastructure within their local jurisdictions.

Q. Is the Preferred Corridor going to be only for passenger vehicles, or can it be used for others traffic as well (such as freight trucks, transit lines, etc.)?
A. We are not limiting this exercise to any particular type of vehicle. However, if you will ONLY ALLOW a certain kind of vehicle then we will need to know that at some point in the near future.

Q. Are there plans to connect the Preferred Corridor to Northern and Southern Ontario as well?
A. Absolutely. While our initial Preferred Corridor highlight is Windsor-to-Ottawa route, the door is wide open to all municipalities to get involved. We would like to connect as many jurisdictions as possible.

Q. How are municipalities handling liability and insurance in the event an accident occurs on a municipal roadway?
A. As part of Ontario’s AV Pilot Regulation 306/15, MTO requires that any test vehicles carry a $5M insurance. Testers can’t test without it.

Q. Are there concerns with AVs being tested on roadways with cycling infrastructure?
A. A big part of this Preferred Corridor will be to allow AVs to interact with multi-modal traffic + civilians. We will of course have to be extra careful in situations where AVs are expected to operate very close to this kind of traffic. This is very much a learning exercise for everyone. The computer must be trained with all possible scenarios. The more it “knows”, the more it will be able to better navigate and save lives.

Q. What will happen if there is an accident involving these vehicles during the testing? Will the Municipality be required to get involved and how will the insurance work?
A. Today, there is a void in rules regarding this, and one big reason why OGRA has taken on the task to create the Preferred Corridor. We need to start these discussions. Being at the table will help pave the way for amicable solutions.

Q. When are other (non-municipal) stakeholders going to be engaged as part of this exercise?
A. OGRA is already in communications with a number of stakeholders from private sector, auto manufacturing, technology solutions, educational institutes, and more. Active engagement with these (and any other) stakeholders can begin as soon as at least one Windsor-Ottawa municipal Preferred Corridor has been established.

Q. Our municipality is new to this exercise. What should we be doing next to participate?
A. Most participating municipalities have now identified ONE (1) representative who will be the point-person on the AV file for their respective jurisdiction. We would like to recommend that you start by identifying the right individual who will represent your municipality’s interests in the AV discussions. Furthermore, most participating municipalities have started to hold internal meetings with local staff
and/or stakeholder municipal departments to start identifying ALL possible roads (and/or sections thereof) where they are comfortable in testing Level 4/5 AVs. We don't recommend creating a town-hall type setting; instead, it is important to engage handful of municipal employees in key departments who will ultimately have to deal with AVs in one way or another. At this stage, it is about Quality individuals over Quantity.

Finally, some municipalities have nearly completed identifying their first draft of L4/5 roads, and are looking to share their selections with OGRA. Those municipalities are encouraged to send in their KML files to Fahad@ogra.org.

Q. When is the next MACAVO meeting scheduled?
A. Our last meeting took place in Brampton, on March 26th, 2018. Next meeting date is not yet set. Being fully cognizant of the costs associated with travel to/from meetings, our aim is to carry out meetings only when critical decisions are to be made as a group. Our aim is to utilize remote communications (such as webinars, screen-sharing etc.) as much as possible, in order to help minimize costs of our municipal members. We are estimating that another meeting will be required somewhere near the mid or end of summer 2018.

Q. I want to make sure I identify the right representative from my municipality. Who should I select?
A. Yes, it is critical that you identify the right person to represent your jurisdiction. The primary individual from your municipality should have the professional authority to go back and set wheels in motion. As an example, some of the typical job titles you can expect to interact with through OGRA's MACAVO group include, Transportation Directors/Planners, Mayors, Councillors, and more. On that note, if you feel that you have sufficient political/managerial authority to make change, but require technical assistance to answer any road-related questions that may come up, then please connect yourself with a technical support staff.
FOR IMMEDIATE RELEASE

Municipalities Create Alliance to Actively Promote Connected and Autonomous Vehicle Testing and Integration within our Communities

OAKVILLE, Ontario, November 17, 2016 – Connected Vehicles (CVs) and Autonomous Vehicles (AVs) are coming much faster than originally estimated. Ontario was the first province in Canada to create a Regulation (Reg. 306/15) allowing AVs to be piloted on its roads. With this regulation in place, municipalities across Ontario must prepare for the imminent arrival of CVs and AVs. In an effort to have all jurisdictions work together, and to help facilitate this co-ordination, Ontario Good Roads Association (OGRA) has organized the Municipal Alliance for Connected and Autonomous Vehicles in Ontario (MACAVO), best pronounced “Muh-Kay-Yo”.

MACAVO is to bring forward-looking Ontario municipalities together to facilitate CV/AV research, testing and integration within their respective jurisdictions. This provides MACAVO members the opportunity to learn from each other and develop a synchronized set of logistics, policies, and communication channels to help the CV/AV industry move forward in Ontario, while integrating with municipal services.

The first official MACAVO meeting took place on August 9, 2016 and was attended by municipal transportation leaders from: City of Barrie; City of Brampton; Region of Durham; City of Elliot Lake; County of Essex; City of Hamilton; Town of Lakeshore; York Region; and others. The City of Stratford has since joined MACAVO as well. Stratford is particularly an amazing inspiration for the MACAVO team because of the great work that the city has already done in welcoming various technologies. Several other Ontario municipalities have also expressed interest in joining in the near future.

“We openly invite all Ontario municipalities who are prepared to start researching, testing and integrating these technologies in some capacity, to join MACAVO”, said Thomas MacPherson, York Region Manager of Transportation Asset Management and Chair of MACAVO. “Efforts across the province need to be co-ordinated to maximize the long-term benefits that CVs and AVs can provide our communities. At MACAVO, we are ready to work with all CV and AV stakeholders, including: the automobile industry; young entrepreneurs; the education sector; and local, provincial, and federal governments.”

Robert Burlie, P. Eng. and President of OGRA said, “... It is estimated that 50% of all vehicles on our roads will be fully autonomous in the next 15 years and assist all municipalities who are making substantial efforts to improve road safety and ease traffic congestion. This technology is improving so rapidly that there will certainly be other benefits to all our communities and municipalities in Ontario, and will allow our roadways to be completely transformed for better use by pedestrians, cyclists, public transit, vulnerable users and vehicles.”

“Not many people are aware that OGRA played a pivotal role in assisting Ontario’s municipalities in transitioning from horses to automobiles. We see a very similar shift in transportation taking place today, with the move toward connected and driverless automobiles” said Joe Tiernan, OGRA’s Executive Director. “Only this time, the positive effects are expected to be even greater than before, and we want to make sure we are standing alongside our member municipalities, supporting them as they prepare for this historic transition.”

MACAVO is hereby requesting the automobile industry, as well as all other CV/AV stakeholders to come forward to begin the collaboration process. In the coming months, MACAVO will set up a work-plan to help drive the team forward with achievable, short- and long- term goals and objectives for CVs and AVs.

Notice of Motion: June 20, 2018

Whereas part 4 of motion 0250-2017 included:

"Notice be sent to the GTAA that there will be no further discussions or co-operation between the GTAA and the City of Mississauga regarding their desire to collaborate on a plan for the GTAA’s Regional Transit Centre at Toronto Pearson Airport (by 2027), which proposes to integrate a number of transit lines, across various municipal systems including another hub for MiWay until such time as an MOU satisfactory to both parties has been negotiated and approved."

Whereas progress is being made in negotiations between City staff and the GTAA on the outstanding concerns desorbed in Motion 0250-2017

Therefore Be It Resolved:

Part 4 be deleted until such time as negotiations on outstanding issues reach an impasse.

Whereas Lester B. Pearson International Airport is situated on 4,400 acres of federal property in the City of Mississauga;

Whereas the federal government, under s.125 of the Constitution Act, cannot be taxed;

Whereas the L.B.P.I.A. was leased to the Greater Toronto Airport Authority through a 60 year agreement with Transport Canada which stipulated the GTAA would negotiate a Memorandum of Understanding (MOU) with the City so that development on airport lands would be in harmony with the overall planning of the municipality and in compliance with municipal codes, regulations and by-laws;

Whereas very little progress was made up to 2007 when the GTAA proposed discussions begin on future third party development charges, suggesting DCs would be paid at the same time as non-airport land developments and calculated in the same manner and rate as provided in the City’s development charges by-law;

Whereas no progress was made after that gesture and numerous third party developments have been completed including a hotel, warehouse, car dealerships and a Tim Hortons restaurant currently in operation - with no construction details provided to the City to date; and payments made in an ad hoc fashion that have sometimes fallen short of the full payment to the City;

Whereas the GTAA has also refused to pay the City’s Stormwater Charge despite being part of the conversations in its development - currently owing $2,522,396.38 for 2016 and $2,212,225.80 for 2017 and made no effort to discuss a solution;

Whereas the Government of Ontario made an agreement in 2001 to exempt five airports - the only ones in Canada - from paying PILTS based on an equivalent to Market Value Assessment for airport lands, allowing them instead to pay on the basis of passenger rates;

Whereas Ontario Regulation 282/98 section 45.1 (7) provides the passenger rates for each Airport Authority, a lag in calculations, caps in increases and a rate for Toronto at $0.94 per person while London’s Authority is paying $1.67;

Whereas Regulation 282/98 has not altered the PILT rate since 2001, resulting in dramatic shortfalls of revenue for the City;
Whereas no PILTS are paid on freight traffic at the busiest airport in Canada based on cargo traffic - traffic that puts extraordinary pressure on the infrastructure around the airport;

Whereas there are a significant number of other issues that must be addressed in an MOU which the GTAA has steadfastly refused to address until they need the City’s co-operation on a Regional Transit Centre;

Therefore Be It Resolved:

1. A full presentation be prepared to include the Education Session of November 22, 2017, today’s staff report and correspondence from the GTAA including the Mississauga/GTAA MOU Background attachment with the City Solicitor’s clarifications and be immediately forwarded to the Ontario Minister of Finance with a request for a full review of Regulation 282/98

2. The same package be forwarded to the Federal Minister of Transport with a request that none of the lands purchased by the GTAA for non-airport use be transferred to the Crown and that they pay market value property taxes and follow normal municipal development process and pay all related fees and charges

3. A full presentation be forwarded to the GTAA with a request for an immediate meeting with City Staff
   a) to begin laying out the parameters for the MOU that fulfills the directive of Transport Canada for an agreement which will be satisfactory to the City of Mississauga Staff and Council and
   b) to resolve the Stormwater charge standoff through mediation.

4. Notice be sent to the GTAA that there will be no further discussions or co-operation between the GTAA and the City of Mississauga regarding their desire to collaborate on a plan for the GTAA’s Regional Transit Centre at Toronto Pearson Airport (by 2027), which proposes to integrate a number of transit lines, across various municipal systems including another hub for MiWay until such time as an MOU satisfactory to both parties has been negotiated and approved.

5. A communications plan be developed to share crucial facts with the residents of Mississauga in a clear and concise form.

Resolution on NAFTA

Whereas Canada and the United States are allies with a long history of working cooperatively together; and

Whereas Canada and the United States have enjoyed a free trade relationship for over 30 years that has resulted in economic prosperity for both countries; and

Whereas the United States is Canada’s largest trading partner with the value of trade between Canada and the United States reaching $673 billion in 2017; and

Whereas Mississauga is a global city, home to over 90,000 businesses, including 73 Fortune 500 companies, 1,400 multi-national firms, and 87,000 small and medium sized businesses, all of which rely on a free and fair trading relationship with the United States; and

Whereas the United States has recently announced tariffs on important materials such as steel and aluminium, forcing Canada to impose retaliatory tariffs on American products; and

Whereas these tariffs will have a negative impact on local businesses, especially manufacturers; and

Whereas the current administration in the United States has engaged in unfair criticism of the Canadian government and has threatened to “punish” Canadians with further tariffs...

Therefore be it resolved that

The Council of the City of Mississauga supports the position of our federal government to advocate for a fair free trade deal between Canada and the United States that benefits Canadian businesses, workers, and consumers; and

That the Mayor forward this resolution to the Prime Minister and the Ministers of International Trade and Foreign Affairs; and

That the Mayor will work with cities in the United States, with which Mississauga has close economic ties, and our local businesses with close financial ties to the United States, to underscore the importance of striking a balance and reaching a fair free trade deal for both countries.
Notice of Motion – MFES Electrical Wrap

Whereas May 3, 2018 marked the 50th anniversary of Mississauga’s award winning Fire and Emergency Services; and

Whereas the Garry Morden Centre in Ward 9 is home to the Mississauga Fire and Emergency Services state of the art training and mechanical operations centre; and

Whereas, the Mississauga Arts Council coordinated a highly successful Boxes and Banners project in 2017 to wrap or paint utility boxes in the City with artwork commemorating important heritage milestones within the City; and

Whereas the Councillor for Ward 9 wishes to commemorate the 50th anniversary by wrapping the electrical box in front of Station 111 with suitable art utilizing the dedicated Ward 9 infrastructure funds.

Therefore, be it resolved that Council approve a grant of no greater than $5,000.00 to the Mississauga Arts Council to be allocated from the 2009 Special Capital Project Reserve Fund #35574 to fund the costs of creating, fabricating and installing a commemorative wrap of the Alectra box in front of Fire Station 111 to mark the 50th anniversary of Mississauga Fire and Emergency Services; and

That $5,000.00 be returned to the 2009 Special Project Capital Reserve Fund #35574 from PN18345, Park Improvements-Ward 9, resulting in a revised budget of $295,000 for PN 18345.
WHEREAS Council adopted Resolution 0086-2018 on April 25, 2018 regarding Boxed Soccer Field and Sole Contract Award;

AND WHEREAS Resolution 0086-2018 identifies the incorrect Project Number and Account Number;

NOW THEREFORE BE IT RESOLVED:

THAT part 2 of Resolution 0086-2018 be replaced with the following:

“That Project Number (PN) 18350 Boxed Soccer Field be established with a gross and net budget of $200,000 funded from the Developer Contribution reserve fund 35219"
