Staff will report back to Council after an analysis has been done.

19.4. Clean City

Councillor Damerla expressed concerns regarding the lack of how clean the City is and inquired if on-street garbage bins have been decreased. Paul Mitcham, Commissioner of Community Services responded by stating that the waste bins are reduced at the City parks during the winter season due to accessibility restrictions. Mr. Mitcham also noted the boulevard maintenance program, which consists of litter pick up on the boulevards. Geoff Wright, Commissioner of Transportation noted that street receptacles have not been reduced, however will work with Councillor Damerla’s office to have more waste bins installed in designated areas.

Councillor Damerla requested a summary on the population increase in the City over the last 5 years in conjunction to the increase number of garbage bins within that time frame. Councillor Fonseca inquired about the timing and coordination of restoration regarding major regional projects. Residents are concerned about the efficiency and the lack of communication between the City of Mississauga and Region of Peel. For example; the sanitary work on Ponytail Drive and Rathburn Road – residents expressed concern regarding the trees planted on that boulevard last fall only to have those trees be
affected by the current sanitary work. Geoff Wright, Commissioner of Transportation and Works responded stating that regular meetings are held with the Peel Region in terms of coordination to ensure the Region’s capital program is aligned with the City’s capital program from a restoration basis. If the project is conducted by the Peel Region with no City involvement, the restoration process falls solely onto the Region of Peel to help coordinate with the City.
