2. That the tax adjustments outlined in Appendix 1 attached to this report for applications for cancellation or refund of taxes pursuant to Sections 357 and 358 of the *Municipal Act*, be adopted.

Background

Sections 357 and 358 of the *Municipal Act, 2001, S.O. 2001, c.25* allow a property owner or the Treasurer to make an application for the cancellation, reduction or refund of taxes for a number of specific reasons. Taxes may be adjusted when a building has been demolished or razed by fire or if a property has become exempt, changed class or has been overcharged by reason of gross or manifest error.

Comments

A total of 86 applications for tax adjustments have been prepared for Council's consideration.

The total cancellation or refund of taxes as recommended is \$ 277,040.54. Appendix 1 outlines the tax cancellations being recommended by property and summarizes by appeal reason the number of applications and tax dollars recommended for reduction.

Following Council's decision, a Notice of Decision will be mailed to all residents and their taxes will be adjusted accordingly. With the exception of Section 358 tax appeals, if the applicant disagrees with the amount of the tax adjustment, they have 35 days from the date of the Notice of Decision to appeal Council's decision to the Assessment Review Board. Council's decision with respect to Section 358 tax adjustments is final.

Subject

Apportionment of Taxes

Recommendation

1. That the report of the Commissioner of Corporate Services and Chief Financial Officer dated April 29, 2019 entitled Apportionment of Taxes be received.
2. That the recommended apportionment of taxes and payments set out in Appendix 1 attached to this report be approved.

Background

Section 356 of the *Municipal Act* allows a local municipality to apportion taxes if land which was assessed in one block at the return of the assessment roll is subsequently divided into two or more parcels and to direct what proportion of any payment of taxes is to be applied to each of the parcels.

Comments

The Municipal Property Assessment Corporation (MPAC) has advised of a number of properties that have been divided into parcels subsequent to the return of the assessment roll. Section 356 of the *Municipal Act* provides for taxes levied on the land to be apportioned to the newly created parcels. In addition, the municipality is to direct what proportion of any payment of taxes is to be applied to each of the parcels.

In accordance with section 356(1) of the *Municipal Act*, taxes levied on the land for the year in which the property is divided and any unpaid taxes for years prior to that year have been proportionately apportioned to the newly created parcels based on the relative assessed value of the parcels as determined by MPAC. Supplementary taxes levied for the year in which the property was divided have been allocated to the parcel to which they pertain.

Council	2019/04/29	2
---------	------------	---

All payments applied to the property tax account being apportioned, from the year of the land division to date, must be allocated to the appropriate parcels. Payments have been allocated based on the parcel that payment was intended for or distributed proportionately among the parcels if the payment was intended for the entire block.

A Summary of Apportionment of Taxes listing newly created parcels and the recommended apportionment of taxes and payments is provided as Appendix 1.

Owners of the apportioned lands have been sent notification. Property owners have the right to appeal the decision of Council to the Assessment Review Board.

Financial Impact

Not Applicable

Conclusion

There are a number of properties that were assessed in one block at the return of the assessment roll and subsequently divided into parcels. The *Municipal Act* requires Council to approve the apportionment of taxes and allocation of payments subsequent to the division of property.

May 8, 2019

Dear Madame Mayor and Mississauga City Councillors,

I am the founder and Managing Director of Blooming Boulevards and am writing in support of the motion before council to waive the boulevard garden permit fee required by By-Law 0057-2004. A three-year fee waiver will facilitate a successful Pilot Phase of our new Blooming Boulevards Pollinator Garden Project.

A Project overview document is attached which includes mission and goals as well as project plan, map, designs and specifications.

We have 15 people on our strong core management team, comprised of local leaders, Master Gardeners, certified Horticulturists, lawyers, accountants and project managers. Our project partners are the Small Arms Society and the Toronto Region Conservation Authority. Members of Cloverleaf Garden Club and Mississauga Master Gardeners are offering support as well.

We are off to a very successful start with a very positive and enthusiastic response from our local community. More than thirty people have registered with us to have a boulevard garden installed and more have signed up for training so they may join volunteer teams.

We have been propagating locally sourced seeds and now have enough native plants to enable installation of at least 15 gardens this spring.

Mississauga residents want to grow native wildflower gardens on their boulevard because they see this was a way to help preserve local pollinators. The entire city will benefit from when project's goals are realized. We hope that the permit fee can be waived so that residents can feel proud of their City's support for their efforts. This gesture will also help those who are joining the Blooming Boulevards project maintain confidence in their decision to participate.

I believe that residents putting time and effort into new boulevard gardens that will provide such vital ecological services to the City should receive a permit fee waiver, and hope that you will agree.

Sincerely yours,

Jeanne McRight

RE: Graham Walsh
Deputy City Solicitor

Dear Janice,

On behalf of 32 Canadian Brigade Group and the 4th Canadian Division I would like to express my sincere gratitude and appreciation for the support that you have provided to Canadians in need by permitting Lieutenant-Colonel Graham Walsh to lead our Force during the recent emergency flood operations in Ontario.

As you know, Lieutenant-Colonel Walsh is a member of the Canadian Army Reserves and he has been for many years. He is a very senior member of the defence team where he is both the Commanding Officer of the Toronto Scottish Regiment and the Commanding Officer of our Domestic Operations Battalion for the Brigade.

When a number of Canadian communities urgently called for aid, our Brigade of Army Reserves quickly mobilized and responded with soldiers in less than 24 hours. This was only possible through the kind and generous support of employers like yourself. We know that emergencies of this sort and periodic training can be disruptive to your work place. Nevertheless, your support enabled Graham to deploy swiftly to help other Canadians in need. There are not many people who are trained to do what Graham can do.

Such was Graham's position that he began by commanding a company of 120 soldiers. Over the two weeks, these numbers surged until Graham was commanding a Battalion of over 700 soldiers. At its peak, Graham was the Land Component Commander of all Canadian Armed Forces deployed in National Capital Region and the Ottawa valley. His work was very impressive. We are very proud of him as we hope you are.

The Army Reserves in Canada remain agile and able to respond to both domestic and international crises thanks to the support of employers. I wish to thank you for your unwavering support in this time of crisis.

Very respectfully,

NOTICE OF MOTION FOR MAY 22, 2019

CParrish 152.

Whereas each Councillor knows his or her community best and is therefore uniquely aware of potential projects within local communities; and

Whereas each Councillor is therefore able to prioritize potential projects within an individual ward, understanding which will meet the needs of the widest cross-section of their community; and

Whereas there is always a need for local, publicly-accessible facilities and amenities that may not be a priority for the City as a whole; and

Whereas advancement of these local projects, to take advantage of the 2019 construction season, would be beneficial to the community;

Therefore be it resolved:

A fund of \$2 million per ward be assigned as soon as is feasible, funded from the Tax Capital Reserve, to be used at the discretion of each local Councillor, who shall adhere to the following guidelines in assigning funds to projects:

- Capital projects currently unfunded or underfunded in the 2019-2020 budgets;
- Projects that can be completed, or close to completion, by the end of this Council term; at which time unused funds will be returned to general revenue;
- Projects that fall into the generally accepted categories of federal or provincial infrastructure programs such as recreation, tourism, transit etc.;
- The projects recommended in each ward be presented at a regular Council meeting for information and accounting purposes.

Motion: May 22, 2019

Whereas the AVRO Arrow was designed and built in the Village of Malton by the A.V.Roe Canada Corporation, establishing Canada as a world leader in research and development as of March 25, 1958; and

Whereas this year marks the 60th Anniversary of "Black Friday" when Prime Minister John Diefenbaker cancelled the AVRO Arrow program and ordered the destruction of all traces of it's existence - six jets as well as all parts and plans; and

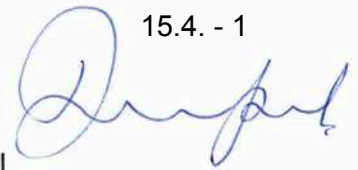

Whereas the Malton B.I.A. commissioned and funded the engineering drawings and budget estimates for a full-sized, wind and ice resistant metal Arrow to be displayed on a 60 foot pedestal at the City owned Legion Garden in Paul Coffey Park, Derry Road East, Malton; and

Whereas building the Arrow serves several significant purposes:

- It honours Malton's vibrant aviation history that began with Britain's entrusting it's junior ally - using farmers and shop keepers - to build over 600 of their Lancaster Bombers and trainers in World War II;
- It commemorates a fully Canadian designed and built supersonic jet - the most powerful and fastest long-range, all-weather fighter in existence at that time - years ahead of the technology of the day;
- It provides a significant landmark for Mississauga, clearly visible to passengers flying in and out of Pearson International Airport;
- It will greatly improve the condition of one of the most economically challenged and isolated communities in our City, by attracting tourists to view the only full-sized model on display.

THEREFORE IT BE RESOLVED

Council approve up to \$30,000 from the Municipal Accommodation Tax Reserves for a consultant to work with the City's tourism staff to create a Tourism and Marketing Plan, and a Business Rationale, to assist with the grant applications needed to realize a joint City/Malton B.I.A. project of this magnitude.
