0163-2019

Moved by: K. Ras

Whereas Armagh is the only provider of transitional housing in the Region of Peel dedicated to female victims of domestic violence and their children;

Whereas Armagh currently has nine units in Peel Region and this new project will more than double the capacity of the existing program at Armagh, increasing the housing and support services available;

Whereas this project will create an additional 10 new transitional units and programming space at Armagh's current location in the City of Mississauga;  
Whereas the land costs have been removed given it is an expansion of an existing facility;

Whereas On January 25, 2018, Regional Council authorized to New Affordable Transitional Housing be awarded to Armagh in the amount of \$5,255,862.

Whereas the City and Mississauga has the ability, and has in the past, granted relief for the City's portion of the overall development;

Whereas Armagh had to go through extensive delays as a result of a Local Planning Area Tribunal Appeal;

Whereas the costs budgeted for development charges have increased along with the projected costs of the development;

Therefore Be It Resolved:

Authority be delegated to the appropriate City staff to utilize such mechanisms available to the City to grant relief from the payment of City DCs and City DC Stormwater Charges up to \$374,122 for the City's portion of the transitional housing for victims of domestic violence;

Authority be delegated to appropriate City staff to defer the construction of tree protection hoarding to prior to building permit rather than prior to site plan approval given the large extent of tree hoarding required on the site;

Further, that this motion be sent to Regional Council in order to support a similar motion before Peel Regional Council, to request a grant of the Regional DC up to \$362,436.

Further, that Armagh and the Region of Peel continue to find alternate funding sources prior to any City funds getting dispensed.
