## **MATTERS SUBJECT TO DEBATE AND DISCUSSION**

### 11. **PRESENTATION OF COMMITTEE REPORTS**

#### 11.2. General Committee Report 16 - 2019 dated October 2, 2019

Councillor Starr spoke to the proposed neighbourhood speed limit reduction and noted he had received feedback from residents and they are content with the speed limit being reduced to 40 kilometres per hour.

Councillor Damerla spoke to broadening the areas for the reduced 40 kilometre per hour speed limit and raised a question as to why only parts of each ward was picked.

Councillor Fonseca spoke to the boundary set for the Applewood neighbourhood and raised concerns regarding the dividing line of the neighbourhood set by staff.

Councillor Kovac spoke to expanding the neighbourhood boundaries and spoke to concerns raised by residents. Councillor Kovac raised a question regarding arterial roads in neighbourhoods and whether the speed limits of those roads will be reduced.

Councillor Saito spoke to the Road Safety Committee supporting the report to reduce neighbourhood speed limits, however, the committee was dissatisfied with the amount of time it would take to implement City-wide. Councillor Saito spoke to budget and staffing to assist in quicker implementation.

Mayor Crombie spoke to the City of Toronto implementing 30 kilometres an hour in neighbourhoods and raised a question as to why 40 kilometres was chosen and not 30 kilometres.

In response, Colin Patterson, Supervisor, Road Safety, spoke to the selection process of choosing the neighbourhoods in each ward noting that the neighbourhoods were

chosen based on the feedback and complaints received from residents. Mr. Patterson noted that arterial roadways will be reviewed on their merits and would not be included in the neighbourhood speed limit reduction. Mr. Patterson also spoke to 30 kilometres per hour speed limit being used in the dense downtown Toronto core and noted it was not chosen as it is a slow speed and would be challenging to enforce.

Helen Noehammer, Director of Infrastructure Planning & Engineering Services, spoke to starting with the 11 chosen neighbourhoods first for the reduced speed limits then looking at adding more neighbourhoods next Spring.
