Subject

Hurontario LRT Road By-laws (Wards 1, 4, 5 and 7)

Recommendations

1. That all relevant by-laws be enacted authorizing the establishment of public highways on those City-owned parcels of land shown in Appendix 1 attached to the report titled Hurontario LRT Road By-laws, dated October 23, 2019, from the Acting Commissioner of Transportation and Works; and
2. That staff be authorized to register the by-laws on title to the subject lands at the applicable Land Registry Office.

Background

The Hurontario Light Rail Transit Project ("LRT") is a provincially-planned light rail system, developed by the cities of Mississauga and Brampton with Metrolinx. The project will bring 18 kilometres of fast, reliable, rapid transit to the cities of Mississauga and Brampton along the Hurontario Street corridor. The LRT line will have 19 stops with connections to the Milton and Lakeshore West GO Transit lines, Mississauga MiWay, Brampton Züm, and the Mississauga Transitway along Highway 403.

In order to facilitate construction of the LRT, a number of underground and aboveground utilities and boulevard infrastructure such as sidewalks and trees must be relocated within the City-owned parcels of land shown in Appendix 1 (the "City-Owned Lands").

Present Status

The City-owned parcels of land shown in Appendix 1 are not currently part of the public highways along the Hurontario LRT corridor, which include Hurontario Street and several other City roads. Therefore, public utilities and the LRT Project construction company, Mobilinx Hurontario General Partnership ("Mobilinx"), who need access to these lands to relocate utilities and infrastructure, as well as carry out LRT-related work, would each have to negotiate and enter into an agreement with the City to gain access to each of these City-Owned Lands as

Council	10/23/2019	2
---------	------------	---

opposed to being able to use a City-issued road occupancy permit(s), which is intended to cover work within the road right-of-way. Further, as these lands were acquired by the City for road widening purposes, it is logical and recommended to dedicate them as public highway at this time.

Comments

Utilities located adjacent to roads, as well as sidewalks, boulevard trees and travelled portions of the road itself, are all items that are normally situated within the limits of a public highway. Public highway lands allow the public access to the roads and sidewalks, and grants utility companies certain rights to operate, install, repair and maintain their equipment without having to enter into a new agreement in each situation to obtain additional title rights from the City. Being within a public highway further ensures that utility companies must obtain appropriate permit(s) from the City prior to installing, repairing and maintaining their equipment, with these activities therefore subject to the City's terms and conditions as outlined in the permit(s).

As the majority of the LRT construction is to be developed within the confines of primarily the Hurontario Street public highway and a few other public roads, which includes the City-Owned Lands as road widenings, dedicating these lands as public highway will significantly facilitate construction scheduling, as there would be no delays as a result of negotiating the acquisition of property rights, and will provide the necessary protections for utilities and Mobilinx in delivering this project efficiently.

Options

The City can grant access to the City-Owned Lands to utility companies and Mobilinx in two ways:

1. Establishing the lands as part of the public highway; or
2. Entering into an agreement for each parcel of land with each party requesting access.

Option 1

The establishment of these lands as public highway is the most efficient manner in which to facilitate the LRT project and permit future maintenance, and has the requisite processes and protocols already in place for work within a public highway.

Option 2

The granting of agreements for the LRT project over these City-Owned Lands is not recommended as it is intended that these lands be an extension of the transportation system and road network. Further:

- Additional and or alternative future property rights may be required to be provided for any work to be done, which could require further agreements;

- Failure to incorporate these lands as public road would not provide the protection or 'as of rights' to utilities operating outside public highway;
- Leases, licenses and to some extent temporary easements do not provide the necessary bundle of rights to provide efficient and uninterrupted access by those operating or maintaining the LRT in the future; and
- Failure to incorporate these lands as public road may compromise the existing system of ensuring proper permits, protocols and assessments are undertaken in the future, as is the case of working within public highway.

Strategic Plan

The recommendation of this report supports the City's Strategy Pillar of Move: Developing a transit-oriented city.

Financial Impact

The fees associated with establishing the City-Owned Lands as a part of the City's public highways will total approximately \$1,200 with funding available from the Infrastructure Planning and Engineering Division's operating budget.

Conclusion

It is recommended that the City-Owned Lands shown in Appendix 1 be established as part of the City's public highways, which include Hurontario Street and several other City roads, to provide utility companies and Mobilinx with access to the City-Owned Lands through a City-issued permit(s) in order to relocate utilities and infrastructure, and to undertake LRT project work and operation and maintenance activities in the future. The option of granting agreements over these lands is significantly more time consuming and costly and would potentially cause significant delays for the Hurontario LRT project.

Re: "Letter of Municipal Significance" for AGCO Special Occasion Permit for Sporting Event to be held on November 23rd, 2019

Event: Pinnacle Fight League – ***"Fight Night in the 6ix"***

Special Note: ACGO SOP application – Public Event File Number #798068

This letter is to provide the Mississauga City Council with the details of the special event I have organized to take place in the City of Mississauga on November 23rd, 2019. I'd also like to make a formal request for the City Council to please provide a letter stating the event's *"Municipal Significance"* to complete the S.O.P. (Special Occasion Permit) as required by the AGCO. Note ACGO SOP application – Public Event File Number #798068

I have organized an amateur fight event to be held at the Eros Convention Center located at 2360 Lucknow Dr. Mississauga ON L5S 1H3 to take place on November 23rd, 2019 between the hours of 5pm and 11:30 pm. This event is an Amateur Pankration contest (sport that combines striking and wrestling together) which is classed as an *Amateur Combative Sport in Ontario* and this event has been sanctioned by the **O.G.A. Ontario Grappling Association**.

This event is expected to draw upwards of 36 competitors from all across Ontario and we are hoping for a crowd of 250 to 400 people. The Eros Convection Center can hold a capacity well above 500 but we have set 400 as our maximum number which includes competitors, event staff, volunteers, security staff, judges and a doctor. St John Ambulance will also be on site for the entire duration of the event. This is a 19 + event, we will only sell alcohol inside the Eros Convention Center, all bartenders will be experienced with *Smart Serve certifications*. I also am the proud owner of *Pinnacle Security Services Inc.*, which has vast experience with large-scale events and festivals. There will be no less than 10 Licensed Pinnacle Security Guards who will also possess their *Smart Serve certifications*.

The goal of this event is to provide amateur athletes with the opportunity to compete in a safe and supervised environment. With the proper sanctioning by the OGA all athletes are screened medically in advance, having to pass blood testing and a "day-of" physical to ensure they are fit to compete. This event will provide a platform for Ontario athletes to gain valuable experience and possible sponsorship opportunities. This event also provides a unique entertainment for spectators.

If you have any questions or concerns feel free to contact me at any time.

John Roche – Owner and Director of Operations

**Notice of Motion**

Moved by: Councillor Parrish

WHEREAS Ontario Regional Governments are made up of many small clustered municipalities; and

WHEREAS both Mississauga and Brampton are much larger individual entities than the total populations of every Ontario regional government with the exception of York Region; and

WHEREAS regional government was originally intended to assist these clusters of smaller municipalities with purchasing, planning, and many other services; and

WHEREAS Mississauga is the third largest city in Ontario and the sixth largest in Canada – large enough not to need for economies of scale; and

WHEREAS it can be demonstrated the Region of Peel in fact wastes resources through duplication of staff, departments and services that can be efficiently handled at the City of Mississauga; and

WHEREAS Mississauga contributes tax dollars (59.8%), to the operating budget of the Region of Peel in excess of its population numbers (55.3%) its number of Councillors do not represent either representation by population nor taxation without representation; and

WHEREAS the City of Mississauga is devastated by the recent decision to leave the Region of Peel unchanged and the City of Mississauga trapped in a decidedly archaic, unfair governance model;

THEREFORE BE IT RESOLVED:

That the City of Mississauga seeks an immediate review of the number of Councillors that comprise the Region of Peel Council;

That the Province commit to ordering the separation of the City of Mississauga for the 2022 municipal election;

That studies into efficiencies in service, such as the funding of Peel Regional Police, be completed before separation in 2022.

16.2. - 1

WHEREAS the Mayor, Members of Council and staff at the City of Mississauga are saddened to learn of the passing on Monday October 7, 2019 of Antonio (Tony) Maraschiello; and

AND WHEREAS Tony actively served on the Mississauga Public Library Board for the past three terms;

AND WHEREAS Tony is fondly remembered by his fellow Board members and Library staff as an engineer and business leader, who exercised a passionate commitment to the important role and evolving potential of public libraries for Mississauga communities.

AND WHEREAS Tony strongly and frequently advocated for opportunities for seniors, newcomers, and library staff to share their skills and life experiences to mentor others in the community as well as for removing barriers to learning for all residents through library programs and services.

AND WHERE AS his rich life insights, willingness to share his perspective and desire to make a difference will not be forgotten.

AND WHEREAS Tony was also a devoted son, father and grandfather and will be deeply missed;

NOW THEREFORE BE IT RESOLVED that sincere condolences be extended on behalf of the Mayor, Members of Council, and staff of the City of Mississauga to Tony Maraschiello's family.
