July 22, 2020

Dear Heads of Council and Chairs of District Social Services Administration Boards:

In March, our government introduced the *Protecting Tenants and Strengthening Community Housing Act, 2020* (Bill 184), which supports the government's plan to make life more affordable for Ontarians. Since that time, our government has been focussed on the health and well-being of Ontarians as we navigate through the COVID-19 outbreak.

It is with great pride that I am able to share with you the progress we have made on Bill 184. On July 22, 2020, the *Protecting Tenants and Strengthening Community Housing Act, 2020* received Royal Assent.

The Act contains amendments to the *Residential Tenancies Act, 2006*, *Housing Services Act, 2011*, *Building Code Act, 1992* and includes the *Ontario Mortgage and Housing Corporation Repeal Act, 2020*.

As I highlighted in my March 12, 2020 letter these amendments support the following priorities:

- [\*\*More Homes, More Choice: Ontario's Housing Supply Action Plan\*\*](#) to make it faster and easier to build housing, including rental housing, and to build the right types of homes in the right places;
- Part II of the [\*\*Community Housing Renewal Strategy\*\*](#) – a multi-year strategy to stabilize and grow Ontario's community housing sector; and
- **Transforming the Delivery of Building Code Services** by enabling the future creation of an administrative authority that would help deliver faster and better services to promote the safe construction of buildings in Ontario.

More details on the *Protecting Tenants and Strengthening Community Housing Act, 2020* can be found in the [official news release](#). A copy of the Act will be available on the Ontario e-Laws website shortly ([www.ontario.ca/laws](http://www.ontario.ca/laws)).

On behalf of our government, I would like to extend our thanks for your work with the ministry leading up to the passage of this Act. We look forward to continuing to work with all of our municipal partners and are committed to continuing discussions with you in the coming months.

Sincerely,

A handwritten signature in blue ink that reads "Steve Clark".

Steve Clark  
Minister

July 30, 2020

Dear Mayors Brown, Crombie and Thompson,

Thank you for all your support in our ongoing pandemic response to protect the health and safety of Peel residents. With your strong leadership, we have averted a worst-case scenario in Peel and have positioned our Region well for a successful restart and recovery. This includes, the recent passing of temporary by-laws mandating mask and face coverings in each of your municipalities.

As you know, transmission risks in food and beverage establishments, as well as fitness facilities remain a significant concern as we move into Stage 3. These establishments have been linked to COVID-19 exposures in Canada, the United States, and elsewhere in the world. In some instances, restrictions had to be re-imposed to prevent further transmission.

In addition, there continues to be confusion about mask use and non-compliance in the shared spaces in condominiums and apartment buildings.

Together, we recently advocated to the Province for restrictions in food and beverage establishments, as well as fitness facilities, to be added to their emergency order for Peel and other large urban areas to protect patrons and workers in these settings.

Since the Province has not moved forward with increased restrictions, I encourage you to consider supporting by-laws to help reduce the risks that come from close contacts in these highly social settings. These recommendations align with Toronto's, so residents, businesses and visitors have consistency across municipal borders.

#### **For food and beverage settings**

1. Patrons should always stay seated, other than to enter or exit, travel to or from the washroom, or pay.
2. Occupancy limits should be reduced to a maximum number where physical distancing can be easily maintained and no more than 100 people.
3. No more than 10 people can sit together at the same table.
4. Closing time and last call should come earlier (e.g., last call at midnight).
5. Employees should always use face coverings, worn appropriately

#### **For fitness facilities and gymnasiums**

1. Occupancy limits should be reduced to a maximum number where physical distancing can be easily maintained and no more than 50 people inside (total, including staff).
2. Facilities should introduce a reservation system for users that manages access to the spaces and enforces occupancy limits.
3. Facilities should strictly monitor and enforce 2 metre distancing between participants in all group classes, or not offer classes at all.
4. All equipment provided to users of the facility must be cleaned and disinfected between each use.
5. Employees and patrons should comply with local by-laws for use of face coverings, including any applicable exemptions.

## **Health Services**

**For both food and beverage, and fitness establishments**

1. Employers should introduce mandatory screening for all employees prior to their shifts.
2. Employers must also:
  - a. Maintain a client log for all guests or patrons and gather contact information, check in/out times and in the case of food and beverage establishments, also note table number;
  - b. Store the log for 30 days; and
  - c. Make the log available to Public Health, when requested, for the purpose of contact tracing.

**For condominiums and apartment buildings**

I recommend the following amendments to your municipal face covering by-laws:

1. Face coverings should be worn appropriately at all times in all communal spaces in condominiums and apartment buildings, including (but not limited to) entrances, lobbies, party rooms, laundries, hallways, staircases and elevators.
2. Residents, visitors and employees should comply with local by-laws for use of face coverings, including any applicable exemptions.
3. No more than two people should be in an elevator at any time, except family parties with children, attendant care aides where individuals cannot travel in the elevators alone or first responders attending an emergency call. When two people are in the elevator together, they should stand spaced apart, each in opposite corners of the elevator.

It is my recommendation that these be explored by all municipalities for inclusion in potential by-laws that could supplement the face covering by-laws already in force.

This letter is intended to provide guidance for matters which I consider should be addressed, and not necessarily technical language for inclusion in the recommended by-laws.

In preparing by-laws for enactment in accordance with this guidance, I would urge that consideration be given to consistency between enactments of neighbouring municipalities both within and in the vicinity of Peel. I believe there is a public health benefit in achieving consistency in the measures for residents, workers and businesses, as they move freely across municipal borders.

With my most sincere regards,

**Lawrence C. Loh, MD, MPH, FCFP, FRCPC, FACPM**  
Medical Officer of Health  
Public Health, Health Services  
Region of Peel

**RE: Permission to broadcast religious hymns and observe religious processions from August 11, 2020 to September 1, 2020 (on the upcoming Hindu festivals of Krishna Janmashtami, Ganesh Chaturthi and Onam)**

Dear Mayor and City Councillor's,

Hindu Forum Canada, hereby, intends to seek permission to broadcast religious hymns once a day and observe a round of religious processions to celebrate the upcoming Hindu festivals of Krishna Janmashtami, Ganesh Chaturthi and Onam starting from August 11, 2020.

Hindu Forum Canada seeks to receive gesture that would allow the local Mandirs (Hindu Temples) to broadcast religious hymns, Gayatri Mantra and Hanuman Chalisa once a day from August 11, 2020 to September 1, 2020, for the purpose of allowing Mississauga (and other) Hindus to celebrate the auspicious occasions of Krishna Janmashtami on August 11, 2020, Ganesh Chaturthi on August 22, 2020 and Onam on August 31, 2020 respectively. Due to the restrictions and challenges posed by COVID-19 pandemic, our Hindu diaspora (relocated followers) have not been able to attend Mandirs (Hindu Temples) or observe their religious ceremonies – and thus have been deprived of experiencing much of their culture, religious practices and the experience of having their religious songs being sung publicly during these trying times. Therefore, permitting the Mandirs in the region to broadcast religious hymns at Arti time in the evening at 7 PM for 5 minutes and stage a limited number of religious parades once a week will act as a source of comfort, especially to the seniors who are at a greater risk of infection by COVID-19 and are unable to leave their homes, even now when the economy has at least partially started to re-open.

Sincerely,

Rao Yendamuri,  
President  
Hindu Forum Canada
