MATTERS CONSIDERED

1. Request to Alter 1060 Old Derry Road
Memorandum dated July 16, 2019 from Michael Tunney, Manager, Culture and Heritage Planning, Culture Division

The subcommittee discussed different options for asphalt for the rear and side yards. The owner preferred the crushed gravel option and advised that he would have the architect discuss this option with the Building Department. Paula Wubbenhorst, Heritage Planner, advised that Heritage staff would support gravel and advised that the recommendation should be amended to allow for gravel, porous and regular asphalt. The subcommittee supported the amendment.

RECOMMENDATION

MVHCD-0001-2019

That the request to grade and pave the rear and side yards of 1060 Old Derry Road with gravel, porous and regular asphalt be approved.

Approved, as amended (G. Young)

2. Request to Alter 7060 Old Mill Lane
Memorandum dated July 16, 2019 from Michael Tunney, Manager, Culture and Heritage Planning, Culture Division

Jesse de Jager, Credit Valley Conservation (CVC), provided the subcommittee with an update in regards to the re-zoning application for this property. Subcommittee members supported the restricted zoning regulations proposed in re-zoning application. Mr. Jager, advised that with the restricted zoning regulations outlined, it would be difficult for a new owner to make changes to the plan that do not fit in the proposed guidelines.

RECOMMENDATION

MVHCD-0002-2019

That the request to: alter the lot line of 7060 Old Mill Lane; demolish the existing garage; and install fencing along the property to be retained, be approved.

Approved (G. MacKinnon)
