2800 Erin Centre Blvd. 905-615-4750

Registered
Program

FREE

Award winning author Etta Kaner presents her book "*Friend or Foe: the Whole Truth about Animals That People Love to Hate*". She discusses the negative and positive sides of animals such as rats, cockroaches, leeches, snakes, etc. and then asks students for their opinions – friend or foe.

Etta then shares the secrets of how written voice and book design are used to **persuade** the reader to agree with a certain perspective.
