

Welcome!

MiWay's 2019 service plan helps advance the City's strategic pillar of developing a transit oriented city. In 2019, MiWay will focus on **'Strengthening the Grid'** by improving service frequency and revising routing.

The **MiWay Five Transit Service Plan (2016-2020)** is shifting Mississauga's transit system to a grid network that allows for more frequent buses along main corridors and delivers more direct services.

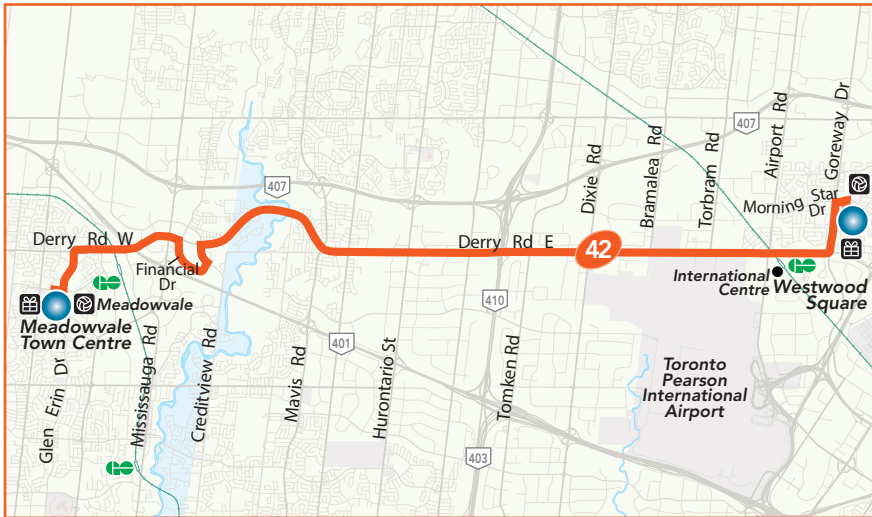

Talk to our staff to learn more about the 2019 service plan.

The MiWay 5 plan will deliver 10 benefits to customers that will be implemented through planned service, every 6 to 8 weeks over the next five years.
